

# Providence Medicare Advantage Plans 2024 Formulary (List of Covered Drugs) : Choice Plan

---

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT  
THE DRUGS WE COVER IN OUR CHOICE + RX (HMO-POS) PLAN.

Formulary ID:00024037

Version: 19

This formulary was updated on 03/19/2024

For more recent information or other questions, please contact Providence Health Assurance Customer Service at 503-574-8000 or 1-800-603-2340 (TTY users should call 711), seven days a week, between 8 a.m. and 8 p.m. (Pacific Time), or visit [ProvidenceHealthAssurance.com](https://www.ProvidenceHealthAssurance.com).

# PROVIDENCE MEDICARE ADVANTAGE PLANS

## CHOICE + RX (HMO-POS)

### 2024 Formulary

### (List of Covered Drugs)

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means Providence Health Assurance. When it refers to “plan” or “our plan,” it means Providence Medicare Choice + Rx (HMO-POS).

This document includes a list of the drugs (formulary) for our plan which is current as of 03/2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

## What is the Providence Medicare Advantage Plans Choice + Rx (HMO-POS) Formulary?

A formulary is a list of covered drugs selected by Providence Medicare Choice + Rx (HMO-POS) in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Providence Medicare Choice + Rx (HMO-POS) will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Providence Medicare Choice + Rx (HMO-POS) network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but Providence Medicare Choice + Rx (HMO-POS) may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

**Changes that can affect you this year:** In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
  - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the Providence Medicare Advantage Plans Choice + Rx (HMO-POS)'s Formulary?"
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand-name drug currently on the formulary; or add new restrictions to the brand-name drug or move it to a different cost sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify

affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug at retail or mail-order or 31-day supply of the drug at long-term care (LTC).

- If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the Providence Medicare Advantage Plans Choice + Rx (HMO-POS)'s Formulary?"

**Changes that will not affect you if you are currently taking the drug.** Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 03/2024. To get updated information about the drugs covered by Providence Medicare Choice + Rx (HMO-POS), please contact us. Our contact information appears on the front and back cover pages. In the event of mid-year non-maintenance formulary changes, we will either notify you via the Explanation of Benefits (EOBs) or errata sheet of changes.

## **How do I use the Formulary?**

There are two ways to find your drug within the formulary:

### **Medical Condition**

The formulary begins on page 4. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Agents". If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

### **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 107. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## **What are generic drugs?**

Providence Medicare Choice + Rx (HMO-POS) covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Providence Medicare Choice + Rx (HMO-POS) requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Providence Medicare Choice + Rx (HMO-POS) before you fill your prescriptions. If you don't get approval, Providence Medicare Choice + Rx (HMO-POS) may not cover the drug.
- **Quantity Limits:** For certain drugs, Providence Medicare Choice + Rx (HMO-POS) limits the amount of the drug that Providence Medicare Choice + Rx (HMO-POS) will cover. For example, Providence Medicare Choice + Rx (HMO-POS) provides 2 tablets per day per prescription for Xtampza ER®. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Providence Medicare Choice + Rx (HMO-POS) requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Providence Medicare Choice + Rx (HMO-POS) may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Providence Medicare Choice + Rx (HMO-POS) will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 4. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Providence Medicare Choice + Rx (HMO-POS) to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Providence Medicare Advantage Plans Choice + Rx (HMO-POS)'s formulary?" on page vi for information about how to request an exception.

## What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Service and ask if your drug is covered.

If you learn that Providence Medicare Choice + Rx (HMO-POS) does not cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by Providence Medicare Choice + Rx (HMO-POS). When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Providence Medicare Choice + Rx (HMO-POS).

- You can ask Providence Medicare Choice + Rx (HMO-POS) to make an exception and cover your drug. See below for information about how to request an exception.

