

# 2026 Formulary

Priority Health Medicare

## List of Covered Drugs or “Drug List”

*Please read:*

*This document contains information about the drugs we cover in this plan.*

Y0056\_NCMS100010852603D\_C 07212025

ID 26328, Version 7

This formulary was updated on 9/2/2025. For more recent information or other questions, please contact Priority Health Medicare Customer Care toll-free at 888.389.6648 (TTY: 711). From Oct. 1 – Mar. 31, we’re available seven days a week from 8 a.m. – 8 p.m. ET. From Apr. 1 – Sept. 30, we’re available Mon. – Fri. from 8 a.m. – 8 p.m. and Sat. 8 a.m. - noon ET. You can also log in to your member account at [priorityhealth.com](https://priorityhealth.com) to send us a message, or visit [prioritymedicare.com](https://prioritymedicare.com).

This formulary was last updated on 9/2/2025

**Note to existing members:**

This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (formulary) refers to “we,” “us”, or “our,” it means Priority Health. When it refers to “plan” or “our plan,” it means Priority Health Medicare.

This document includes the Drug List (formulary) for our plan which is current as of January 1, 2026. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2026, and from time to time during the year.

**What is the Priority Health Medicare formulary?**

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Priority Health Medicare in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Priority Health Medicare will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Priority Health Medicare network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: [priorityhealth.com/formulary/medicare/individual-current-year](https://priorityhealth.com/formulary/medicare/individual-current-year).

**Changes that can affect you this year:** In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitution of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug or adding certain new biosimilar versions of an original biological product that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the Priority Health Medicare Formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost sharing tier or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/ or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Priority Health Medicare Formulary?”

### **Changes that will not affect you if you are currently taking the drug:**

Generally, if you are taking a drug on our 2026 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2026 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of January 1, 2026. To get updated information about the drugs covered by Priority Health Medicare, please contact us. Our contact information appears on the front and back cover pages. If there are significant changes to the formulary, you may receive a letter in the mail outlining those changes.

## **How do I use the formulary?**

There are two ways to find your drug within the formulary:

### **1. Medical Condition**

The formulary begins on page 15. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents.” If you know what your drug is used for, look for the category name in the list that begins on page 15. Then look under the category name for your drug.

### **2. Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on the page following the Drug List. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## **What are generic drugs?**

Priority Health Medicare covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

## **What are original biological products and how are they related to biosimilars?**

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, “The Drug List tells which Part D drugs are covered.”

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Priority Health Medicare requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from Priority Health Medicare before you fill your prescriptions. If you don't get approval, Priority Health Medicare may not cover the drug.
- **Quantity Limits:** For certain drugs, Priority Health Medicare limits the amount of the drug that Priority Health Medicare will cover. For example, Priority Health Medicare provides 60 tablets per prescription for ENTRESTO. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Priority Health Medicare requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Priority Health Medicare may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Priority Health Medicare will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 15. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Priority Health Medicare to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Priority Health Medicare Formulary?" below for information about how to request an exception.

## What if my drug is not on the formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Care and ask if your drug is covered.

If you learn that Priority Health Medicare does not cover your drug, you have two options:

- You can ask Customer Care for a list of similar drugs that are covered by Priority Health Medicare. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Priority Health Medicare.
- You can ask Priority Health Medicare to make an exception and cover your drug. See below for information about how to request an exception.

## How do I request an exception to the Priority Health Medicare Formulary?

You can ask Priority Health Medicare to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, Priority Health Medicare limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at a lower cost-sharing level unless the drug is on the specialty tier. If approved this would lower the amount you must pay for your drug.

Generally, Priority Health Medicare will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask us for a tiering or formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

## **What can I do if my drug is not on the formulary or has a restriction?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Priority Health Medicare provides members experiencing a level of care change with a transition supply of at least 30 days of medication unless the prescription is written for fewer days.

## **For more information**

For more detailed information about your Priority Health Medicare prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Priority Health Medicare, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit *medicare.gov*.

# Priority Health Medicare Formulary

The formulary that begins on page 15 provides coverage information about the drugs covered by Priority Health Medicare. If you have trouble finding your drug in the list, turn to the Index that begins on the page following the Drug List.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., ELIQUIS) and generic drugs are listed in lower-case italics (e.g., *atorvastatin*).

The information in the Requirements/Limits column tells you if Priority Health Medicare has any special requirements for coverage of your drug.

## List of Abbreviations

**B/D: Part B vs. Part D.** This drug requires prior authorization and may be covered differently under Medicare Part B (medical services) or D (prescription drug coverage) depending on your circumstances. Information may need to be submitted by your doctor describing the use and setting of the drug to make the determination.

