

## Essential Drug List

### Drug list — Four Tier Drug Plan

Your prescription benefit comes with a drug list, which is also called a formulary. This list is made up of brand-name and generic prescription drugs approved by the U.S. Food & Drug Administration (FDA).

The following is a list of plan names to which this formulary may apply. Additional plans may be applicable. If you are a current Anthem member with questions about your pharmacy benefits, we're here to help. Just call us at the Pharmacy Member Services number on your ID card.

Solution PPO 1500/15/20	\$5/\$15/\$50/\$65/30% to \$250 after deductible
Solution PPO 2000/20/20	\$5/\$20/\$30/\$50/30% to \$250
Solution PPO 2500/25/20	\$5/\$20/\$40/\$60/30% to \$250
Solution PPO 3500/30/30	\$5/\$20/\$40/\$60/30% to \$250 Rx ded \$150
Solution PPO 4500/30/30	\$5/\$20/\$40/\$75/30% to \$250
Solution PPO 5500/30/30	\$5/\$20/\$40/\$75/30% to \$250 Rx ded \$250
\$5/\$15/\$25/\$45/30% to \$250	\$5/\$20/\$50/\$65/30% to \$250 Rx ded \$500
\$5/\$15/\$30/\$50/30% to \$250	\$5/\$20/\$50/\$70/30% to \$250
\$5/\$15/\$40/\$60/30% to \$250	\$5/\$20/\$50/\$70/30% to \$250 after deductible

Here are a few things to remember:

- You can view and search our current drug lists when you visit [anthem.com/ca](http://anthem.com/ca) and choose Prescription Benefits. Please note: The formulary is subject to change and all previous versions of the formulary are no longer in effect.
- Additional tools and resources are available for current Anthem members to view the most up-to-date list of drugs for your plan - including drugs that have been added, generic drugs and more – by logging in at [anthem.com/ca](http://anthem.com/ca).
- Your coverage has limitations and exclusions, which means there are certain rules about what's covered by your plan and what isn't. Already a member? You can view your Certificate/Evidence of Coverage or your Summary Plan Description by logging in at [anthem.com/ca](http://anthem.com/ca) and go to **My Plan ->Benefits-> Plan Documents**.
- You and your doctor can use this list as a guide to choose drugs that are best for you. Drugs that aren't on this list may not be covered by your plan and may cost you more out of pocket. To help you see how the drug list works with your drug benefit, we've included some frequently asked questions (FAQ) in this document about how the list is set up and what to do if a drug you take isn't on it.

## Essential Drug List – Informational Section

### Definitions

**"\$0"** next to a drug means this is a preventive drug. For some members, this product may be covered at 100% with \$0 cost share with a prescription from your provider if specified criteria are met.

**"BRAND name drug"** means a drug that is marketed under a proprietary, trademark-protected name. A BRAND name drug is listed in this formulary in all CAPITAL letters.

**"Coinsurance"** means a percentage of the cost of a covered health care benefit that an enrollee pays after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

**"Copayment"** means a fixed dollar amount that an enrollee pays for a covered health care benefit after the enrollee has paid the deductible, if a deductible applies to the health care benefit, such as the prescription drug benefit.

**"Deductible"** means the amount an enrollee pays for covered health care benefits before the enrollee's health plan begins payment for all or part of the cost of the health care benefit under the terms of the policy.

**"Dose Optimization (DO)"** means dose optimization. Usually, this means you may have to switch from taking a drug twice a day to taking it once a day at a higher strength.

**"Drug Tier"** is a group of prescription drugs that corresponds to a specified cost sharing tier in the health plan's prescription drug coverage. The tier in which a prescription drug is placed determines the enrollee's portion of the cost for the drug.

**"Enrollee"** is a person enrolled in a health plan who is entitled to receive services from the plan. All references to enrollees in this this formulary template shall also include subscriber as defined in this section below.

**"Exception request"** is a request for coverage of a prescription drug. If an enrollee, his or her designee or prescribing health care provider submits an exception request for coverage of a prescription drug, the health plan must cover the prescription drug when the drug is determined to be medically necessary to treat the enrollee's condition.

**"Exigent circumstances"** means when you are suffering from a medical condition that may seriously jeopardize your life, health, or ability to regain maximum function, or when you are undergoing a current course of treatment using a non-formulary drug.

