

Keystone 65 Rx HMO, Personal Choice 65SM Rx PPO, and Select Option[®] Rx PDP Plans 2027 Prior Authorization Criteria

This document contains important information about some of the drugs we cover in your health plan.

At Independence Blue Cross (IBX), we work to make sure you get the medications that are safe and right for you. One way we do this is by asking you to use pharmacies in our network. Another way is through a process called **prior authorization**.

This document explains:

- what prior authorization is
- which drugs it applies to
- what to do if your drug is affected

This document was last updated on 9/1/2026. For the most up-to-date information, or if you have questions, we're here to help.

You can call **1-888-678-7009** (TTY/TDD: **711**) **seven days a week, 8 a.m. to 8 p.m.** From April 1 through September 30, calls on weekends and holidays may go to voicemail.

You can also visit ibxmedicare.com to search your drug list (formulary) or view and download any other plan documents.

What is prior authorization?

Some drugs need approval before they are covered. This is called **prior authorization**.

We use this process to help make sure the drug is safe, works for your condition, and is right for you.

Prior authorization means:

- You or your doctor needs to ask us before you fill the drug.
- We review the request.
- If we approve it, we will cover the drug.
- If we do not approve it, we may not cover the drug.

If you or your doctor believes this drug is the right choice for you, but it is not approved, you can ask us:

- To make an exception, or
- About other drugs that may work for you

You can find a list of drugs that require prior authorization in this document.

You can also find more details in your plan's *Formulary* (drug list) and your *Evidence of Coverage*.

How to use this document

Find your drug in the index on page **295**. Then read all the information listed for that drug.

If your drug has "PA" in the "Requirements" column of your health plan's drug formulary, you can find more details in this document.

In this document:

- "We," "us," and "our" mean Independence Blue Cross.
- "Plan" and "our plan" mean Select Option Rx.

Independence Blue Cross offers PPO, HMO-POS, and HMO Medicare Advantage plans with a Medicare contract. Enrollment in Independence Blue Cross PPO, HMO-POS, and HMO Medicare Advantage plans depends on contract renewal. Select Option is a PDP plan with a Medicare contract. Enrollment in Select Option PDP depends on contract renewal.

Independence Blue Cross offers products through its subsidiaries and affiliates including Independence Assurance Company, Independence Hospital Indemnity Plan, Keystone Health Plan East, and QCC Insurance Company — independent licensees of the Blue Cross and Blue Shield Association.
