Esta es una lista completa de todos los medicamentos en la lista de medicamentos. Sin embargo, es posible que un medicamento (s) en esta lista no esté cubierto, dependiendo del diseño de su plan.

Su beneficio de farmacia cubre medicamentos recetados, incluidos los medicamentos especializados, que pueden administrarse como parte de una visita al médico, una visita de atención domiciliar o en un centro ambulatorio cuando son servicios cubiertos. ¿Cómo puedo encontrar un medicamento en la lista?

- (A) Un medicamento recetado puede localizarse buscando la categoría terapéutica y la clase a la que pertenece el medicamento o el nombre de la marca o el nombre **genérico** del medicamento en el índice alfabético; y

¿Cuáles son mis opciones para obtener mis recetas?

Usted tiene muchas opciones sobre cómo y dónde obtener sus medicamentos recetados, incluidas las farmacias locales en su plan, la entrega conveniente a domicilio o las farmacias especializadas. La mayoría de los planes incluyen nuestro programa de entrega a domicilio sin costo adicional para usted.

Los miembros actuales de Anthem pueden obtener más información iniciando sesión en anthem.com/ca y elegir Prescription Benefits o llamando al 833-203-1739. Para obtener más detalles sobre su cobertura, puede llamar al número de teléfono que figura en su tarjeta de identificación de miembro.

¿Qué pasa si mi medicamento no está en la lista?

Entendemos que solo usted y su médico saben qué es lo mejor para usted. Si desea tomar un medicamento que no está en la lista de medicamentos, es posible que tenga que pagar el costo total del mismo. También puede hablar con su médico o farmacéutico para ver si hay otro medicamento cubierto por su plan que funcione igual de bien, o si los medicamentos genéricos o de venta libre son una opción. Solo usted y su médico pueden decidir qué medicamentos son adecuados para usted.

Si un medicamento que está tomando no está cubierto, su médico puede pedirnos que revisemos la cobertura. Este proceso se denomina aprobación previa o autorización previa.

Su médico puede iniciar el proceso completando una autorización previa electrónica, llamando al número de Servicios para Miembros que figura en el reverso de su tarjeta de identificación de miembro o descargando un formulario de autorización previa de nuestro sitio web y enviándolo. Si su solicitud es aprobada, la cantidad que pague por el medicamento dependerá del beneficio de su plan.

Hay algunas opciones para que su médico inicie el proceso de autorización previa (PA):

1. Envíe una solicitud de PA electrónica yendo a <https://www.covermy meds.com/main/partners/anthem>.
2. Inicie sesión en anthem.com/ca y elija **Farmacia**.
 - o Vaya a **Recursos de farmacia** y busque su medicamento en su lista de medicamentos.
 - o Elija la concentración y la forma correctas del medicamento.
 - o Desplácese hacia abajo hasta **Definición de restricciones** y busque el formulario de fax correspondiente en la tabla.
 - o Su médico [completa y nos envía el formulario](#) por fax al 844-474-3347.
3. Llamar al número de Servicios para Miembros que figura en el reverso de su tarjeta de identificación de miembro.

Si el anticonceptivo que está tomando no está en el formulario, su médico puede comunicarse con nosotros si es médicamente necesario porque los anticonceptivos preferidos son inapropiados para usted, y renunciaremos a su costo compartido.

¿Quién decide qué medicamentos están en la lista?

Los medicamentos en la lista se revisan a través de nuestro proceso de Farmacia y Terapéutica (P&T). En este proceso, un grupo de médicos, farmacéuticos y otros profesionales de la salud independientes deciden qué medicamentos incluimos en nuestras listas. Este grupo se reúne regularmente para analizar medicamentos nuevos y existentes y recomienda medicamentos en función de cuán seguros son, qué tan bien funcionan y el valor que ofrecen a nuestros miembros.

¿Qué es un medicamento especializado y cómo puedo obtenerlo?

Si está tomando un medicamento que se considera un medicamento especializado, es posible que deba usar una farmacia especializada para su medicamento. para ser cubierto. Los medicamentos especializados vienen en muchas formas, como píldoras, líquidos, inyecciones (inyecciones), infusiones o inhaladores, y pueden necesitar almacenamiento y manejo especiales. Por lo general, los beneficios para medicamentos especializados que se autoadministran estarán cubiertos por el beneficio de farmacia. Los beneficios para medicamentos especializados que se le administran en el consultorio de su proveedor generalmente están cubiertos por su beneficio médico. Si usa farmacias que no están en la red, es posible que su medicamento no esté cubierto y que tenga que pagar el costo total. Para obtener más detalles sobre su cobertura, puede llamar al número de teléfono que figura en su tarjeta de identificación de miembro.