**"Formulary" or "prescription drug list"** is the complete list of drugs preferred for use and eligible for coverage under a health plan product, and includes all drugs covered under the outpatient prescription drug benefit of the health plan product. Formulary is also known as a prescription drug list.

**"Generic drug"** is the same drug as its BRAND name equivalent in dosage, safety, strength, how it is taken, quality, performance, and intended use. A generic drug is listed in bold and italicized lowercase letters.

**"Limited Distribution (LD)"** means limited distribution. These drugs are available only through certain pharmacies or wholesalers, depending on what the manufacturer decides.

**"Medically Necessary"** means health care benefits needed to diagnose, treat, or prevent a medical condition or its symptoms and that meet accepted standards of medicine. Health insurance usually does not cover health care benefits that are not medically necessary.

**"Nonformulary drug"** is a prescription drug that is not listed on the health plan's formulary.

**"Oral Chemotherapy (OC)"** Notwithstanding any deductible, the total amount of copayments and coinsurance an insured is required to pay shall not exceed two hundred dollars (\$250) for an individual prescription of up to a 30-day supply of a prescribed orally administered anticancer medication covered by the policy.

**"Out-of-pocket costs"** are copayments, coinsurance, and the applicable deductible, plus all costs for health care services that are not covered by the health plan.

**"Prescribing provider"** is a health care provider authorized to write a prescription to treat a medical condition for a health plan enrollee.

**"Prescription"** is an oral, written, or electronic order by a prescribing provider for a specific enrollee that contains the name of the prescription drug, the quantity of the prescribed drug, the date of issue, the name and contact information of the prescribing provider, the signature of the prescribing provider if the prescription is in writing, and if requested by the enrollee, the medical condition or purpose for which the drug is being prescribed.

**"Prescription drug"** is a drug that is prescribed by the enrollee's prescribing provider and requires a prescription under applicable law.

**"Prior Authorization (PA)"** is a health plan's requirement that the enrollee or the enrollee's prescribing provider obtain the health plan's authorization for a prescription drug before the health plan will cover the drug. The health plan shall grant a prior authorization when it is medically necessary for the enrollee to obtain the drug.

**"Quantity limit (QL)"** means a restriction on the number of doses of a prescription drug covered by a health insurance product during a specific time period, or any other limitation on the quantity of a drug that is covered.

**"Specialty Drugs (SP)"** means specialty drugs. Specialty drugs are used to treat difficult, long-term conditions. You may need to get this drug through a specialty pharmacy.

**"Step therapy (ST)"** is a process specifying the sequence in which different prescription drugs for a given medical condition and medically appropriate for a particular patient are prescribed. The health plan may require the enrollee to try one or more drugs to treat the enrollee's medical condition before the health plan will cover a particular drug for the condition pursuant to a step therapy request.

**"Subscriber"** means the person who is responsible for payment to a plan or whose employment or other status, except for family dependency, is the basis for eligibility for membership in the plan.

## Frequently Asked Questions

### How do I know what drugs are covered under my benefits?

This is a complete listing of all the drugs on the drug list. But, it's possible a drug(s) on this list may not be covered, depending on your plan's design.

Your pharmacy benefit covers prescription drugs, including Specialty Drugs, that may be administered to you as part of a doctor's visit, home care visit, or at an outpatient Facility when they are Covered Services. Benefits that are administered to you in your provider's office are typically covered under your medical benefit. This may include Drugs for infusion therapy, chemotherapy, blood products, certain injectables and any drug that must be administered by a Provider.

### How can I find a drug on the list?

- (A) A prescription drug may be located by looking up the therapeutic category and class to which the drug belongs or the BRAND name or **generic** name of the drug in the alphabetical index; and
- (B) If a **generic** equivalent for a BRAND name drug is not available on the market or is not covered, the drug will not be separately listed by its **generic** name.

You can search the PDF drug list by:

- Drug name, using Ctrl + F on your keyboard, then type in the name of the drug you're looking for.
- Drug class, using the categories listed in alphabetical order.

