BlueCross BlueShield Arizona

Coinsurance Prescription Medication List for Commercial Plans

OPEN Drug List

Blue Cross® Blue Sheild® of Arizona (AZ Blue) offers a prescription benefit design for coinsurance plans. Instead of requiring members to adhere to a strict formulary program, this "open" benefit design provides coverage for all drugs (with the exception of plan exclusions).

Tier	Description
$0	**Preventive Medications** including Women's Prevention (typically $0)
%	**Retail & Mail Order Coinsurance** includes brands and generics
VC	**Variable Coverage** refer to your benefit book as coverage varies by plan
A	**Specialty Medications, Low Cost Share**
B	**Specialty Medications, Moderate Cost Share**
C	**Specialty Medications, Moderately High Cost Share**
D	**Specialty Medications, Highest Cost Share**

This benefit design covers medications with a coinsurance. Coinsurance plans may still include specialty medications at varying cost share tiers.

How Do I Know If This List Applies to Me?

This list is intended to provide general coverage information applicable to most members. Information may not apply to all benefit plans or may vary. Refer to your benefit book or call us if you have questions. If the information in this prescription medication list differs from your benefit plan, the terms of your benefit plan control. If you need to verify medication coverage or requirements, please contact AZ Blue.

Applies To	Does Not Apply To
• The OPEN Drug List *only* (not the Premium PDL Closed Formulary) • Members with plans that include pharmacy benefits administered by AZ Blue • Members with pharmacy cost shares with a single coinsurance level (for plans with additional copay tiers, please view the 3 & 4 Tier Standard Plans Drug List)	• Federal Employee Program® (FEP®) plans • Medicare Advantage (MA) plans • Employer-sponsored plans in our Corporate Health Services (CHS) program • Employer-sponsored plans that have selected a separate pharmacy benefit manager • Plans offered or administered by other Blue Cross and/or Blue Shield plans

What Is Covered?

This is the list of covered medications chosen by the AZ Blue Pharmacy & Therapeutics (P&T) Committee, which is made up of community doctors and pharmacists. AZ Blue covers the medications listed as long as:

- The medication is medically necessary and appropriate
- The medication has been approved by the Food and Drug Administration (FDA) for the diagnosis for which the medication has been prescribed
- The medication is not a benefit plan exclusion

Depending on the specifics of your benefit plan, other conditions may apply, such as requiring the medication to be filled at a AZ Blue network pharmacy.

Additionally, covered medications are subject to limitations, including but not limited to, prior authorization, step therapy, quantity, age, gender, dosage, and frequency of refills.

BlueCross BlueShield Arizona

What May Vary by Plan?

For most members, benefits are not available for the medication classes below. However, some groups may choose to customize their benefits to include some of these medications.

Coverage May Vary by Plan: Medication Classes		
Weight Loss and/or Gain	Fertility/Infertility	Sexual Dysfunction
Excluded Drugs List	Transgender/Gender Reassignment	Other custom benefits

If you need to verify medication coverage or requirements, refer to your benefit book or contact us.

What Is Not Covered?

Certain medications or medication classes are pharmacy benefit plan exclusions, including but not limited to the items below:

- Athletic performance
- Clinic packs
- 'Combination' products, including:
  - Medications packaged with one other or multiple other prescription products
  - Medications packaged with over-the-counter medications, supplies, medical foods, vitamins, or other excluded products
- Cosmetic purposes
- Experimental and/or investigational
- Lifestyle enhancement
- Medical foods
- Medical devices, unless specifically noted in the listing below
- Non-FDA approved, including DESI
- Off-label, unlabeled and orphan medications, unless specifically noted in the listing below
- Over-the-counter (OTC) medications that can be obtained without a prescription, unless specifically noted in the listing below and obtained using a prescription
  - Medications with primary therapeutic ingredients that are sold over the counter in any form, strength, packaging, or name
- Unit-dose packaging, unless that is the only form in which the medication is available

Medications that exceed limitations, including quantity, age, gender, and refill limits, may not be covered. Coverage is not available for medications used to treat a condition not covered under your benefit plan. If a medication does not process at the pharmacy and you do not understand why, please contact us. Medications may reject for many reasons, including member eligibility, exclusion status, quantity, age, gender, dosage, and/or frequency of refill limitations.

