

Samaritan Choice Plan

2020 FORMULARY

(List of Covered Drugs)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN

This formulary was updated on 12/01/2020. For more recent information or other questions, please contact us, Samaritan Health Plans at 1-800-832-4580 or, for TTY users, 1-800-735-2900, daily 8 a.m. to 8 p.m., or visit <https://choice.samhealthplans.org/>.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

This document includes a list of the drugs (formulary) for our plan, which is current as of 12/01/2020. Drugs in the Formulary are subject to change throughout the year, upon review by the Pharmacy & Therapeutics Committee. You will receive notice for negative changes. You must generally use network pharmacies to use your prescription drug benefit.

What a Formulary (drug list)?

A formulary is a list of covered drugs selected by a plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Samaritan Health Plans will generally cover the drugs listed in our formulary if the drug is medically necessary, the prescription is filled at a Samaritan Health Plans network pharmacy, and other plan rules are followed.

Can the Formulary (drug list) change?

Generally, if you are taking a drug on our 2020 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2020 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released.

If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 60 days before the change becomes effective. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Agents". If you know what your drug is used for, look for the category name in the Table of Contents. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index. The Index provides an alphabetical list of all the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Samaritan Health Plans covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Samaritan Health Plans requires prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.
- **Quantity Limits:** For certain drugs, Samaritan Health Plans limits the amount of the drug that our plan will cover. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Samaritan Health Plans requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.
- **Morphine Equivalent Dose (MED):** Morphine is considered the "Gold Standard" of opioids. MED allows prescribers, pharmacists, and patients to compare different opioid medications to each other. Samaritan Health Plans may use the MED calculation to limit the amount of opioid medication that is covered.

You can find out if your drug has any additional requirements or limits by looking in the formulary. You can also get more information about the restrictions applied to specific covered drugs by visiting our Website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

Your prescriber can ask Samaritan Health Plans to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How to request an exception to the Samaritan Health Plans Formulary?" on page 4 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Service and ask if your drug is covered.

If you learn that Samaritan Health Plans does not cover your drug, you have two options:

- You can talk to your provider about similar drugs to treat your condition and check the formulary to determine if they are covered by Samaritan Health Plans.
- Your provider can ask Samaritan Health Plans to make an exception and cover your drug. See below for information about how to request an exception.

How to request an exception to the Formulary?

Your provider can ask Samaritan Health Plans to make an exception to our coverage rules by faxing a request to 1-844-611-3831. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. Exception approvals for non-formulary medications will process at the highest non-specialty copay for non-specialty medications and the highest specialty copay for specialty medications
- You can ask us to cover a formulary drug at a lower cost-sharing level (if the drug is listed on the formulary in the non-preferred tier). If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Samaritan Health Plans limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, we will only approve your request for an exception if the alternative drugs included on the Plan's Formulary or the low-tiered drug would not be as effective in treating your condition and/or would cause you to have adverse medical effects. To help us decide more quickly, your provider should include supporting medical information from your doctor when you submit your medication exception request.

We will make a coverage determination within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests. Your provider can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or have your provider submit a formulary exception to request coverage. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For more information

For more detailed information about your Samaritan Health Plans prescription drug coverage, please review the Samaritan Health Plans website <https://choice.samhealthplans.org/>. If you have questions about Samaritan Health Plans please contact us at 1-800-832-4580 or, for TTY users, 1-800-735-2900, daily 8 a.m. to 8 p.m.

Samaritan Health Plan Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by Samaritan Health Plans. If you have trouble finding your drug in the list, turn to the Index at the back of the book.

The first column of the chart lists the drug name. Brand name drugs are bold (e.g., **STRATTERA**) and generic drugs are not bolded (e.g., ATOMOXETINE HCL). If brand and generic are both covered by Samaritan Health Plan the drug will be displayed as **Brand Name** (Generic Name), (e.g., **STRATTERA ORAL CAPSULE** (ATOMOXETINE HCL)). Brand and generic status columns are referring to the copay tier level of which it will pay at. Please refer for to your Summary of Benefit and Coverage to see your copay amounts.

