## Your Pharmacy Benefits

We want to help you get the care you need to stay healthy! One part of that care is medicine your doctor prescribes. Most prescriptions are paid for by your Oregon Health Plan (OHP), but not all of them are. So how can you tell which ones are covered?

This booklet shows the list of drugs we cover. It's called a **formulary**. We worked with doctors and pharmacists to make sure the drugs in it are safe and work well.

## Getting Started

Some drugs need special approval before they're covered. This is called **prior authorization (PA)**. It helps you get your medicine paid for the your health plan.

Here's what to do:

1. Ask your doctor if your drug is covered.
2. If it's not, ask if there's another drug that is covered.
3. If your doctor still wants you to take the original drug, they can ask IHN-CCO for a PA.
4. If the PA is approved, you and your doctor will be told. If it's not, IHN-CCO will explain how to appeal.

Always follow your doctor's and pharmacist's instructions when taking medicine.

## Filling Your Prescription

1. Go to a pharmacy in IHN-CCO's network. You can find a list online.
2. Show your IHN-CCO Member ID card each time.
3. You don't have to pay for covered drugs. If the pharmacy asks you to pay, call Customer Service first.

## Drugs That Are Not Covered

IHN-CCO may change the formulary to help members stay healthy. If a drug is removed or rules change, you'll be told at least 30 days ahead.

To get the latest info, you can see the current drug list at IHN-CCO's website: [Prescription Drugs - InterCommunity Health Network CCO](#)

You can also call IHN-CCO's Customer Service. They're open Monday through Friday, 8 a.m. to 5 p.m.

These are not covered:

- Drugs not listed in the formulary
- Drugs for conditions not covered by OHP
- Drugs for cosmetic use
- Drugs not used for medical reasons

This document includes a list of covered drugs for our plan which is current as of 2/1/2026.

**Mental health drugs** are covered by the state's Medical Assistance Programs (MAP). Your pharmacist bills MAP directly.

### **If You're New or Leaving the Hospital**

If you're new to the plan or just left the hospital, you might be taking a drug that's not on the formulary. Your doctor can ask for a **transition supply** to give you time to switch to a covered drug. While using it, your doctor should ask for a PA.

### **Generic Drugs**

Generic drugs are copies of brand-name drugs and work the same way. If a generic is available, the brand-name version usually isn't covered.

### **Over-the-Counter (OTC) Drugs**

Some OTC drugs are covered if your doctor writes a prescription for them and they're listed in the formulary.

### **Special Rules for Some Drugs**

Some drugs have extra rules:

- **PA (Prior Authorization):** Your doctor must ask us to approve the drug before we pay for it.
- **QL (Quantity Limits):** We only pay for a certain amount. If you need more, your doctor must ask for approval.
- **ST (Step Therapy):** You may need to try another drug first. If it doesn't work or causes problems, we'll cover the second drug.

### **Exceptions**

Some drugs can be filled for up to 90 days. The formulary will say which ones.

You may get an extra refill if:

- Your medicine is lost, stolen, or spilled
- You're traveling
- Your dose changes
- You need medicine for work or school

Call Customer Service for help.

### **Drugs Not in the Formulary**

If your doctor thinks a drug not listed is best for you, they can ask IHN-CCO to cover it. This is called a **formulary exception request**. They'll need to submit a PA. These are usually approved if:

This document includes a list of covered drugs for our plan which is current as of 2/1/2026.

- You need that drug for a medical reason
- Other drugs haven't worked for you

### **Emergency Supply**

If you need a drug right away and it's not covered, your doctor or pharmacist can ask for a **5-day emergency supply**. This gives time to send a PA request. Call Customer Service to ask for this.

### **For more information**

Please review your member materials for more information about your pharmacy coverage.

### **List of abbreviations**

**EA:** Each.

**PA:** Prior authorization.

**QL:** Quantity limit.

**ST:** Step therapy.

### **Opioid limits:**

#### **Opioid anti-tussive limits:**

- Liquids: Maximum of 240ML per fill.
- Tablets/capsules: Maximum seven-day supply per fill.

#### **Short-acting opioid limits:**

- New to therapy:
  - Maximum of 49.99 MME.
  - Maximum seven-day supply per fill.
- Experience with therapy:
  - Maximum of 89.99 MME.

#### **Long-acting opioid limits:**

- PA required.
- Maximum of 89.99 MME.
