

Select Drug List

Drug list — Four Tier Drug Plan

Your plan includes coverage for medications you'll find on this drug list. The drug list includes brand-name and generic prescription medications approved by the FDA.

Drugs that are not on this list may cost you more out of pocket. You and your doctor can use this list as a guide to choose the medications that are best for you.

Your coverage has limitations and exclusions. It's best to refer to your Certificate/Evidence of Coverage or Summary Plan Description (SPD) for details about what's covered and what's not.

Inside you will find more information about how this drug list works with your prescription drug coverage. This booklet is updated on a quarterly basis. For the most up to date information, including newly added medications, generics and more, you can visit bcbsga.com/pharmacyinformation. For additional information, please call the Member Services number on your ID card.

Select Drug List

What is a drug list?

The drug list (also called a formulary) is a list of prescription medications approved by the U.S. Food and Drug Administration (FDA). The list is made up of hundreds of brand-name and generic medications that have been reviewed and recommended for their quality and effectiveness through our Pharmacy and Therapeutics (P&T) process.

Our P&T process involves an independent group of practicing doctors, pharmacists, and other health care professionals responsible for the research and decisions surrounding our drug lists. This group meets regularly to review new and existing drugs and chooses the top medications for our drug lists, based on their safety, effectiveness and value.

The drug list is organized in tiers; medications on Tier 1 have the lowest member cost share while members pay more for drugs on higher tiers.

How will I know about changes to the drug list?

Drugs on our list are reviewed regularly. Sometimes this results in drugs being added or removed. We will always try to notify you of changes to the drug list that impact you.

Now and then, it's a good idea to check the status of any medications you are taking. On our website, you can view and search the drug list to see which drugs are covered and at what tier level, as well as information on dosage/strength options and prior authorization or step therapy requirements. You can also see if a brand-name drug has a generic equivalent.

What's the difference between brand-name and generic medications?

A brand-name drug is usually available from only one manufacturer and may have patent protection.

A generic drug is also FDA-approved and has the same active ingredients as its brand-name counterpart, but a generic is typically available only after the brand-name drug's patent protection expires. Although it may look different, a generic drug works the same as its brand-name counterpart.

Is this a complete listing of all covered drugs?

Yes, this is a complete listing of all drugs on the drug list; however, a drug(s) may be excluded based on your plan's benefit design. If a medication isn't on this list, this means your plan doesn't cover the medication(s), so you may have to pay out of pocket or switch to a covered prescription medication or an over the counter (OTC) option.

If my medication is not included on the drug list, what are my options?

The drug list includes many brand-name and generic drugs. You may have to pay the full cost of a medication that isn't included on the drug list. When you visit our website, you can get more information about generic equivalent options, if available; however, OTC options will not be displayed. If an alternative isn't listed, please talk to your doctor or pharmacist about whether another medication that is included on the drug list or an OTC may be right for you.

Only you and your doctor can decide what drugs are right for you. If a medication you're taking is not covered, your doctor can ask us to keep covering the drug(s) you take now by submitting a request for an exception. This process, called prior authorization, requires your doctor to call the member services number on your member ID card or go to our website to download and submit the prior authorization form.

How will I know how much my drug will cost?

Medications on the drug list are grouped into tiers. Your cost will depend on what tier the medication your doctor prescribes for you falls in and could be a set cost or a percentage of the total drug cost. In general, drugs on the lowest tier have the lowest member cost share, which is what you pay. Drugs on a higher tier may cost you more.

Several factors determine what tier a drug is placed in, including:

- Clinical considerations.
- Cost of the drug in comparison to other drugs used for the same type of treatment.
- Availability of over-the-counter options.

What types of drugs can I expect to find in the different tiers?

Tier 1 drugs have the lowest member cost share. These are typically generic drugs that offer the greatest value compared to others that treat the same conditions.

Tier 2 drugs have a medium cost share. They may be preferred brand drugs, based on their effectiveness and value. Some are newer, more expensive generic drugs.

Tier 3 drugs have a higher cost share. They generally include non-preferred brand and generic drugs. They may cost more than drugs placed on lower tiers that are used to treat the same condition. Tier 3 may also include drugs that were recently approved by the FDA.

Tier 4 specialty drugs have the highest cost share and typically consist of specialty (brand and generic) drugs. They may cost more than drugs placed on lower tiers that are used to treat the same condition. Tier 4 may also include drugs that were recently approved by the FDA or specialty drugs used to treat complex, chronic conditions and may need special handling.

Member cost share amount for certain abuse-deterrent opioid analgesics may be lower due to state law requirements.

Preventive care drugs: We cover preventive care drugs with zero cost share in compliance with the Affordable Care Act (ACA).

In selecting medications for the prescription drug formulary, the therapeutic efficacy and cost effectiveness are addressed for each category. All therapeutic categories are represented on the formulary by at least one medication. When a closed formulary is in effect, only medications that are included on the formulary are a covered service. In certain clinical situations, a member may require use of a non-formulary product. Anthem has criteria that permits a member to obtain a non-formulary medication in a closed formulary plan. If specific criteria are met, a member can receive a non-formulary drug for a formulary copay. The criteria preserves the clinical integrity of the drug formulary and provides a process by which deviations from the formulary may be allowed. An appeals process is in place for any medications that do not meet the criteria.

KEY

Brand name drug = Uppercase in bold type

Generic drug = Lowercase in plain type

SP = SPECIALTY DRUGS. This specialty drug may be required to be dispensed through a specialty pharmacy.

LD = LIMITED DISTRIBUTION. Limited distribution drugs are those drugs that are available only through select pharmacies or wholesalers as determined by the manufacturer.

PA = PRIOR AUTHORIZATION REQUIRED. Prior authorization is the process of obtaining approval of benefits before certain prescriptions may be filled.

QL = QUANTITY LIMITS. Certain prescription medications have specific quantity limits per prescription or per month.

ST = STEP THERAPY REQUIRED. You may need to use one medication before benefits for the use of another medication can be authorized.

DO = DOSE OPTIMIZATION REQUIRED. Normally this means switching from taking a drug twice a day to taking it once a day (at a higher strength).

\$0: PREVENTIVE DRUGS: For some members, this product may be covered at 100% with \$0 cost share with a prescription from your provider if specified criteria are met.

Drug(s) may be excluded based on your plan's benefit design. If you have additional questions about your prescription benefits please call the Member Services number on your ID card.