### How are drugs shown on the list?

- A drug is listed alphabetically by its BRAND name and **generic** names in the therapeutic category and class to which it belongs;
- The **generic** name for a BRAND name drug is included after the BRAND name in parentheses and all ***bold and italicized lowercase letters***;

PSEUDOBULBAR AFFECT (PBA) AGENTS, NMDA ANTAGONISTS TYPE - DRUGS FOR SEVERE MENTAL DISORDERS
NUDEXTA ORAL CAPSULE ( <i>dextromethorphan</i> )

- If a **generic** equivalent for a BRAND name drug is both available and covered, the **generic** drug will be listed separately from the BRAND name drug in all ***bold and italicized lowercase letters***; and

AMINOPENICILLIN ANTIBIOTIC - ANTIBIOTICS
<i>amoxicillin oral capsule</i>

- If a **generic** drug is marketed under a proprietary, trademark-protected BRAND name, the BRAND name will be listed after the **generic** name in parentheses and regular typeface with the first letter of each word capitalized.

<i>levonorgestrel-ethynodiol diacetate</i> (Portia 28 Oral Tablet)
--

The "Under Coverage Requirements and Limits" section will indicate if you need preapproval before you can take the drug (called prior authorization or PA), or if you need to try other drugs first for your treatment (called step therapy or ST).

Note: The presence of a prescription drug on the formulary does not guarantee that your doctor will prescribe that prescription drug for a particular medical condition.

### What are my options for getting my prescriptions?

You have plenty of choices about how and where to get your prescription medicines, including local pharmacies in your plan, convenient home delivery or specialty pharmacies. Most plans include our home delivery program at no extra cost to you.

Current Anthem members can find out more by logging in at [anthem.com/ca](http://anthem.com/ca) and choose Prescription Benefits or call 833-203-1739. For more details about your coverage, you can call the phone number on your member ID card.

### What if my drug isn't on the list?

We understand that only you and your doctor know what is best for you. If you want to take a drug that's not on the drug list, you may have to pay the full cost for it. You can also talk to your doctor or pharmacist to see if there's another drug covered by your plan that will work just as well, or if generic or OTC drugs are an option. Only you and your doctor can decide what drugs are right for you.

If a drug you're taking isn't covered, your doctor can ask us to review the coverage. This process is called preapproval or prior authorization.

Your doctor can get the process started by completing an electronic Prior Authorization, calling the Member Services number on the back of your member ID card or by downloading a prior authorization form from our website and submitting it. If your request is approved, the amount you pay for the drug will depend on your plan's benefit.

There are a few options for your doctor to start the Prior Authorization (PA) process:

1. Submit an electronic PA request by going to <https://www.covermymeds.com/main/partners/anthem>.
2. Log in at [anthem.com/ca](http://anthem.com/ca) and choose **Pharmacy**.
  - Go to **Pharmacy Resources** and **Search Your Drug List** for your medication.
  - Choose the correct medication strength and form.
  - Scroll down to **Definition of Restrictions** and locate the applicable Fax Form in the table.
  - Your doctor completes and faxes the form to us at 844-474-3347.
3. Calling Member Services number on the back of your member ID card.

If the contraceptive you are taking is not on the formulary, your doctor can contact us if it is medically necessary because the preferred contraceptives are inappropriate for you, and we will waive your cost share.

### Who decides what drugs are on the list?

The drugs on the list are reviewed through our Pharmacy and Therapeutics (P&T) process. In this process, a group of independent doctors, pharmacists and other health care professionals decides which drugs we include on our lists. This group meets regularly to look at new and existing drugs and recommends drugs based on how safe they are, how well they work and the value they offer our members.

### What is a specialty drug and how do I get them?

If you're taking a medicine that is considered a specialty drug, you may need to use a specialty pharmacy in order for your drug to be covered. Specialty drugs come in many forms like pills, liquids, injections (shots), infusions or inhalers and may need special storage and handling. Typically benefits for specialty drugs that are self-administered will be covered under the pharmacy benefit. Benefits for specialty drugs that are administered to you in your provider's office are typically covered under your medical benefit. If you use pharmacies that are not in the network, your medicine may not be covered and you may have to pay the full cost. For more details about your coverage, you can call the phone number on your member ID card.

### Does the drug list change, and how will I know if it does?

Drugs on our list are reviewed and updated on a monthly basis. Sometimes, drugs are added, removed, change tiers or have updated requirements. The changes will usually go into effect the first day of the month. But don't worry, we'll let you know if a drug you take is taken off the list and, in some cases, if a drug you take is moved to a higher tier.

You can always check the drug list to make sure medicines you take are still on it. You'll find the most up-to-date drug list when you log in at [anthem.com/ca](http://anthem.com/ca).