BlueCross BlueShield Arizona

How Much Will My Medications Cost?

Benefits and cost sharing for prescription medications vary depending on your benefit plan terms, the medication prescribed, and whether the medication is obtained at a retail pharmacy, a specialty pharmacy, or a mail order pharmacy. Please consult the member benefit plan book and Summary of Benefits and Coverage (SBC) for a complete description of the prescription medication benefit. If the information in this section differs from the applicable benefit plan, the terms of your benefit plan apply.

If your plan does not cover a medication and you obtain it, you will have to pay the full cost of the medication and costs incurred for non-covered medications are not applied to the deductible or out-of-pocket-maximum.

No exceptions will be made regarding the assigned tier of a medication.

When and Why Are Changes Made? How Will I Know?

Medications may change tier throughout the course of the year. AZ Blue's Pharmacy and Therapeutics (P&T) Committee meets on a quarterly basis to review recommended changes and make determinations. Members will be notified of any changes as required by law.

A medication may change tiers for a variety of reasons, including but not limited to:

- Recommendation by the AZ Blue P&T Committee
- Availability of a new generic option
- New clinical information

Mandatory Generics

Many benefit plans require you to purchase a generic drug if one is available. If you purchase a brand name drug when a generic is available you may have to pay the tier 1 cost share plus the difference between the allowed amount for the generic and the brand name medication, even if the prescribing provider indicates on the prescription that the brand name medication should be dispensed. Exceptions are made when a medication is approved through step therapy if all alternative medications have been tried and failed, or when AZ Blue requires the brand name medication to be utilized as the preferred medication. Please refer to your benefit book to determine how this program applies to your plan or contact the pharmacy customer service phone number on the back of your ID card with any questions.

Legal Disclaimer

Information provided is subject to all terms, conditions, limitations, and exclusions of your benefit plan. In the event of any discrepancy, the claims adjudication system and your benefit plan take precedence.

ST: Step Therapy

WEIGHT: Weight Loss and/or Gain Medications *(coverage may vary by plan)*

BlueCross BlueShield Arizona

Utilization Management & Limitation Abbreviations with Explanations

ACA: Affordable Care Act (ACA) Prevention

The ACA requires most group and individual health plans to waive cost share for in-network preventive services, including certain preventive medications and devices. This requirement does not apply to "grandfathered plans." If you do not know whether your plan is subject to this requirement, please contact AZ Blue. If your plan does not have ACA prevention, a cost share will apply.

The United States Preventive Services Task Force (USPSTF) has identified certain medications as the recommended preventive medications.

There are two important things to remember about this mandate.

1. The cost share waiver does not apply if you use an out-of-network or non-contracted pharmacy provider, so make sure to check your pharmacy provider's network status.
2. There are some medications and devices that can be used for both preventive care and to treat a medical condition. Cost share is waived only when the medication or device is prescribed for preventive care.

AL: Age Limit

Coverage may be limited to specific patient age(s) based on recommendations by the Food and Drug Administration (FDA). If a medication is outside of age limits, it will reject at the pharmacy; your provider may request Prior Authorization.

CP: Cancer Parity

If your plan opts into cancer parity, these medications will be covered at the retail & mail order coinsurance level. If your plan opts out of cancer parity, a specialty cost share will apply based on whether the medication is a generic (Specialty Tier A) or a brand (Specialty Tier B).

DS: Days' Supply Limit

Coverage may be limited to specific minimum or maximum days' supply. If a medication is above days' supply limits, it will reject at the pharmacy; your provider may request Prior Authorization.

Additionally, general days' supply maximum apply as noted below:

Retail	Retail-90	Mail Order	Specialty
30 days' supply	90 days' supply	90 days' supply	30 days' supply

Please note, certain benefit plans may not offer retail-90, or retail-90 may be limited to maintenance medications only.

BlueCross BlueShield Arizona

EDL: Excluded Drugs List Medications

Your benefit plan does not cover all medication. Your benefit plan may exclude coverage for medications with one or more principal ingredients that are already available in greater/lesser strengths and/or combinations. Your plan may also exclude medications that only modify the dosage form (tablet, capsule, liquid, suspension, extended release, tamper resistant) for a medication that is already available in a common dosage form.

