

Asuris TruAdvantage™ + Rx Enhanced (PPO)  
Asuris TruAdvantage™ + Rx Classic (PPO)

(List of Covered Drugs)

**ASURIS**  
MEDICARE PLANS

This booklet contains information about the prescription drugs covered by this plan.

## **Welcome!**

This document includes a list of covered drugs on our formulary as of December 1, 2012. To get updated information about covered drugs, please visit our website at [www.asuris.com/needCoverage/medicare](http://www.asuris.com/needCoverage/medicare) or call our Customer Service Department at 1-800-541-8981, our telephone hours are 8:00 a.m. to 8:00 p.m. Monday through Friday. From October 1 through February 14, Customer Service is available from 8:00 a.m. to 8:00 p.m., seven days a week. (TTY/TDD users should call 711.)

Beneficiaries must use network pharmacies to access their prescription drug benefit. Benefits, formulary, pharmacy network, premium and/or copayments/coinsurance may change on January 1, 2013. **Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

## **What is the Formulary?**

A formulary is a list of drugs selected in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. **This document is a comprehensive (complete) formulary** and contains all of the Part D drugs we cover. We will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## **Can the Formulary change?**

Generally, if you are taking a drug on our 2012 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2012 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, or add prior authorization, quantity limits on a drug and/or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug. Periodically our formulary may change including medications changing tiers. When this results in a medication you may have been receiving moving to a higher cost share, we will send you an update outlining this change.

To get updated information about the drugs we cover, please visit our website at [www.asuris.com/needCoverage/medicare](http://www.asuris.com/needCoverage/medicare) or call our Customer Service Department at 1-800-541-8981, our telephone hours are 8:00 a.m. to 8:00 p.m. Monday through Friday. From October 1 through February 14, Customer Service is available from 8:00 a.m. to 8:00 p.m., seven days a week. (TTY/TDD users should call 711.)

## **How do I use the Formulary?**

There are two ways to find your drug within the formulary:

### **Medical Condition**

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents”. If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

### **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 100. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## **What are generic drugs?**

We provide coverage for both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active-ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

## **Are there any other restrictions on coverage?**

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** We require you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, we may not cover the drug.
- **Quantity Limits:** For certain drugs, there is a limit on the amount of the drug we will cover. For example, we provide coverage for 12 tablets per a 30-day prescription for Imitrex. This may be in addition to a standard one month or three month supply.

You can find out if your drug has any additional requirements or limits by looking in the Notes column of the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website at [www.asuris.com/needCoverage/medicare](http://www.asuris.com/needCoverage/medicare).

You can ask us to make an exception to these restrictions or limits. See the section, “How do I request an exception to the formulary?” on page III for more information about how to request an exception.

## **What if my drug is not on the Formulary?**

If your drug is not included in this formulary, you should first contact Customer Service and confirm that your drug is not covered. If you learn that we don't cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by us. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered.
- You can ask us to make an exception and cover your drug. See the information below about how to request an exception.

## How do I request an exception to the Formulary?

You can ask us to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make:

- You can ask us to cover your drug even if it is not on our formulary.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, we limit the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover more.
- You can ask us to provide a higher level of coverage for your drug. For example, if your drug is usually considered a non-preferred brand drug, you can ask us to cover it at the cost-sharing amount that applies to drugs in the preferred brand tier instead. This would lower the amount you must pay for your drug. Please note, if we grant your request to cover a drug that is not on our formulary, you may not ask us to provide a higher level of coverage for the drug. Also, you may not ask us to provide a higher level of coverage for drugs that are in Tier 5 (Specialty) or Tier 3 (Preferred Brand Medications).

Generally, we will only approve your request for an exception if the alternative drugs included on our formulary, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tiering or utilization restriction exception. **When you are requesting a formulary, tiering or utilization restriction exception you should submit a statement from your physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescribing physician's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get your prescribing physician's supporting statement.

## What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a **new or continuing member** in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30 day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 30 day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a **resident of a long-term care facility**, we will allow you to refill your prescription until we have provided you with a 93 day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31 day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

If you are a **current member** and have a change in treatment setting due to a change in the level of care you require, you can ask us to make an exception for these types of unplanned transitions.

Such transitions include:

- Discharge from a hospital to home;
- Ending your skilled nursing facility Medicare Part A stay (where payments include all pharmacy charges) and you now need to use your Part D plan;
- Changing from Hospice Status and reverting back to standard Medicare Part A and B coverage;
- Discharges from chronic psychiatric hospitals with highly individualized drug regimens,

For these unplanned transitions, you can ask us to make an exception or appeal for continued coverage of your drug. In addition we will review requests for continuation of therapy on a case-by-case basis for members that have had a change in their level of care and are stabilized on drug regimens that if altered, are known to have risks.

