

2017 CoventryOne Prescription Drug List

www.CoventryOne.com

Do you have questions?

Call the toll-free number on your member ID card. Or visit www.CoventryOne.com for the most up-to-date information.

Dear Member:

To help you know how drugs are covered by your plan, we are pleased to provide you with a copy of our 2017 CoventryOne Prescription Drug List.

This guide provides helpful information about your pharmacy benefits plan. Take this guide with you when you see your doctor if you want to talk about what medicines are covered under your plan and what they may cost.

Many commonly prescribed drugs are listed in this guide.

Note: this is not a complete list of drugs covered under your plan. We list only the most commonly prescribed medicines as thousands of drugs are covered by your plan.

What can I expect to pay?

With this health benefits and health insurance plan, the amount you pay depends on the drug your doctor prescribes. It's either a flat fee or a percent of the prescription's price. Each drug your plan covers falls under a different level or tier. The lower the tier, the lower the price. The higher the tier, the higher the price.

What you pay falls into one of these tiers or levels:

Tier One: You pay **the lowest cost** for drugs in this level. Your plan may include an additional benefit where some Tier 1 drugs would be provided at an even lower cost to you. These are considered Value Drugs/Tier 1a and include generics and some over-the-counter brand and generic products. These would be available at the lowest cost share indicated in your plan materials.

Tier Two: You pay **a slightly higher cost** for drugs in this level.

Tier Three: You pay **the highest cost** for drugs in this level.

Specialty drugs are on tier four and tier five. Specialty prescription drugs typically include high-cost drugs that require special handling, special storage or monitoring and include but are not limited to oral, topical, inhaled and injected ways of giving them.

Tier Four: You pay **a higher cost** for specialty drugs in this level.

Tier Five: You pay **the highest cost** for non-Preferred Specialty drugs in this level.

To find your exact costs

Check your Plan Design and Benefits summary. This should be in your enrollment kit.

Your pharmacy benefits plan may include a program that encourages you to choose a generic drug over a brand-name drug to help reduce what you pay. This means that if you fill a brand-name drug when a generic is available, that in addition to your standard copay or coinsurance, you must also pay the difference in cost between the brand-name and generic drug.

For a summary of your pharmacy benefits plan, including out-of-pocket costs, visit www.CoventryOne.com. Or call the toll-free number on your member ID card.

Where can I find more formulary information?

You and your doctor can search for a drug, find out if it's covered and see what tier it's in. You can also see if there are alternatives that cost less. **Tell your doctor that you pay more for tier five drugs** so he or she can consider this when writing a prescription.

Take these steps:

1. Visit www.CoventryOne.com.
2. This is where you can learn more about the types of drug coverage reviews your drug requires; things like precertification, step therapy or quantity limits. You will arrive at a menu page where you can view various drug lists, including your 2017 CoventryOne Prescription Drug List and more.

How is the formulary developed?

Our Pharmacy and Therapeutics (P&T) Committee meets regularly to review new drugs and new information about drugs that are already on the market. It reviews available information concerning safety, effectiveness and current use in therapy. The P&T Committee reviews scientific evidence, including relevant findings of federal government agencies, pharmaceutical manufacturers, medical professional associations, national commissions and peer-reviewed journals.

Our P&T Committee includes licensed pharmacists and doctors, including those who are currently in practice and others who are employees. All committee members must tell us if they are in a situation that can create a conflict of interest or if they have a financial stake that might affect their decisions.

Once the P&T Committee completes its clinical review, we also consider overall value (including cost and manufacturer rebate arrangements) and other factors before adding or removing a drug from the formulary. The 2017 CoventryOne Prescription Drug List shows you recent changes to the guide. For example, it could show what drugs started requiring coverage reviews like precertification, step therapy or quantity limits. Or which drugs no longer do. The P&T Committee can make recommendations to change the tier level of a drug or to place it on our Formulary Exclusions List, designating it as a drug that is no longer covered.

Why is the formulary subject to change?

We may add or remove drugs for certain reasons. We might also move a drug from one coverage tier to another.