¿Cambia la lista de medicamentos y cómo sabré si lo hace?

Los medicamentos en nuestra lista se revisan y actualizan mensualmente. A veces, los medicamentos se agregan, eliminan, cambian de nivel o tienen requisitos actualizados. Los cambios generalmente entrarán en vigencia el primer día del mes. Pero no se preocupe, le informaremos si un medicamento que toma se elimina de la lista y, en algunos casos, si un medicamento que toma se mueve a un nivel superior.

Siempre puede revisar la lista de medicamentos para asegurarse de que los medicamentos que toma todavía estén en ella. Encontrará la lista de medicamentos más actualizada cuando inicie sesión en anthem.com/ca.

¿Qué tipo de medicamentos puedo encontrar en el formulario?

Cubrimos medicamentos de atención preventiva aprobados por la FDA con costo compartido cero en cumplimiento con la Ley de Cuidado de Salud a Bajo Precio (ACA) y las regulaciones estatales de California. Es posible que su médico deba escribir una receta para que estos servicios preventivos estén cubiertos por su plan, incluso si figuran como de venta libre. La disponibilidad o cobertura de estos medicamentos sin costo compartido puede estar sujeta a criterios establecidos por el plan de salud.

Cubrimos equipos y suministros aprobados por la FDA para el manejo y tratamiento de la diabetes que usa insulina, la diabetes que no usa insulina y la diabetes gestacional según sea médicamente necesario. La medicación abarca insulina, bombas de insulina y agentes hipoglucemiantes orales. Los suministros y equipos cubiertos se limitan a monitores de glucosa, tiras reactivas, jeringas y lancetas. Los beneficios cubiertos también incluyen el autocontrol ambulatorio y los servicios educativos utilizados para tratar la diabetes si los servicios se proporcionan a través de un programa autorizado por el Proyecto de Control de la Diabetes del Estado dentro de la Oficina de Salud.

¿Qué medicamentos puedo encontrar en cada nivel?

Colocamos los medicamentos en diferentes niveles según lo bien que funcionan para mejorar la salud, si hay opciones de venta libre (OTC) y sus costos en comparación con otros medicamentos utilizados para el mismo tipo de tratamiento. Cuanto más bajo sea el nivel, menor será su parte del costo. Aquí hay un desglose de los niveles en su plan:

- Los medicamentos de nivel 1 tienen el costo compartido más bajo para usted. Por lo general, estos son medicamentos genéricos que ofrecen el mejor valor en comparación con otros medicamentos que tratan las mismas afecciones. Algunos planes dividen el Nivel 1 en Nivel 1a y Nivel 1b:
 - Los medicamentos de nivel 1a tienen el costo compartido más bajo. Estos son a menudo medicamentos genéricos que ofrecen el mayor valor en comparación con otros que tratan las mismas condiciones.
 - Los medicamentos de nivel 1b tienen una participación de bajo costo. Por lo general, estos son medicamentos genéricos que ofrecen el mayor valor en comparación con otros que tratan las mismas afecciones.
- Los medicamentos de Nivel 2 tienen un costo compartido más alto que el Nivel 1. Pueden ser medicamentos de marca preferidos, según lo bien que funcionen y su costo en comparación con otros medicamentos utilizados para el mismo tipo de tratamiento. Algunos son medicamentos genéricos que pueden costar más porque son más nuevos en el mercado.
- Los medicamentos de nivel 3 tienen el costo compartido más alto. A menudo incluyen medicamentos de marca y genéricos que pueden costar más que los medicamentos en niveles inferiores que se usan para tratar la misma afección. El Nivel 3 también puede incluir medicamentos que fueron aprobados recientemente por la FDA o medicamentos especializados que se usan para tratar afecciones de salud graves a largo plazo y que pueden necesitar un manejo especial.

¿Cómo sabré si mi medicamento está cubierto y cuánto me costará?

A través de Internet, con la herramienta [Precios de medicamentos](#), puede obtener información sobre la cobertura y los precios de los medicamentos de una serie de farmacias minoristas de su código postal.

Nota: Para medicamentos de quimioterapia oral: a pesar de cualquier deducible, el monto total de copagos y coseguros que un asegurado debe pagar no excederá los doscientos dólares (\$ 200) por una receta individual de hasta un suministro de 30 días de un medicamento contra el cáncer recetado administrado por vía oral cubierto por la póliza.

¿Cómo promueve Anthem la seguridad?