### **For more information**

For more detailed information about your prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about our plan, please call our Customer Service Department at 1-800-541-8981, our telephone hours are 8:00 a.m. to 8:00 p.m. Monday through Friday. From October 1 through February 14, Customer Service is available from 8:00 a.m. to 8:00 p.m., seven days a week. (TTY/TDD users should call 711.) Or, visit our website at [www.asuris.com/needCoverage/medicare](http://www.asuris.com/needCoverage/medicare).

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY/TDD users should call 1-877-486-2048. Or, visit [www.medicare.gov](http://www.medicare.gov).

## Tier Level Definitions

<b>Asuris TruAdvantage + Rx Classic (PPO) – Plan Benefits</b>			
Tier Name	Tier Level	<sup>2</sup> Retail Cost-Sharing (1-30 day supplies)	<sup>2</sup> Mail Order Cost-Sharing (1-30 day supplies)
Preferred Generic	1	\$7.50	\$7.50
Non-Preferred Generic	2	\$33	\$33
Preferred Brand	3	\$45	\$45
Non-Preferred Brand	4	\$90	\$90
<sup>1</sup> Specialty	5	27%	27%
<sup>1</sup> Injectable drugs	6	27%	27%

<b>Asuris TruAdvantage + Rx Enhanced (PPO) – Plan Benefits</b>			
Tier Name	Tier Level	<sup>2</sup> Retail Cost-Sharing (1-30 day supplies)	<sup>2</sup> Mail Order Cost-Sharing (1-30 day supplies)
<sup>3</sup> Preferred Generic	1	\$5	\$5
Non-Preferred Generic	2	\$33	\$33
Preferred Brand	3	\$45	\$45
Non-Preferred Brand	4	\$90	\$90
<sup>1</sup> Specialty	5	33%	33%
<sup>1</sup> Injectable drugs	6	33%	33%

<sup>1</sup>Note – These tiers may contain generic products and are limited to a 30 day supply for retail and mail order (31 day supply for Long-Term care residents).

<sup>2</sup>Up to a 90 day supply of medication is available on most products at network retail pharmacies that agree to dispense up to a 90 day supply and mail order. Cost-sharing for these larger quantities is 2 to 3 times the cost-sharing shown for Tiers 1 through 4.

For example Asuris TruAdvantage + Rx Enhanced (PPO):

- 1-30 day supply of a generic product in Tier 1 would be \$5;
- 31-60 day supply of a generic product in Tier 1 would be \$10;
- 61-90 day supply of a generic product in Tier 1 would be \$15.

To locate a network retail pharmacy that can dispense up to a 90 day supply of medications or for more information regarding our mail order pharmacies, please refer to our pharmacy directory or visit our website at [www.asuris.com/needCoverage/medicare](http://www.asuris.com/needCoverage/medicare).

<sup>3</sup>For Asuris TruAdvantage + Rx Enhanced (PPO) members, we provide coverage for Generic medications in Tier 1 during the coverage gap. Please refer to our Evidence of Coverage for more information about this coverage.

## Our Formulary

The formulary that begins on the following pages provides coverage information about the drugs we cover. If you have trouble finding your drug in the list, turn to the index that begins on page 100.

The first column of the chart lists the drug name. Brand name drugs are capitalized (for example VYTORIN) and generic drugs are listed in lower-case italics (for example *captopril*).

The information in the “Notes” column tells you if there are any special requirements for coverage of your drug.

## Formulary Legend

- GC** Gap Coverage Medications  
For our members on Asuris TruAdvantage + Rx Enhanced (PPO), we provide coverage of this prescription drug in the coverage gap. Please refer to our Evidence of Coverage for more information about this coverage.
- HI** Home Infusion Therapy Medications  
For members on our plans that cover both medical and Rx, this prescription drug may be covered under your medical benefit. For more information, call Customer Service at 1-800-541-8981. (TTY/TDD users should call 711.)
- LA** Limited Access Medications  
This prescription drug may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Customer Service at 1-800-541-8981. (TTY/TDD users should call 711.)
- MO** Mail Order Medication  
This prescription drug is available through our mail order pharmacy services.
- PA** Prior Authorization Medications  
Prior Authorization required for coverage. Refer to the Notes section under your prescription drug for additional information.
- PA B/D** This drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.
- QL** Quantity Level Limit Medications  
Quantity Level limits apply. Refer to the Notes section under your prescription drug for additional information.

