This document includes a list of the drugs (formulary) for our plan which is current as of November 2022.

What is DUAL eligibility?

Dual-eligible beneficiaries refers to those who qualify for both Medicare and Medicaid benefits. If you have dual eligibility, IHN-CCO (Medicaid) will cover formulary over-the-counter medicine (drugs) and all other medicine prescribed by your provider will be billed to your Medicare plan.

Your pharmacy benefits

At IHN-CCO, our aim is to make sure that you get the right over-the-counter medicine (drug) coverage that meets your needs. Many over-the-counter (drugs) are covered under your Oregon Health Plan drug coverage, but not all over-the-counter drugs are. You will need a prescription from your provider for it to be covered. Some over-the-counter drugs need a prior approval, some have a limit on how much/many you can get at a given time.

How do you know which over-the-counter medicine (drugs) are covered, and which ones are not? This booklet will let you know what drugs are covered. This is known as our formulary or drug list.

Getting started with our over-the-counter drug list

You can fill your drugs at any pharmacy that is contracted with IHN-CCO.

Some important things for you to know and do before you fill your prescription.

- Ask your provider before you leave their office if your over-the-counter drug is covered.
- If IHN-CCO does not cover the prescription your provider has written for you, ask if there is one that is covered that would work for you.
- If it is not covered and you and/or your provider still want us to consider covering it, ask your provider to submit a request for prior approval.
- If we do approve or cannot approve the request for whatever reason, we will let you and your provider know.

If we are unable to approve a requested over-the-counter drug, we will contact you and your provider and tell you about our appeals process.

Our prior approval reviews are done and overseen by licensed clinical pharmacists using IHN-CCO's Pharmacy and Therapeutics (P&T) committee's guidelines. Our P&T committee is made up of practicing doctors and clinical pharmacists.

Filling a prescription

- You can have your prescription filled at any contracted pharmacy in IHN-CCO's network. A list of network pharmacies is available on our website at **IHNtogether.org/Prescriptions**.
- Make sure you show your IHN-CCO Member ID card.
- If IHN-CCO covers the over-the-counter drug, or you received prior approval from us to fill your over-the-counter drug, there will be no copay. If a pharmacy asks you to pay for a prescription that we cover, please call our customer service department before paying for it.

How to use the formulary (Drug List)

There are two ways to find your over-the-counter drug on the formulary:

1. **Medical condition:** The drugs in this formulary are grouped into sections. The sections depend on the type of medical conditions that they are used to treat.
2. **Alphabetical listing:** The Index provides an alphabetical (A-Z) list of all of the over-the-counter drugs included on our formulary.

Generic drugs

A generic drug works the same as brand name drugs. Most times when there is a generic drug available, its brand name will not be covered.

Restrictions on formulary drugs

Although IHN-CCO has a formulary of over-the-counter drugs we cover, some of them may have some rules about their use and how we cover them. These may include

- **Prior authorization (PA):** You will need to get approval from our plan before you fill your prescriptions. If you don't get approval, we may not cover the over-the-counter drug.
- **Quantity limits (QL):** Our plan limits the amount of the over-the-counter drug that we will cover.

Over-the-counter drugs not listed in our formulary or drug list

We usually do not cover drugs that are not on our formulary. However, if your provider believes that an over-the-counter drug that is not on our formulary is the best treatment for you, your provider may submit a prior approval to us for review. Usually, your specific over-the-counter drug may be considered for coverage if:

- There is a medical reason you need that particular over-the-counter drug.
- Other over-the-counter drugs on our formulary have not worked for you.

Non-covered drugs

To help you get the most out of your pharmacy over-the-counter drug benefit, we continually review over-the-counter drugs on our formulary and may add, remove, or change our coverage rules on some over-the-counter drugs. If an over-the-counter drug you take is removed from our formulary, we will let you know at least 30 days before the planned change.

There are also certain drugs that are not covered. These include:

- Drugs whose use are not approved by the Food and Drug Administration (FDA).
- Drugs that are used to treat conditions that are not covered by the Oregon Health Plan.
- Drugs that are used for cosmetic reasons.
- Drugs to help you get pregnant.
- Drugs used for sexual dysfunction.

- Drugs used for weight loss.
- Drugs used for non-medically accepted indications. These uses are considered experimental or investigational.

Extended day supply

We may allow an additional fill of a drug in the following situations.

- Your drug is lost or stolen or spilled.
- You need extra drug because you are travelling.
- You need an extra supply to keep at work or at school.
- You need extra drug because your dose was changed.

Emergency Supply

You may need a drug that is not covered by IHN-CCO or has rules on how we cover. Your provider or pharmacist may ask for a up to a five-day emergency. To request an emergency supply, please call customer service.

For more information

Please review your member materials for more information about your pharmacy coverage.
