There may be restrictions to your drug coverage

Some covered drugs may have additional requirements or limits on coverage. We call this “utilization management.” These requirements and limits may include:

- **Prior Authorization (PA):** Our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don’t get approval, our plan may not cover the drug. Drugs that require prior authorization are listed in *2021 Utilization Management Criteria: Prior Authorization*.
- **Step Therapy (ST):** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. Drugs that require step therapy are listed in this document.
- **Quantity Limits (QL):** For certain drugs, our plan limits the amount of the drug that our plan will cover. Drugs that have quantity limits are listed in the *Keystone 65 Rx and Personal Choice 65 Rx Formulary (List of Covered Drugs)*.

You can find out if your drug has any additional requirements or limits by looking in your plan *Formulary (List of Covered Drugs)*. You can also get more information about the restrictions applied to specific covered drugs by visiting www.ibxmedicare.com.

You can ask our plan to make an exception to these restrictions or limits, or for a list of other similar drugs that may treat your health condition. Your *Formulary (List of Covered Drugs)* and *Evidence of Coverage* will have more information about the exception request process.

How to use this document

This document, along with *2021 Utilization Management Criteria: Prior Authorization*, is intended to be used with your *Formulary (List of Covered Drugs)*. If your prescription drug has the note “ST” in the “Requirements” column of the *Keystone 65 Rx and Personal Choice 65 Rx Formulary (List of Covered Drugs)*, you can find more information on the restriction(s) in this document.

Locate your drug in the index on page 31. The restriction information includes step therapy criteria.

Be sure to read all the information listed for your affected drug. If you have any questions or need assistance with the information contained in this document, please call our Member Help Team: Keystone 65 at 1-800-645-3965, Personal Choice 65 at 1-888-718-3333, Select Option PDP at 1-888-678-7009.