<b>Drug Name</b>	<b>Drug Tier</b>	<b>Notes</b>
<i>itraconazole capsule</i>	Tier 1	MO; GC
<i>ketoconazole shampoo</i>	Tier 1	MO; GC
<i>ketoconazole tablet</i>	Tier 1	MO; GC
<i>ketoconazole topical cream</i>	Tier 1	MO; GC
<i>ketoconazole topical foam</i>	Tier 2	MO
<i>ketodan kit topical combo pack</i>	Tier 2	MO
LOTRISONE LOTION	Tier 4	MO
LOTRISONE TOPICAL CREAM	Tier 4	MO
<i>miconazole-3 vaginal suppository</i>	Tier 1	MO; GC
NIZORAL SHAMPOO	Tier 4	MO
NOXAFIL ORAL SUSP	Tier 4	MO
OXISTAT LOTION	Tier 4	MO
OXISTAT TOPICAL CREAM	Tier 4	MO
SPORANOX CAPSULE	Tier 4	MO
SPORANOX ORAL SOLN	Tier 3	MO
SPORANOX PULSEPAK CAPSULE	Tier 4	MO
TERAZOL 3 VAGINAL CREAM	Tier 4	MO
TERAZOL 3 VAGINAL SUPPOSITORY	Tier 4	MO
TERAZOL 7 VAGINAL CREAM	Tier 4	MO
<i>terconazole vaginal cream</i>	Tier 1	MO; GC
<i>terconazole vaginal suppository</i>	Tier 1	MO; GC
VFEND ORAL SUSP	Tier 3	MO
VFEND TABLET	Tier 4	MO
Vfend IV Soln	Tier 6	MO; HI
voriconazole IV	Tier 6	MO; HI
<i>voriconazole tablet</i>	Tier 2	MO
<i>zazole vaginal cream</i>	Tier 1	MO; GC
<b>Echinocandin Antifungals</b>		
Abelcet IV	Tier 6	MO; HI
Cancidas IV Solution	Tier 6	MO; HI
Eraxis(Water Diluent) IV Solution	Tier 6	MO; HI
Mycamine IV Solution	Tier 6	MO; HI

<b>Drug Name</b>	<b>Drug Tier</b>	<b>Notes</b>
<b>Polyene Antifungals</b>		
AmBisome IV Susp	Tier 6	MO; HI
Amphotec IV Susp	Tier 6	MO; HI
amphotericin B Solution for Injection	Tier 6	MO; HI
NATACYN EYE DROPS	Tier 3	MO
<i>nyamyc topical powder</i>	Tier 1	MO; GC
<i>nystatin ointment</i>	Tier 1	MO; GC
<i>nystatin oral susp</i>	Tier 1	MO; GC
<i>nystatin tablet</i>	Tier 1	MO; GC
<i>nystatin topical cream</i>	Tier 1	MO; GC
<i>nystatin topical powder</i>	Tier 1	MO; GC
<i>nystatin-triamcinolone ointment</i>	Tier 1	MO; GC
<i>nystatin-triamcinolone topical cream</i>	Tier 1	MO; GC
<i>nystop topical powder</i>	Tier 1	MO; GC
PEDI-DRI TOPICAL POWDER	Tier 4	MO
<b>Antigout Agents</b>		
<b>Antigout Agents (Non-Renal Tubular Blocking Agents And Non-Xanthine Inhibitors)</b>		
COLCRYS TABLET	Tier 3	MO
<b>Renal Tubular Blocking Agents</b>		
<i>colchicine-probenecid tablet</i>	Tier 1	MO; GC
<i>probenecid tablet</i>	Tier 1	MO; GC
<b>Xanthine Oxidase Inhibitors</b>		
<i>allopurinol tablet</i>	Tier 1	MO; GC
allopurinol IV Solution	Tier 6	MO; HI
Aloprim IV Solution	Tier 6	MO; HI
ULORIC TABLET	Tier 3	MO
<b>Antimigraine Agents</b>		
<b>Ergot Alkaloids</b>		
CAFERGOT TABLET	Tier 4	MO
D.H.E.45 Injection	Tier 6	MO
dihydroergotamine Injection	Tier 6	MO
ERGOMAR SUBLINGUAL TABLET	Tier 3	MO
<i>ergotamine-caffeine tablet</i>	Tier 1	MO; GC

<b>Drug Name</b>	<b>Drug Tier</b>	<b>Notes</b>
METHERGINE TABLET	Tier 4	MO
<i>methylergonovine tablet</i>	Tier 1	MO; GC
<i>migergot rectal suppository</i>	Tier 1	MO; GC
MIGRANAL NASAL SPRAY	Tier 3	MO
<b>Triptans</b>