Coverage for these EDL medications is only available if your plan opts out of this list. The only plans that may choose to provide coverage are large employer plans with an open benefit design. Most plans do not provide coverage. If your plan does not cover these medications and you use them, you will have to pay the full cost of the medication. AZ Blue may update and add to this list at any time.

For each excluded medication, we have also provided examples of alternative options. Any alternatives are subject to normal plan requirements including utilization management and medical necessity. Alternatives are also subject to member cost share requirements such as copayments or coinsurance. Some alternatives may not be covered due to other plan limitations (i.e., because the alternative is available over the counter). If you are currently taking, or have been prescribed, one of these non-covered medications, talk to your prescriber about whether one of the alternatives would work for you.

Be sure to review the *Pharmacy Benefit* section for benefit-specific exclusions and *What is Not Covered* in your benefit book for general exclusions and limitations that apply to all benefits.

To check coverage and copay information for a medication under your plan, visit azblue.com and log into MyBlue. If you do not have access to the website, call the Pharmacy Benefits number on the back of your member ID card.

F: Female Only Gender Limit

FERT: Fertility Medications

Most plans do not cover medications to improve or achieve fertility or treat infertility. However, certain plans provide coverage. If your plan provides coverage for fertility/infertility medications, they will generally be covered at the retail & mail order coinsurance level.

HDHP: High Deductible Health Plan Preventive Medication List

This benefit may be offered to high deductible health plans (HDHPs) designed for use with a health savings account (HSA). It applies only for specific large groups that have elected this benefit.

If you are not certain whether your group has this benefit option, please contact AZ Blue. The list is subject to change at any time, without prior notice. Some medications are available at a retail copay but will still require specialty distribution limited to a maximum of a 30-day supply.

HSA-compatible HDHPs generally require members to satisfy a deductible before the plan begins to pay for any benefits. The only permitted exception to that rule is for preventive care. The plan can pay for covered preventive care benefits before the member has met the high deductible.

The medications noted as HDHP have been identified as those most likely to qualify as preventive, based on U.S. Treasury Department guidance. This list does not include every medication that might possibly be considered preventive or every condition for which a preventive medication may be prescribed.

Neither AZ Blue nor your plan sponsor can guarantee that the U.S. Treasury Department will agree that all of these medications qualify as preventative, particularly when applied to a member's specific medical circumstances. You or your provider may be asked to demonstrate that you are taking a specific medication for purposes regarded as preventive under Treasury Department guidance.

If your plan covers AZ Blue designated prevention medications as a preventive benefit and you have your prescription filled at an in-network pharmacy, your plan will treat these designated medications as preventive. This means you will pay only your applicable copay or coinsurance amount, regardless of whether you have met your deductible. The AZ Blue prevention medication benefit applies only at in-network pharmacies. If you obtain AZ Blue designated preventative medications from an out-of-network pharmacy, your standard prescription benefits, with applicable deductible, coinsurance and copays, will apply. Your cost share payments for preventive medications will count towards your deductible.

If you want any of these listed medications to process under your standard pharmacy benefit instead of your preventive care benefit, please click here. If your medications process under your standard prescription benefit, your costs for applicable coverage will apply.

M: Male Only Gender Limit

PA: Prior Authorization

Certain medications require approval prior to being obtained through your pharmacy benefits. This process is called prior authorization. A prior authorization request must be submitted and signed by your provider. Request forms are found at azblue.com. Click on the *Resource Center* tab, select *Pharmacy* and select *View resources for Standard Pharmacy Plans*. Forms are listed at the bottom of the page by medication name under "Pharmacy Coverage Guidelines and Precertification Forms". If the medication being requested is not listed under the specific forms section, please use the general form listed on azblue.com at the top of the page under *Other Forms and Resources*. Instructions on where to submit the form and the required information is included within the form itself.

Prior Authorization requests are reviewed within 10 business days for standard requests. Requests noted by your provider as urgent are reviewed within 72 hours. If a request is marked as having exigent circumstances the exception request will be reviewed within 24 hours. An exigent request requires a written statement from the prescriber, explaining the reason for exigency.

What is a Pharmacy Coverage Guideline?

