6 Tier Pharmacy Formulary

INTRODUCTION

Mass General Brigham Health Plan covers a wide variety of safe and effective medications for treating our members' medical needs. This list of the plan's covered medications shows the tier in which medications are placed. You can use this list to find out if your drug is covered and at which tier. Check the plan documents such as the schedule of benefits, the summary of benefits and coverage, or the benefit handbook for details on coverage and cost sharing. If you are a member, you can also view your prescription drug coverage information by logging in to **Member.MGBHP.org**.

This list of covered medications is continually updated based on recommendations by Mass General Brigham Health Plan's Pharmacy & Therapeutics Committee.

It is always a good idea to discuss your medication options with your doctor to decide which is the most appropriate to treat your specific medical condition.