#### What kind of drugs can I find on the formulary?

We cover FDA-approved preventive care drugs with zero cost share in compliance with the Affordable Care Act (ACA) and California state regulations. Your doctor may need to write a prescription for these preventive services to be covered by your plan, even if they are listed as over-the-counter. The availability or coverage of these medications without cost-sharing may be subject to criteria established by the health plan.

We cover FDA-approved equipment and supplies for the management and treatment of insulin-using diabetes, non-insulin-using diabetes and gestational diabetes as medically necessary. Medication encompasses insulin, insulin pumps, and oral hypoglycemic agents. Covered supplies and equipment are limited to glucose monitors, test strips, syringes and lancets. Covered benefits also include outpatient self-management and educational services used to treat diabetes if services are provided through a program authorized by the State's Diabetes Control Project within the Bureau of Health.

#### What drugs can I find in each tier?

We place drugs on different tiers based on how well they work to improve health, whether there are over-the-counter (OTC) options and their costs compared to other drugs used for the same type of treatment. The lower the tier, the lower your share of the cost. Here's a breakdown of the tiers in your plan:

- Tier 1 drugs have the lowest cost share for you. These are usually generic drugs that offer the best value compared to other drugs that treat the same conditions. Some plans split Tier 1 into Tier 1a and Tier 1b:
  - Tier 1a drugs have the lowest cost share. These are often generic drugs that offer the greatest value compared to others that treat the same conditions.
  - Tier 1b drugs have a low cost share. These are typically generic drugs that offer the greatest value compared to others that treat the same conditions.
- Tier 2 drugs have a higher cost share than Tier 1. They may be preferred brand drugs, based on how well they work and their cost compared to other drugs used for the same type of treatment. Some are generic drugs that may cost more because they're newer to the market.
- Tier 3 drugs have the highest cost share. They often include brand and generic drugs that may cost more than drugs on lower tiers that are used to treat the same condition. Tier 3 may also include drugs that were recently approved by the FDA or specialty drugs that are used to treat serious, long-term health conditions and that may need special handling.
- Tier 4 drugs have the highest cost share and usually include specialty BRAND and generic drugs. They may cost more than drugs on lower tiers that are used to treat the same condition. Tier 4 may also include drugs recently approved by the FDA or specialty drugs used to treat serious, long-term health conditions and that may need special handling.

#### How will I know if my drug is covered and how much will it cost?

You can go online and with the [Price a Medication](#) tool, get pharmacy-specific drug coverage details and pricing from a number of local retail pharmacies in your zip code.

*Note: For oral chemotherapy drugs - Notwithstanding any deductible, the total amount of copayments and coinsurance an insured is required to pay shall not exceed two hundred dollars (\$250) for an individual prescription of up to a 30-day supply of a prescribed orally administered anticancer medication covered by the policy.*

#### How does Anthem promote safety?

When you go to a pharmacy, the pharmacist will get an electronic message from Anthem if a drug needs prior authorization, requires step therapy or has a limit on the amount that can be given. Here's a closer look at all of the programs we've put into place to help make sure you get the care you need, while helping to keep you safe.<sup>1</sup>

Our clinical edit programs are:

- Prior authorization, which requires you to get approval before taking a medicine. This helps make sure a drug is used properly and focuses on drugs that may have:
  - Risk of side effects.
  - Risk of harmful effects when taken with other drugs.
  - Potential for incorrect use or abuse.
  - Rules for use with certain conditions.
- Step therapy, which requires that other drugs be tried first. It focuses on whether a drug is right for your condition.
- Dose optimization, which involves changing from taking a dose twice a day to once a day, when medically appropriate. Taking fewer doses may lower your costs; a single higher dose of a drug taken once a day may cost less than a lower dose taken twice a day.
- Quantity Limits impose a limit on the amount in a prescription and how often it can be refilled.
  - If a refill request is submitted too soon or the doctor prescribes an amount that's higher than what is allowed, the drug won't be covered at that time.
  - If there are medical reasons to prescribe the drug as originally dosed, the doctor can ask for review by our Prior Authorization Center.

Also, If you're taking a medicine that is considered a specialty drug, you may need to use a specialty pharmacy in order for your drug to be covered.