The AZ Blue Pharmacy and Therapeutics (P&T) Committee creates pharmacy coverage guidelines, which take into consideration the medical literature. The guideline may state specific limitations, including dosing, gender limits, age limits, or FDA indications for use. If the application of a guideline results in a non-covered claim, the provider has the option to appeal the decision.

Additional information about your pharmacy benefits can be found on azblue.com under *Forms and Resources*. This includes:

- Precertification Guidelines and Forms
- Mail Order Enrollment Forms
- Claim Forms

QL: Quantity Limit

Coverage may be limited to specific quantities per prescription and/or time period based on FDA recommendations. Coverage may also be stricter for controlled substances. If a medication is above quantity limits, it will reject at the pharmacy; your provider may request Prior Authorization.

R&M: Retail & Mail Distribution

Distribution limitations may apply.

- **Retail**—AZ Blue uses Optum's National Network. Generally, all major pharmacy chains operating in Arizona are contracted to provide retail pharmacy services for AZ Blue members. Certain benefit plans may offer a limited network that excludes CVS and Target.
- **Mail order**—AZ Blue does not provide out-of-network mail order pharmacy benefits. OptumRx® Home Delivery Pharmacy is AZ Blue's exclusive mail order pharmacy provider. Complete the Mail Order Pharmacy Form on azblue.com to get started.

SDIS: Sexual Dysfunction Medications

Most plans do not cover medications to treat sexual dysfunction. However, certain plans provide coverage. If your plan provides coverage for sexual dysfunction medications, they will generally be covered at the retail & mail order coinsurance level.

SP: Specialty Pharmacy Distribution

Distribution limitations may apply.

- Specialty medications—Certain medications may require specialty distribution, provided through our exclusive provider Optum Specialty Pharmacy. These medications are covered up to a 30-day supply and include self-injectable, oral, topical and inhaled medications. Specialty medications cannot be filled at retail pharmacies. Please contact Optum Specialty Pharmacy directly at (866) 618-6741 to establish service with them.

If you are currently obtaining a Specialty Medication from a Specialty Pharmacy and need to receive that medication from a retail pharmacy instead, please contact the Pharmacy Benefit Customer Service number listed on your ID card. AZ Blue and/or the PBM will decide whether you are eligible to receive the Specialty Medication from a retail pharmacy instead of a Specialty Pharmacy.

BlueCross BlueShield Arizona

ST: Step Therapy

Step therapy is a limitation that requires you to try preferred medications before the plan will pay for another medication for the same medical condition that the doctor may have originally prescribed. An automated, electronic review of your medication history is performed to determine whether other medications have been tried first for your condition. This ensures clinically sound and cost-effective treatment options are tried. If a prescribed medication does not meet the step therapy criteria, it may not be covered. You should consult with your doctor about alternative therapy. If a medication does not meet the step therapy criteria for automatic approval, it will reject at the pharmacy; your provider may request prior authorization.

WEIGHT: Weight Loss and/or Gain Medications

Most plans do not cover medications to achieve weight loss or gain. However, certain plans provide coverage. If your plan provides coverage for weight loss/gain medications, they will generally be covered at the retail & mail order coinsurance level.

BlueCross BlueShield Arizona

An Independent Licensee of the Blue Cross Blue Shield Association

Notice of Nondiscrimination

Discrimination Is Against the Law

Blue Cross® Blue Shield® of Arizona (AZ Blue) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex (including sex characteristics, intersex traits, pregnancy or related conditions, sexual orientation, gender identity, and sex stereotypes). **AZ Blue** does not exclude people or treat them less favorably because of race, color, national origin, age, disability, or sex.

AZ Blue:

- Provides people with disabilities reasonable modifications and free appropriate auxiliary aids and services to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language assistance services to people whose primary language is not English, which may include:
  - Qualified interpreters
  - Information written in other languages

If you need reasonable modifications, appropriate auxiliary aids and services, or language assistance services, call 602-864-4884 for Spanish and 1-877-475-4799 for all other languages and other aids and services.