The information in the Notes column tells you if Samaritan Health Plans has any special requirements for coverage of your drug.

Legend

PA = Prior Authorization Required

ST = Step Therapy Required

QL = Quantity Limit

Opioid Limits:

All Opiates: Maximum of 2 fills in a 60-day period.

Opiate anti-tussive limits:

- Liquids:
 - Maximum of 240ML per fill.
- Tablets/Capsules:
 - Maximum 7-day supply per fill.

Short-acting Opiate (SAO) Limits:

- New to therapy:
 - Maximum of 49 MED.
 - Maximum 7-day supply per fill.
- Experience with therapy:
 - Maximum of 90 MED.
 - Maximum of 2 fills in a 60-day period.

Long-acting Opiate (LOA) Limits:

- PA required.
- Maximum of 90 MED.

VANCOMYCIN HCL IN NAACL INTRAVENOUS SOLUTION 1.25-0.9 GM/250ML-%		Tier 3	
VANCOMYCIN HCL INTRAVENOUS SOLUTION 1250 MG/250ML, 1750 MG/350ML, 500 MG/100ML, 750 MG/150ML		Tier 3	
VANCOMYCIN HCL INTRAVENOUS SOLUTION RECONSTITUTED 100 GM, 500 MG		Tier 3	
VANCOMYCIN HCL ORAL CAPSULE 125 MG, 250 MG		Tier 3	
Gout Agents			
*Gout Agent Combinations***			
COLCHICINE-PROBENECID ORAL TABLET 0.5-500 MG		Tier 3	
*Gout Agents***			
ALLOPURINOL ORAL TABLET 100 MG, 300 MG		Tier 3	
COLCHICINE ORAL TABLET 0.6 MG		Tier 3	
*Uricosurics***			
PROBENECID ORAL TABLET 500 MG		Tier 3	
Hematological Agents - Misc.			
*C1 Inhibitors***			
CINRYZE INTRAVENOUS SOLUTION RECONSTITUTED 500 UNIT	Tier 6		PA
*Hematorheologic Agents***			
PENTOXIFYLLINE ER ORAL TABLET EXTENDED RELEASE 400 MG		Tier 3	
*Phosphodiesterase Iii Inhibitors***			
CILOSTAZOL ORAL TABLET 100 MG, 50 MG		Tier 3	
*Platelet Aggregation Inhibitor Combinations***			
ASPIRIN-DIPYRIDAMOLE ER ORAL CAPSULE EXTENDED RELEASE 12 HOUR 25-200 MG		Tier 3	
*Platelet Aggregation Inhibitors***			
DIPYRIDAMOLE ORAL TABLET 25 MG, 50 MG, 75 MG		Tier 3	

Drug Name	Brand Tier	Generic Tier	Formulary Notes
*Quinazoline Agents***			
ANAGRELIDE HCL ORAL CAPSULE 0.5 MG, 1 MG		Tier 3	
*Thienopyridine Derivatives***			
CLOPIDOGREL BISULFATE ORAL TABLET 300 MG, 75 MG		Tier 3	
Hematopoietic Agents			
*Cobalamin Combinations***			
LIPO-B INTRAMUSCULAR SOLUTION		Tier 3	
VIT B12-METHIONINE-INOS-CHOL INTRAMUSCULAR SOLUTION		Tier 3	
*Cobalamins***			
CYANOCOBALAMIN INJECTION SOLUTION 1000 MCG/ML		Tier 3	
*Erythropoiesis-Stimulating Agents (Esas)***			
ARANESP (ALBUMIN FREE) INJECTION SOLUTION 100 MCG/ML, 200 MCG/ML, 25 MCG/ML, 300 MCG/ML, 40 MCG/ML, 60 MCG/ML	Tier 6