Here are some reasons why:

- As brand-name drugs lose their patents and generic versions become available, the brand-name may be covered at a higher out-of-pocket cost while the generic may be covered at a lower out-of-pocket cost.
- The U.S. Food and Drug Administration (FDA) approves many new drugs throughout the year.
- Drugs can be withdrawn from the market or may become available without a prescription. Over-the-counter (OTC) drugs are not generally covered under a prescription plan, unless required by law.

Our website, www.CoventryOne.com, reflects the most up-to-date formulary information – so please visit it often.

Why do some drugs require prior authorization or precertification?

This drug coverage review encourages appropriate and cost-effective use of prescription drugs by allowing coverage only when certain conditions are met.

Reasons for precertification include:

- Compliance with dosing guidelines
- Avoiding duplicate therapies
- Helping health care providers check that a drug is being used based on generally accepted medical criteria

The precertification program is based on current medical findings, FDA-approved manufacturer labeling information, and cost and manufacturer rebate arrangements.

If your plan requires precertification, you will find a list of drugs that are subject to precertification with this guide. Please keep in mind that:

- Your doctor must contact CoventryOne to request approval of coverage for these drugs.
- If we approve the request, we will notify your doctor. The drug will then be covered at the applicable out-of-pocket cost under your plan. You will also be notified of approvals where the state requires notification to members.

If the request is denied, you and your doctor will be notified. You can still purchase the drug, but for the full price.

Medical exceptions for non-covered drugs

In certain circumstances*, You or your prescriber can request a medical exception for a non-covered drug. To submit a request, call our Precertification Department at 1-855-582-2025, or fax a request to 1-855-330-1716. You also can mail a written request to CVS Health, ATTN: Aetna PA, 1300 E. Campbell Rd., Richardson, TX 75081. If the request is expedited a coverage determination will be made within 24 hours of receiving the request, and notify you or your prescriber of our decision. All medically necessary outpatient prescription drugs will be covered. If a medical exception is approved the member is responsible for the highest applicable copay after deductible depending upon the members pharmacy plan design.

Why do some drugs have quantity limits?

This drug coverage review limits coverage of quantities for certain drugs. These limits help your doctor and pharmacist check that your prescribed drug is used correctly and safely.

We use medical guidelines and FDA-approved recommendations from drug makers to set these coverage limits. The quantity limit program includes:

- **Dose Efficiency Edits** – Limit coverage of prescriptions to one dose per day for drugs that are approved for once-daily dosing.
- **Maximum Daily Dose** – A message is sent to the pharmacy if a prescription is less than the minimum or higher than the maximum allowed dose.
- **Quantity Limits Over Time** – Limit coverage of prescriptions to a specific number of units in a defined amount of time.

What is step therapy?

This drug coverage review promotes the appropriate use of equally effective but lower-cost drugs first. These lower-cost drugs are FDA-approved and treat the same condition as the corresponding step therapy drugs.

What is therapeutic duplication?

Therapeutic duplication means that two or more drugs of the same type are prescribed at the same time. This can occur when two doctors prescribe similar drugs or when your doctor switches from one drug to another drug in the same class without cancelling the first prescription.

It is rare that you should ever need two drugs from the same class to treat a medical condition. Since serious side effects may occur, we help bring such duplications to your pharmacist's and doctor's attention.

Learn more about drug coverage reviews

If you have a medical need for a drug that requires precertification, quantity limits or step therapy, your doctor can ask for a medical exception. The list of drugs requiring precertification, quantity limits or step therapy is subject to change. Find the most up-to-date information at www.CoventryOne.com.

You may be able to save with generic drugs

Generic drugs are approved by FDA and proven to be just as safe and effective as brand-name drugs. They contain the same active ingredients in the same amounts as the brand-name drugs. The difference is that generics may be a different color, shape or size.

When appropriate, your doctor may decide to prescribe, or allow substitution with, a generic drug. Please talk to your doctor to find out if a generic is right for you.