If you believe that **AZ Blue** has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with:

Section 1557 Coordinator
P.O. Box 13466
Phoenix, AZ 85002-3466; Call 602-864-2288, TTY: 711
or email us at **crc@azblue.com**

You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, **AZ Blue Section 1557 Coordinator** is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW Room 509F, HHH Building
Washington, D.C. 20201
1-800-368-1019, 1-800-537-7697 (TDD)

Complaint forms are available at http://www.hhs.gov/ocr/office/file/index.html.
This notice is available at AZ Blue's website: azblue.com/nondiscrimination-notice.

BlueCross BlueShield Arizona

Un licenciatario independiente de Blue Cross Blue Shield Association

Aviso de no discriminación

La discriminación es ilegal

Blue Cross® Blue Shield® of Arizona (AZ Blue) cumple con las leyes federales de derechos civiles vigentes y no discrimina por motivos de raza, color, origen nacional, edad, discapacidad ni sexo (de conformidad con el alcance de la discriminación sexual descrita en la Sección 92.101[a][2] del Título 45 del Código de Regulaciones Federales [CFR]) (o sexo, que incluye las características sexuales, como rasgos intersexuales, embarazo o condiciones relacionadas, orientación sexual, identidad de género y estereotipos sexuales). **AZ Blue** no excluye a las personas ni las trata de manera menos favorable por motivos de raza, color, nacionalidad, edad, discapacidad ni sexo.

AZ Blue:

- Brinda a las personas con discapacidades modificaciones razonables y ayudas y servicios auxiliares gratuitos y apropiados para comunicarse de manera eficaz con nosotros, tales como:
  - Intérpretes de lenguaje de señas calificados.
  - Información escrita en otros formatos (letra grande, audio, formatos electrónicos accesibles, otros formatos)
- Ofrece servicios gratuitos de asistencia lingüística a personas cuyo idioma principal no es el inglés, que pueden incluir:
  - Intérpretes calificados.
  - Información escrita en otros idiomas

Si necesita modificaciones razonables, ayudas y servicios auxiliares apropiados o servicios de asistencia lingüística, llame al 602-864-4884 para español y al 1-877-475-4799 para todos los demás idiomas y otras ayudas y servicios**.**

Si considera que **AZ Blue** no ha proporcionado estos servicios o ha discriminado de cualquier otra manera por motivos de raza, color, nacionalidad, edad, discapacidad o sexo, puede presentar una queja ante:

Section 1557 Coordinator
P.O. Box 13466
Phoenix, AZ 85002-3466; Call 602-864-2288, TTY: 711

o bien, envíenos un correo electrónico a **crc@azblue.com**

Puede presentar una queja en persona o por correo postal, fax o correo electrónico. Si necesita ayuda para presentar una queja, el **Coordinador de la Sección 1557 de AZ Blue** está disponible para ayudar.

También puede presentar un reclamo de derechos civiles ante la Oficina de Derechos Civiles del Departamento de Salud y Servicios Humanos de los EE. UU. de manera electrónica a través del Portal de reclamos de la Oficina de Derechos Civiles, disponible en https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, o por correo o teléfono a:

U.S. Department of Health and Human Services
200 Independence Avenue, SW Room 509F, HHH Building
Washington, D.C. 20201
1-800-368-1019, 1-800-537-7697 (TDD)

Los formularios de reclamos están disponibles en http://www.hhs.gov/ocr/office/file/index.html. Este aviso está disponible en el sitio web de AZ Blue: azblue.com/nondiscrimination-notice.

Notice of Availability of Language Assistance Services and Auxiliary Aids and Services

English: Free language assistance services are available to you. Appropriate auxiliary aids and services to provide information in accessible formats are also available free of charge. Call 1-877-475-4799.

Spanish: Si habla español, tiene a su disposición servicios gratuitos de asistencia lingüística. También están disponibles de forma gratuita ayuda y servicios auxiliares apropiados para proporcionar información en formatos accesibles. Llame al 602-864-4884.

Navajo: Diné bee yániłti'gogo, saad bee aná'awo' bee áka'anída'awo'ít'áá jiik'eh ná hóló. Bee ahił hane'go bee nida'anishí t'áá ákodaat'éhígíí dóó bee áka'anída'wo'í áko bee baa hane'í bee hadadilyaa bich'į' ahoot'i'ígíí éí t'áá jiik'eh hóló. Kohjį' 1-877-475-4799.
