## Formulary (List of Covered Drugs)

# Star

## (HMO SNP)

**For more recent information or other questions, please contact Member Services at 1-800-580-7000 (TTY 711). We are available 7 days a week from 8 a.m. to 8 p.m. EST. Or, visit [RiverSpringStar.org](http://RiverSpringStar.org)**

**PLEASE READ: This document contains information about the drugs we cover in this plan.**

HPMS Approved Formulary File Submission ID 00017346, Version number 18. Effective 10/24/2017.

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means ElderServe Health, Inc. When it refers to “plan” or “our plan,” it means RiverSpring Star (HMO SNP).

This document includes list of the drugs (formulary) for our plan which is current as of 07/28/2016. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2017, and from time to time during the year.

RiverSpring Star (HMO SNP) is a health plan with a Medicare contract. Enrollment in RiverSpring Star depends on contract renewal.

The formulary may change at any time. You will receive notice when necessary.

This information is available for free in other languages. Please call our customer service number at 1-800-580-7000 (TTY 711) between 8 a.m. and 8 p.m., EST. The call is free.

## **What is the RiverSpring Star (HMO SNP) Formulary?**

A formulary is a list of covered drugs selected by RiverSpring Star (HMO SNP) in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. RiverSpring Star (HMO SNP) will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a RiverSpring Star (HMO SNP) network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## **Can the Formulary (drug list) change?**

Generally, if you are taking a drug on our 2017 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2017 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug. The enclosed formulary is current as of 10/24/2017. To get updated information about the drugs covered by RiverSpring Star (HMO SNP), please contact us. Our contact information appears on the front and back cover pages. RiverSpring Star (HMO SNP) will notify you if there is a formulary change that will affect you.

## **How do I use the Formulary?**

There are two ways to find your drug within the formulary:

### **Medical Condition**

The formulary begins on page 2. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Cardiac Drugs. If you know what your drug is used for, look for the category name in the list that begins below. Then look under the category name for your drug.

### **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 100. The Index provides an alphabetical list of all of the drugs included in this document. Both

brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## What are generic drugs?

RiverSpring Star (HMO SNP) covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** RiverSpring Star (HMO SNP) requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from RiverSpring Star (HMO SNP) before you fill your prescriptions. If you don't get approval, RiverSpring Star (HMO SNP) may not cover the drug.
- **Quantity Limits:** For certain drugs, RiverSpring Star (HMO SNP) limits the amount of the drug that RiverSpring Star (HMO SNP) will cover. For example, RiverSpring Star (HMO SNP) provides 120 grams per 30 days per prescription for fluticasone. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, RiverSpring Star (HMO SNP) requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, RiverSpring Star (HMO SNP) may not cover Drug B unless you try Drug A first. If Drug A does not work for you, RiverSpring Star (HMO SNP) will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 2. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on line documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask RiverSpring Star (HMO SNP) to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the RiverSpring Star (HMO SNP) formulary?" on page V for information about how to request an exception.

## What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that RiverSpring Star (HMO SNP) does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by RiverSpring Star (HMO SNP). When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by RiverSpring Star (HMO SNP).
- You can ask RiverSpring Star (HMO SNP) to make an exception and cover your drug. See below for information about how to request an exception.

## How do I request an exception to the RiverSpring Star (HMO SNP) Formulary?

You can ask RiverSpring Star (HMO SNP) to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, RiverSpring Star (HMO SNP) limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, RiverSpring Star (HMO SNP) will only approve your request for an exception if the alternative drugs included on the plan's formulary, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary exception. **When you request a formulary exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

## What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will

cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with a 91-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

If you are a current member being admitted to, or discharged from, a long-term care facility, you will be able to get an early refill on your medications, if needed.

### **For more information**

For more detailed information about your RiverSpring Star (HMO SNP) prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about RiverSpring Star (HMO SNP), please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

### **RiverSpring Star's (HMO SNP) Formulary**

The formulary that begins on the next page provides coverage information about the drugs covered by RiverSpring Star (HMO SNP). If you have trouble finding your drug in the list, turn to the Index that begins on page 115.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., ZOCOR) and generic drugs are listed in lower-case italics (e.g., *simvastatin*).

The information in the Requirements/Limits column tells you if RiverSpring Star (HMO SNP) has any special requirements for coverage of your drug.