#### **How does my doctor start the Prior Authorization process?**

If your drug is on our formulary but requires a PA or Step Therapy, there are a few options for your doctor to start the Prior Authorization (PA) process:

1. Submit an electronic PA request by going to <https://www.covermymeds.com/main/partners/anthem>.
2. Log in at [anthem.com/ca](http://anthem.com/ca) and choose Pharmacy.
  - Go to Pharmacy Resources and Search Your Drug List for your medication.
  - Choose the correct medication strength and form.
  - Scroll down to Definition of Restrictions and locate the applicable Fax Form in the table.
  - Your doctor completes the form and faxes it to Anthem at 844-474-3347.
3. Calling Pharmacy Member Services number on the back of your member ID card.

If the contraceptive you are taking is not on the formulary, your doctor can contact us if it is medically necessary because the preferred contraceptives are inappropriate for you, and we will waive your cost share.

#### **What is Step Therapy? How does it work?**

Step therapy requires trying other drugs before certain medications may be covered. The pharmacy will let you know if step therapy is required, and you must first try the drug or treatment included in the program. If the drug or treatment does not treat the condition well, the doctor can contact our Prior Authorization Center to ask that we approve the original drug.<sup>1</sup>

A few more notes about the exception process:

- If we fail to respond to a completed prior authorization or step therapy exception request within 72 hours of receiving a non-urgent request and 24 hours of receiving a request based on exigent circumstances, the request is deemed approved, and we may not deny any subsequent requests for this medication.
- Don't worry, if you've changed policies, we won't ask you to repeat an approved step therapy request that is already being used to treat a medical condition provided that the drug is still appropriately prescribed and is considered safe and effective.

A note about opioid analgesics. The member cost share for certain abuse-deterrent opioid analgesics may be lower in some states because of laws in those states. Opioid analgesics are a type of painkiller. In response to the global opioid epidemic, the U.S. Food and Drug Administration (FDA) has encouraged drug manufacturers to develop opioids with properties that help deter their misuse and abuse.

Drug(s) may be excluded from the list based on your plan's benefit design.

<sup>1</sup> If the Prior Authorization Center concludes the prescription claim should be denied, members and their doctors will get letters that explain the appeals and/or grievance process.

## KEY

Here are some terms and notes you'll find on the drug list.

**BRAND** name drugs are in **UPPER CASE**, plain type.

*generic* drugs are in lower case, italic bold type.

**\$0** = preventive drugs. For some members, this product may be covered at 100% with \$0 cost share with a prescription from your provider if specified criteria are met.

**BE** = benefit exclusion. This drug may not be covered depending on your plans design. To find out if your drug is covered, log into your member portal or use the Sydney app to [Price a Medication](#) and refer to your plan documents.

**DO** = dose optimization. Usually, this means you may have to switch from taking a drug twice a day to taking it once a day at a higher strength.

**LD** = limited distribution. These drugs are available only through certain pharmacies or wholesalers, depending on what the manufacturer decides.

**OC** = oral chemotherapy. These drugs after deductible shall not exceed \$250 per an individual prescription for up to a 30 day supply.

**PA** = prior authorization. You may need to get benefits approved before certain prescriptions can be filled.

**QL** = quantity limits. There are limits on the amount of medicine covered within a certain amount of time.

**SP** = specialty drugs. Specialty drugs are used to treat difficult, long-term conditions. You may need to get this drug through a specialty pharmacy.

**ST** = step therapy. You may need to use another recommended drug first before a prescribed drug is covered.

**Tier 1** = drugs have the lowest cost share for you. These are usually generic drugs that offer the best value compared to other drugs that treat the same conditions.

**Tier 1a** = drugs have the lowest cost share. These are often generic drugs that offer the greatest value compared to others that treat the same conditions.

**Tier 1b** = drugs have a low cost share. These are typically generic drugs that offer the greatest value compared to others that treat the same conditions.

**Tier 2** = drugs have a higher cost share than Tier 1. They may be preferred brand drugs, based on how well they work and their cost compared to other drugs used for the same type of treatment. Some are generic drugs that may cost more because they're newer to the market.

**Tier 3** = drugs have a higher cost share. They often include brand and generic drugs that may cost more than drugs on lower tiers that are used to treat the same condition.