Saving on prescriptions

Here are some other tips to pay less out of pocket for your prescription drugs:

- Ask your doctor to consider prescribing drugs that are on the Pharmacy Drug (formulary) Guide.
- Ask your doctor to consider prescribing drugs that are on the 2017 CoventryOne Prescription Drug List.
- Check to see if your plan includes our mail-order pharmacy service. Depending upon your plan, mail order may save you money.
- Remind your doctor to check your plan to make sure you get maximum coverage.

Specialty Medications

Specialty medications are typically high-cost drugs, including but not limited to the oral, topical, inhaled, inserted or implanted, and injected routes of administration used to treat rare and complex diseases.

- Specialty medications require prior authorization unless otherwise indicated. Your doctor should contact Coventry's Pharmacy Call Center at 877-215-4100 to request prior authorization.
- Except in urgent situations, all specialty medications are distributed through a participating specialty pharmacy. Specialty drugs are limited to a 30 day supply at a time or the quantity prescribed in the prescription order, whichever is less. Please call Customer Service at the number on your member ID card for a referral to a participating specialty pharmacy or with questions regarding your pharmacy benefit.
- Please refer to your health plan documents regarding coverage of and any limitations or exclusions that may apply to your specialty drug benefit.

*These circumstances exist when you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or undergoing a current course of treatment using a non-covered drug.

Nondiscrimination Notice

Coventry complies with applicable Federal civil rights laws and does not discriminate, exclude or treat people differently based on their race, color, national origin, sex, age, or disability.

Coventry provides free aids/services to people with disabilities and to people who need language assistance.

If you need a qualified interpreter, written information in other formats, translation or other services, call the number on your ID card.

If you believe we have failed to provide these services or otherwise discriminated based on a protected class noted above, you can also file a grievance with the Civil Rights Coordinator by contacting:

Civil Rights Coordinator,
P.O. Box 14462, Lexington, KY 40512 (CA HMO customers: PO Box 24030 Fresno, CA 93779),
1-800-648-7817, TTY: 711,
Fax: 859-425-3379 (CA HMO customers: 860-262-7705), CRCoordinator@aetna.com.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, or at 1-800-368-1019, 800-537-7697 (TDD).

Coventry is the brand name used for products and services provided by one or more of the Coventry Health Care companies, which are the affiliates of Aetna.

Need more information?

Visit www.CoventryOne.com or call the appropriate toll-free number on your member ID card.

Please note that if your prescription drug benefits plan changes, the information herein may no longer apply.

A copayment is a flat fee. Coinsurance is a percentage of the rate that Coventry negotiates with the plan sponsor for covered prescriptions except as required by law to be otherwise. Some drugs on the Coventry formulary are subject to manufacturer rebates. Coinsurance is calculated before any rebates are subtracted. That means it may be possible for your cost of a preferred drug to be higher than your cost of a non-preferred drug.

Not all health services are covered. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change.

Coventry receives rebates from drug manufacturers that may be taken into account in determining the Coventry formulary. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Information is subject to change. For more information about Coventry plans, refer to www.CoventryOne.com.

The drugs on the Coventry formulary, Formulary Exclusions, Prior Authorization, Quantity Limit and Step Therapy Lists are subject to change.

In accordance with state law, commercial fully-insured members in Louisiana and Texas (except Federal Employee Health Benefit Plan members) who are receiving coverage for medications that are added or removed from the Coventry formulary, Prior Authorization, Quantity Limits or Step-Therapy Lists during the plan year will continue to have those medications covered at the same benefit level until their plan's renewal date. In Texas, prior authorization approval is known as "pre-service utilization review." It is not "verification" as defined by Texas law.

This material is for information only. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Providers are independent contractors and are not agents of Coventry. Provider participation may change without notice. Coventry does not provide care or guarantee access to health services. Information is subject to change. For more information about Coventry plans, refer to www.CoventryHealth.com.

2017 CoventryOne Prescription Drug List

Drug Details

= Brand-name drug expected to become available generically in the near future. After the generic drug becomes available, the brand-name drug may be covered at a higher non-preferred copay and/or added to the Formulary Exclusion List. The brand-name drug may also be subject to precertification and/or step-therapy.