Cuando vaya a una farmacia, el farmacéutico recibirá un mensaje electrónico de Anthem si un medicamento necesita autorización previa, requiere terapia escalonada o tiene un límite en la cantidad que se puede administrar. Aquí hay un vistazo más de cerca a todos los programas que hemos implementado para ayudar a asegurarnos de que reciba la atención que necesita, mientras lo ayudamos a mantenerse seguro. ¹

Nuestros programas de edición clínica son:

- Autorización previa, que requiere que obtenga la aprobación antes de tomar un medicamento. Esto ayuda a asegurarse de que un medicamento se use correctamente y se centre en los medicamentos que pueden tener:
 - Riesgo de efectos secundarios.
 - Riesgo de efectos nocivos cuando se toma con otros medicamentos.
 - Posibilidad de uso incorrecto o abuso.
 - Reglas de uso con ciertas condiciones.
- Terapia escalonada, que requiere que primero se prueben otros medicamentos. Se centra en si un medicamento es adecuado para su condición.
- Optimización de la dosis, que implica cambiar de tomar una dosis dos veces al día a una vez al día, cuando sea médicamente apropiado. Tomar menos dosis puede reducir sus costos; Una sola dosis más alta de un medicamento tomada una vez al día puede costar menos que una dosis más baja tomada dos veces al día.
- Los límites de cantidad imponen un límite en la cantidad en una receta y con qué frecuencia se puede volver a surtir.
 - Si una solicitud de resurtido se envía demasiado pronto o el médico prescribe una cantidad que es más alta de lo permitido, el medicamento no estará cubierto en ese momento.
 - Si hay razones médicas para recetar el medicamento como se dosificó originalmente, el médico puede solicitar una revisión por parte de nuestro Centro de Autorización Previa.

Además, si está tomando un medicamento que se considera un medicamento especializado, es posible que deba usar una farmacia especializada para que su medicamento esté cubierto.

¿Cómo inicia mi médico el proceso de autorización previa?

Si su medicamento está en nuestro formulario pero requiere un PA o terapia escalonada, hay algunas opciones para que su médico inicie el proceso de autorización previa (PA):

1. Envíe una solicitud de PA electrónica yendo a <https://www.covermymeds.com/main/partners/anthem>.
2. Inicie sesión en anthem.com/ca y elija Farmacia.
 - Vaya a Recursos de farmacia y busque su medicamento en su lista de medicamentos.
 - Elija la concentración y la forma correctas del medicamento.
 - Desplácese hacia abajo hasta Definición de restricciones y busque el formulario de fax correspondiente en la tabla.
 - Su médico completa el formulario y lo envía por fax a Anthem al 844-474-3347.
3. Llame al número de Servicios para Miembros de Pharmacy que figura en el reverso de su tarjeta de identificación de miembro.

¿Qué es la terapia escalonada? ¿Cómo funciona?

La terapia escalonada requiere probar otros medicamentos antes de que ciertos medicamentos puedan estar cubiertos. La farmacia le informará si se requiere terapia escalonada y primero debe probar el medicamento o tratamiento incluido en el programa. Si el medicamento o tratamiento no trata bien la afección, el médico puede comunicarse con nuestro Centro de autorización previa para solicitar que aprobemos el medicamento original. ¹

Algunas notas más sobre el proceso de excepción:

- Si no respondemos a una solicitud de autorización previa o de excepción de terapia escalonada completada dentro de las 72 horas posteriores a la recepción de una solicitud no urgente y las 24 horas posteriores a la recepción de una solicitud basada en circunstancias apremiantes, la solicitud se considera aprobada y no podemos denegar ninguna solicitud posterior de este medicamento.
- No se preocupe, si ha cambiado de póliza, no le pediremos que repita una solicitud de terapia escalonada aprobada que ya se esté utilizando para tratar una afección médica, siempre que el medicamento aún se recete adecuadamente y se considere seguro y eficaz.

Una nota sobre los analgésicos opioides. El costo compartido de los miembros para ciertos analgésicos opioides disuasorios del abuso puede ser menor en algunos estados debido a las leyes de esos estados. Los analgésicos opioides son un tipo de analgésico. En respuesta a la epidemia mundial de opioides, la Administración de Alimentos y Medicamentos de los Estados Unidos (FDA, por sus siglas en inglés) ha alentado a los fabricantes de medicamentos a desarrollar opioides con propiedades que ayuden a disuadir su uso indebido y abuso.

Los medicamentos pueden ser excluidos de la lista según el diseño de beneficios de su plan.

¹ Si el Centro de Autorización Previa concluye que el reclamo de receta debe ser denegado, los miembros y sus médicos recibirán cartas que explican las apelaciones y / o el proceso de quejas.