### **EA: Each**

**ED: Excluded Drug.** This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug. Only our **PriorityMedicare**<sup>®</sup> Thrive and **PriorityMedicare**<sup>®</sup> Thrive Plus plans offer coverage for these excluded drugs.

### **GM: Grams**

**HI: Home Infusion.** This prescription drug may be covered under our medical benefit. For more information, call Customer Care at toll-free 888.389.6648 (TTY: 711). From Oct. 1 – Mar. 31, we're available seven days a week from 8 a.m. – 8 p.m. ET. From Apr. 1 – Sept. 30, we're available Mon. – Fri. from 8 a.m. – 8 p.m. and Sat. 8 a.m. - noon ET. You can also log in to your member account at [priorityhealth.com](http://priorityhealth.com) to send us a message, or visit [prioritymedicare.com](http://prioritymedicare.com).

**LA: Limited Availability.** This prescription may be available only at certain pharmacies. For more information, consult your Provider/Pharmacy Directory or call Customer Care at toll-free 888.389.6648 (TTY:711). From Oct. 1 – Mar. 31, we're available seven days a week from 8 a.m. – 8 p.m. ET. From Apr. 1 – Sept. 30, we're available Mon. – Fri. from 8 a.m. – 8 p.m. and Sat. 8 a.m. - noon ET. You can also log in to your member account at [priorityhealth.com](http://priorityhealth.com) to send us a message, or visit [prioritymedicare.com](http://prioritymedicare.com).

**ML: Milliliters**

**NE: No Express Scripts.** This drug is not available to be filled at Express Scripts Home Delivery Pharmacy.

**PA: Prior Authorization.** Priority Health Medicare requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Priority Health Medicare before you fill your prescriptions. If you don't get approval, Priority Health Medicare may not cover the drug.

**QL: Quantity Limit.** For certain drugs, Priority Health Medicare limits the amount of the drug that Priority Health Medicare will cover. For example, Priority Health Medicare provides 60 tablets per 30-day prescription of ENTRESTO. This may be in addition to a standard one-month or three-month supply.

**ST: Step Therapy.** In some cases, Priority Health Medicare requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Priority Health Medicare may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Priority Health Medicare will then cover Drug B.

## Understanding your copayments/coinsurance

The tables below list the Priority Health Medicare drug tiers and the copayment or coinsurance amount associated with each tier during the initial coverage stage.

Drug Tiers	Priority Medicare® Key (HMO-POS)	Priority Medicare® Value (HMO-POS)	Priority Medicare® (HMO-POS)	Priority Medicare® Vintage (HMO-POS)	Priority Medicare® Smart Savings (HMO-POS)
<b>Preferred retail pharmacy: one-month (30-day) supply</b>

**English** - ATTENTION: If you speak English, free language assistance services are available to you. Appropriate auxiliary aids and services to provide information in accessible formats are also available free of charge. Call 800.942.0954 (TTY: 711) or speak to your provider.

**French (Français)** - ATTENTION : Si vous parlez Français, des services d'assistance linguistique gratuits sont à votre disposition. Des aides et services auxiliaires appropriés pour fournir des informations dans des formats accessibles sont également disponibles gratuitement. Appelez le 800.942.0954 (TTY: 711) ou parlez à votre fournisseur.

**German (Deutsch)** - ACHTUNG: Wenn Sie Deutsch sprechen, stehen Ihnen kostenlose Sprachassistentendienste zur Verfügung. Entsprechende Hilfsmittel und Dienste zur Bereitstellung von Informationen in barrierefreien Formaten stehen ebenfalls kostenlos zur Verfügung. Rufen Sie 800.942.0954 (TTY: 711) an oder sprechen Sie mit Ihrem Provider.

**Haitian Creole (Kreyòl Ayisyen)** - ATANSYON: Si w pale Kreyòl Ayisyen, gen sèvis èd aladispozisyon w gratis pou lang ou pale a. Èd ak sèvis siplemantè apwopriye pou bay enfòmasyon nan fòm aksesib yo disponib gratis tou. Rele nan 800.942.0954 (TTY: 711) oswa pale avèk founisè w la.

**Hindi (हिंदी)** - ध्यान दें: यदि आप हिंदी बोलते हैं, तो आपके लिए निःशुल्क भाषा सहायता सेवाएं उपलब्ध होती हैं। सुलभ प्रारूपों में जानकारी प्रदान करने के लिए उपयुक्त सहायक साधन और सेवाएँ भी निःशुल्क उपलब्ध हैं। 800.942.0954 (TTY: 711) पर कॉल करें या अपने प्रदाता से बात करें।

**Italian (Italiano)** - ATTENZIONE: se parli Italiano, sono disponibili servizi di assistenza linguistica gratuiti. Sono inoltre disponibili gratuitamente ausili e servizi ausiliari adeguati per fornire informazioni in formati accessibili. Chiama l'800.942.0954 (TTY: 711) o parla con il tuo fornitore.

