Your pharmacy benefits

At IHN-CCO, our aim is to make sure that you get the right medicine (drug) coverage that meets your needs. Many prescriptions (drugs) are covered under your Oregon Health Plan drug coverage, but not all drugs are. Some drugs need a prior approval, some have a limit on how much/many you can get at a given time.

How do you know which ones are covered, and which ones are not? This booklet will let you know what drugs are covered. This is known as our formulary or drug list.

Getting started with our drug list

You can fill your drugs at any pharmacy that is contracted with IHN-CCO.

Some important things for you to know and do before you fill your prescription.

- Ask your provider before you leave their office if your drug is covered.
- If IHN-CCO does not cover the prescription your provider has written for you, ask if there is one that is covered that would work for you.
- If it is not covered and you and/or your provider still want us to consider covering it, ask your provider to submit a request for prior approval.
- If we do approve or cannot approve the request for whatever reason, we will let you and your provider know.

If we are unable to approve a requested drug, we will contact you and your provider and tell you about our appeals process.

Our prior approval reviews are done and overseen by licensed clinical pharmacists using IHN-CCO's Pharmacy and Therapeutics (P&T) committee's guidelines. Our P&T committee is made up of practicing doctors and clinical pharmacists.

Filling a prescription

- You can have your prescription filled at any contracted pharmacy in IHN-CCO's network. A list of network pharmacies is available on our website at **IHNtogether.org/Prescriptions**.
- Make sure you show your IHN-CCO Member ID card.
- If IHN-CCO covers the drug, or you received prior approval from us to fill your drug, there will be no copay. If a pharmacy asks you to pay for a prescription that we cover, please call our customer service department before paying for it.

How to use the formulary (Drug List)

There are two ways to find your drug on the formulary:

1. **Medical condition:** The drugs in this formulary are grouped into sections. The sections depend on the type of medical conditions that they are used to treat.

2. **Alphabetical listing:** The Index provides an alphabetical (A-Z) list of all of the drugs included on our formulary.

This document includes a list of the drugs (formulary) for our plan which is current as of 1/1/2024. OHP-IHN-21-2396

Generic drugs

A generic drug works the same as brand name drugs. Most times when there is a generic drug available, its brand name will not be covered.

Restrictions on formulary drugs

Although IHN-CCO has a formulary of drugs we cover, some of them may have some rules about their use and how we cover them. These may include

- **Prior authorization (PA):** You will need to get approval from our plan before you fill your prescriptions. If you don't get approval, we may not cover the drug.

- **Quantity limits (QL):** Our plan limits the amount of the drug that we will cover.

- **Step therapy (ST):** Our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
    - Example:
        - Drug A and drug B both treat your medical condition.
        - We may not cover drug B unless you try drug A first.
        - If drug A does not work for you, we will then cover drug B.

Morphine Milligram Equivalent (MME)

This shows the amount of morphine in milligrams that is equal to the strength of the opioid drug your doctor has prescribed. The Oregon Health Plan has rules in place on how much we can approve at a time if it is your first time taking an opioid.

Over-the-counter (OTC) drugs

IHN-CCO will cover OTC drugs that are on our formulary or drug list. You will need a prescription from your provider for it to be covered.

Drugs not listed in our formulary or drug list

We usually do not cover drugs that are not on our formulary. However, if your provider believes that a drug that is not on our formulary is the best treatment for you, your provider may submit a prior approval to us for review. Usually, your specific drug may be considered for coverage if:

- There is a medical reason you need that particular drug.
- Other drugs on our formulary have not worked for you.

Non-covered drugs

To help you get the most of out of your pharmacy drug benefit, we continually review drugs on our formulary and may add or remove drugs or change our coverage rules on some drugs. If a drug you take is removed from our formulary, we will let you know at least 30 days before the planned change.

There are also certain drugs that are not covered. These include:

- Drugs whose use are not approved by the Food and Drug Administration (FDA).

This document includes a list of the drugs (formulary) for our plan which is current as of 1/1/2024.

- Drugs that are used to treat conditions that are not covered by the Oregon Health Plan.
- Drugs that are covered directly by the state. These are known as the mental health carve out drugs. A list can be found at oregon.gov/OHA/hsd/ohp/pages/policy-pharmacy.aspx.
- Drugs that are used for cosmetic reasons.
- Drugs to help you get pregnant.
- Drugs used for sexual dysfunction.
- Drugs used for weight loss.
- Drugs used for non-medically accepted indications. These uses are considered experimental or investigational.

Extended day supply

IHN-CCO offers an extended day supply of up to 90 days at a time for certain drugs. If a drug qualifies for a 90-day extended supply, it will show on our online formulary. Drugs that qualify:

- Certain generic diabetes treatments.
- Certain generic hypertension treatments.
- Certain generic cholesterol (statins) treatments.
- Birth controls.

We may also allow an additional fill of a drug in the following situations.

- Your drug is lost or stolen or spilled.
- You need extra drug because you are travelling.
- You need an extra supply to keep at work or at school.
- You need extra drug because your dose was changed.

Emergency Supply

You may need a drug that is not covered by IHN-CCO or has rules on how we cover. Your provider or pharmacist may ask for a up to a five-day emergency. To request an emergency supply, please call customer service.

Vaccinations

IHN-CCO covers listed vaccines at the pharmacy for members 19 years of age and older. Members 18 years and younger must go to their provider's office.

For more information

Please review your member materials for more information about your pharmacy coverage.