AL = Age Limit

LGC = Lowest Generic Copay Applies

OTC = Covered OTC

PA = Prior Authorization Applies

QL = QL Limit

SP = You may pay higher out of pocket costs and may be required to get these products at an Aetna Specialty Pharmacy network provider, like Aetna Specialty Pharmacy. Specialty products are limited to a 30 day supply.

ST = Step Therapy Applies

Drug Status

CE = Copay Exception: Available to some members at no cost with a prescription from your provider when obtained at an in-network pharmacy. Certain limitations may apply.

M = Coverage where required by state law

NL = Not Listed

Tier 1 = Preferred Generic

Tier 2 = Preferred Brand

Tier 3 = Non-Preferred Brand and Generic

Tier 4 = Tier 4

Tier 5 = Tier 5

lowercase italics = Generic drugs

UPPERCASE = Brand name drugs

NORMOSOL-R PH 7.4	Tier 3	
<i>phospha 250 neutral</i>	Tier 3	
PLASMA-LYTE 148	Tier 3	
PLASMA-LYTE A	Tier 3	
<i>pot bicarb-pot chloride</i>	Tier 1	
<i>potassium acetate intravenous</i>	Tier 3	
<i>potassium bicarbonate oral</i>	Tier 3	
<i>potassium chloride crys er</i>	Tier 1	

Drug Name	Drug Status	Drug Details
<i>potassium chloride er oral capsule extended release</i>	Tier 1	
<i>potassium chloride er oral tablet extended release 10 meq</i>	Tier 1	LGC
<i>potassium chloride er oral tablet extended release 20 meq, 8 meq</i>	Tier 1	
<i>potassium chloride intravenous solution 10 meq/100ml, 20 meq/100ml, 40 meq/100ml</i>	Tier 1	
<i>potassium chloride oral packet</i>	Tier 3	
<i>potassium chloride oral solution 20 meq/15ml (10%)</i>	Tier 3	LGC
<i>potassium phosphates</i>	Tier 3	
<i>saline flush intravenous</i>	Tier 1	
<i>saline flush zr</i>	Tier 1	
<i>sodium chloride flush</i>	Tier 1	
<i>sodium chloride injection</i>	Tier 1	
<i>sodium chloride intravenous solution 0.45 %, 0.9 %, 3 %, 4 meq/ml, 5 %</i>	Tier 1	
<i>sodium fluoride oral solution</i>	CE	
<i>sodium fluoride oral tablet</i>	CE	
<i>sodium fluoride oral tablet chewable 0.55 (0.25 f) mg</i>	Tier 1	LGC
<i>sodium fluoride oral tablet chewable 1.1 (0.5 f) mg, 2.2 (1 f) mg</i>	CE	
SSKI	Tier 3	
<i>swabflush saline flush</i>	Tier 1	
<i>virt-phos 250 neutral</i>	Tier 3	
<i>zinc sulfate intravenous solution 5 mg/ml</i>	Tier 3	
<i>zinc sulfate oral capsule</i>	Tier 3	
<i>zinc-220</i>	Tier 3	
Mouth/Throat/Dental Agents		
<i>cavarest</i>	Tier 3	
<i>cevimeline hcl</i>	Tier 3	QL
<i>chlorhexidine gluconate mouth/throat</i>	Tier 3	
<i>clinpro 5000</i>	Tier 3	
<i>clotrimazole mouth/throat</i>	Tier 1	
DEBACTEROL	Tier 3	

Drug Name	Drug Status	Drug Details
<i>denta 5000 plus</i>	Tier 3	
<i>dentagel</i>	Tier 3	
GELCLAIR	Tier 3	
<i>lidocaine viscous</i>	Tier 3	
<i>neutragard advanced</i>	Tier 3	
<i>neutral sodium fluoride</i>	Tier 1	
<i>nystatin mouth/throat</i>	Tier 1	
<i>oralone</i>	Tier 1	
ORAMAGICRX	Tier 3