**Japanese (日本語)** - 注: 日本語を話される場合、無料の言語支援サービスをご利用いただけます。アクセシブル(誰もが利用できるよう配慮された)な形式で情報を提供するための適切な補助支援やサービスも無料でご利用いただけます。800.942.0954 (TTY: 711) までお電話ください。または、ご利用の事業者にご相談ください。

**Korean (한국어)** - 주의: [한국어]를 사용하시는 경우 무료 언어 지원 서비스를 이용하실 수 있습니다. 이용 가능한 형식으로 정보를 제공하는 적절한 보조 기구 및 서비스도 무료로 제공됩니다. 800.942.0954 (TTY: 711) 번으로 전화하거나 서비스 제공업체에 문의하십시오.

**Polish (Polski)** - UWAGA: Osoby mówiące po polsku mogą skorzystać z bezpłatnej pomocy językowej. Dodatkowe pomoce i usługi zapewniające informacje w dostępnych formatach są również dostępne bezpłatnie. Zadzwoń pod numer 800.942.0954 (TTY: 711) lub porozmawiaj ze swoim dostawcą.

**Russian (Русский)** - ВНИМАНИЕ: Если вы говорите на русский, вам доступны бесплатные услуги языковой поддержки. Соответствующие вспомогательные средства и услуги по предоставлению информации в доступных форматах также предоставляются бесплатно. Позвоните по телефону 800.942.0954 (TTY: 711) или обратитесь к своему поставщику услуг.

**Serbian (Srpski)** - ПАЖЊА: Ако говорите језиком који није енглески, доступне су вам услуге бесплатне помоћи у вези језика. Одговарајућа помоћна средства и услуге ради пружања информација у приступачном формату су такође доступни без накнаде. Позовите 800.942.0954 (TTY: 711) или разговарајте са пружаоцем услуга.

**Spanish (Español)** - ATENCIÓN: Si habla español, tiene a su disposición servicios gratuitos de asistencia lingüística. También están disponibles de forma gratuita ayuda y servicios auxiliares apropiados para proporcionar información en formatos accesibles. Llame al 800.942.0954 (TTY: 711) o hable con su proveedor.

**Tagalog** - PAALALA: Kung nagsasalita ka ng Tagalog, magagamit mo ang mga libreng serbisyong tulong sa wika. Magagamit din nang libre ang mga naaangkop na auxiliary na tulong at serbisyo upang magbigay ng impormasyon sa mga naa-access na format. Tumawag sa 800.942.0954 (TTY: 711) o makipag-usap sa iyong provider.

**Urdu (اردو)** - توجہ دیں: اگر آپ اردو بولتے ہیں، تو آپ کے لیے زبان کی مفت مدد کی خدمات دستیاب ہیں۔ قابل رسائی فارمیٹس میں معلومات فراہم کرنے کے لیے مناسب معاون امداد اور خدمات بھی مفت دستیاب ہیں 800.942.0954 (TTY: 711) پر کال کریں یا اپنے فراہم کنندہ سے بات کریں۔

**Vietnamese (Tiếng Việt)** - LƯU Ý: Nếu bạn nói tiếng Việt, chúng tôi cung cấp miễn phí các dịch vụ hỗ trợ ngôn ngữ. Các hỗ trợ dịch vụ phù hợp để cung cấp thông tin theo các định dạng dễ tiếp cận cũng được cung cấp miễn phí. Vui lòng gọi theo số 800.942.0954 (TTY: 711) hoặc trao đổi với người cung cấp dịch vụ của bạn.

This formulary was updated on 9/2/2025. For more recent information or other questions, please contact Priority Health Medicare Customer Care toll-free at 888.389.6648 (TTY: 711). From Oct. 1 – Mar. 31, we’re available seven days a week from 8 a.m. – 8 p.m. ET. From Apr. 1 – Sept. 30, we’re available Mon. – Fri. from 8 a.m. – 8 p.m. and Sat. 8 a.m. - noon ET. You can also log in to your member account at [priorityhealth.com](https://priorityhealth.com) to send us a message, or visit [prioritymedicare.com](https://prioritymedicare.com). The Formulary may change at any time. You will receive notice when necessary.

The pharmacy network and/or provider network may change at any time. You will receive notice when necessary. Priority Health Medicare’s pharmacy network offers limited access to pharmacies with preferred cost-sharing in Michigan. The lower costs advertised in our plan materials for these pharmacies may not be available at the pharmacy you use. For up-to-date information about our network pharmacies, including pharmacies with preferred cost-sharing, please call 888.389.6648, TTY users should call 711, or consult the online Provider/Pharmacy Directory at [prioritymedicare.com](https://prioritymedicare.com).