**Tier 4** = Tier 4 drugs have a higher cost share and usually include preferred specialty brand and generic drugs.

**Four Tier**

**CURRENT AS OF 1/1/2025**

<b>Prescription Drug Name</b>	<b>Drug Tier</b>	<b>Coverage Requirements and Limits</b>
<b>*ADHD/ANTI-NARCOLEPSY/ANTI-OBESITY/ANOREXIANTS* - DRUGS FOR THE NERVOUS SYSTEM</b>

# Get help in your language

Curious to know what all this says? We would be too. Here's the English version:

You have the right to get this information and help in your language for free. Call the Member Services number on your ID card for help. (TTY/TDD: 711)

Separate from our language assistance program, we make documents available in alternate formats for members with visual impairments. If you need a copy of this document in an alternate format, please call the customer service telephone number on the back of your ID card.

## Spanish

Tiene el derecho de obtener esta información y ayuda en su idioma en forma gratuita. Llame al número de Servicios para Miembros que figura en su tarjeta de identificación para obtener ayuda. (TTY/TDD: 711)

## Chinese

您有權使用您的語言免費獲得該資訊和協助。請撥打您的 ID 卡上的成員服務號碼尋求協助。(TTY/TDD: 711)

## Vietnamese

Quý vị có quyền nhận miễn phí thông tin này và sự trợ giúp bằng ngôn ngữ của quý vị. Hãy gọi cho số Dịch Vụ Thành Viên trên thẻ ID của quý vị để được giúp đỡ. (TTY/TDD: 711)

## Korean

귀하에게는 무료로 이 정보를 얻고 귀하의 언어로 도움을 받을 권리가 있습니다. 도움을 얻으려면 귀하의 ID 카드에 있는 회원 서비스 번호로 전화하십시오. (TTY/TDD: 711)

## Tagalog

May karapatan kayong makuha ang impormasyon at tulong na ito sa ginagamit ninyong wika nang walang bayad. Tumawag sa numero ng Member Services na nasa inyong ID card para sa tulong. (TTY/TDD: 711)

## Russian

Вы имеете право получить данную информацию и помочь на вашем языке бесплатно. Для получения помощи звоните в отдел обслуживания участников по номеру, указанному на вашей идентификационной карте. (TTY/TDD: 711)

## Arabic

يمكن لك الحصول على هذه المعلومات والمساعدة بلغتك مجاناً. اتصل برقم خدمات الأعضاء الموجود على بطاقة التعريف الخاصة بك للمساعدة.  
(711 :TDD/TTY)

## Armenian

Դուք իրավունք ունեք Ձեր լեզվով անվճար ստանալ այս տեղեկատվությունը և ցանկացած օգնություն։  
Օգնություն ստանալու համար զանգահարեք Անդամների սպասարկման կենտրոն՝ Ձեր ID քարտի վրա նշված  
համարով։ (TTY/TDD: 711)

## Farsi

شما این حق را دارید که این اطلاعات و کمکها را به صورت رایگان به زبان خودتان دریافت  
کنید. برای دریافت کمک به شماره مرکز خدمات اعضاء که بر روی کارت شناسایی‌تان درج شده  
است، تماس بگیرید. (TTY/TDD: 711)

Bee ná ahóótí' t'áá ni nizaad k'ehjí niká a'doowoít'áá jiik'e. Naaltsoos bee atah nílinígíí bee néého'dólzingo nanitínígíí bccésh bee hane'i bikáá' áají' hodíílnih. Naaltsoos bee atah nílinígíí bee néého'dólzingo nanitínígíí bccésh bee hane'i bikáá' áají' hodíílnih. (TTY/TDD: 711)

#### **It's important we treat you fairly**

That's why we follow federal civil rights laws in our health programs and activities. We don't discriminate, exclude people, or treat them differently on the basis of race, color, national origin, sex, age or disability. For people with disabilities, we offer free aids and services. For people whose primary language isn't English, we offer free language assistance services through interpreters and other written languages. Interested in these services? Call the Member Services number on your ID card for help (TTY/TDD: 711). If you think we failed to offer these services or discriminated based on race, color, national origin, age, disability, or sex, you can file a complaint, also known as a grievance. You can file a complaint with our Compliance Coordinator in writing to Compliance Coordinator, P.O. Box 27401, Mail Drop VA2002-N160, Richmond, VA 23279. Or you can file a complaint with the U.S. Department of Health and Human Services, Office for Civil Rights at 200 Independence Avenue, SW; Room 509F, HHH Building; Washington, D.C. 20201 or by calling 1-800-368-1019 (TDD: 1- 800-537-7697) or online at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>. Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.