## How do I request an exception to the Providence Medicare Advantage Plans Choice + Rx (HMO-POS)'s Formulary?

You can ask Providence Medicare Choice + Rx (HMO-POS) to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level unless the drug is on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Providence Medicare Choice + Rx (HMO-POS) limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Providence Medicare Choice + Rx (HMO-POS) will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tier, or utilization restriction exception. **When you request a formulary, tier, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

## What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right

course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

<b>Level of care change:</b>	<b>Day Supply</b>
For members transitioning from a SNF to LTC:	31-day supply
SNF to Home (Retail):	30-day supply
LTC-LTC:	31-day supply
Hospital to Home (Retail):	30-day supply

### **For more information**

For more detailed information about your Providence Medicare Choice + Rx (HMO-POS) prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Providence Medicare Choice + Rx (HMO-POS), please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

### **Providence Medicare Choice + Rx (HMO-POS)'s Formulary**

The formulary that begins on page 4 provides coverage information about the drugs covered by Providence Medicare Choice + Rx (HMO-POS). If you have trouble finding your drug in the list, turn to the Index that begins on page 107.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., JANUVIA®) and generic drugs are listed in lower-case italics (e.g., *lisinopril*).

The second column of the chart lists the Drug Tier. The Drug Tier name lets you know the amount you will pay at the pharmacy.

- Tier 1 is the lowest cost share tier, and you will pay your preferred generic copay.
- Tier 2 you will pay your generic drug copay.
- Tier 3 you will pay your preferred brand-name drug copay.
- Tier 4 you will pay your non-preferred drug copay.
- Tier 5 is the highest cost share tier, and you will pay your specialty coinsurance.

Please note that the generic and brand-name status of a drug may be different during the Coverage Gap Phase as determined by the Food and Drug Administration (FDA) regulatory status.

The information in the Requirements/Limits column tells you if Providence Medicare Choice + Rx (HMO-POS) has any special requirements for coverage of your drug.

The following abbreviations may be found within the body of this document

COVERAGE NOTES ABBREVIATIONS

ABBREVIATION	DESCRIPTION	EXPLANATION
Utilization Management Restrictions		
PA	Prior Authorization Restriction	You (or your physician) are required to get prior authorization from Providence Medicare Choice + Rx (HMO-POS) before you fill your prescription for this drug. Without prior approval, Providence Medicare Choice + Rx (HMO-POS) may not cover this drug.
QL	Quantity Limit Restriction	Providence Medicare Choice + Rx (HMO-POS) limits the amount of this drug that is covered per prescription, or within a specific time frame.
ST	Step Therapy Restriction	Before Providence Medicare Choice + Rx (HMO-POS) will provide coverage for this drug, you must first try another drug to treat your medical condition. This drug may only be covered if the other drug does not work for you.
Other Special Requirements for Coverage		
LA	Limited Access Drug	This prescription may be available only at certain pharmacies. For more information consult your Provider and Pharmacy Directory or call Customer Service at 503-574-8000 or 1-800-603-2340 (TTY users should call 711), seven days a week, between 8 a.m. and 8 p.m. (Pacific Time), or visit <a href="http://www.providencehealthassurance.com">www.providencehealthassurance.com</a> .
AC	Additional Coverage	We provide additional coverage of this Tier 1 or Tier 2 prescription drug in the coverage gap. Please refer to our Evidence of Coverage for more information about this coverage.
ED	Excluded Drugs	This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs. In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug.

## Multi-Language Insert

### Multi-language Interpreter Services

**English:** We have free interpreter services to answer any questions you may have about our health or drug plan. To get an interpreter, just call us at 1-800-603-2340 (TTY: 711). Someone who speaks English/Language can help you. This is a free service.

**Spanish:** Tenemos servicios de intérprete sin costo alguno para responder cualquier pregunta que pueda tener sobre nuestro plan de salud o medicamentos. Para hablar con un intérprete, por favor llame al 1-800-603-2340 (TTY: 711). Alguien que hable español le podrá ayudar. Este es un servicio gratuito.

**Chinese Mandarin:** 我们提供免费的翻译服务，帮助您解答关于健康或药物保险的任何疑问。如果您需要此翻译服务，请致电 1-800-603-2340 (TTY: 711)。我们的中文工作人员很乐意帮助您。这是一项免费服务。

**Chinese Cantonese:** 您對我們的健康或藥物保險可能存有疑問，為此我們提供免費的翻譯服務。如需翻譯服務，請致電 1-800-603-2340 (TTY: 711)。我們講中文的人員將樂意為您提供幫助。這是一項免費服務。

**Tagalog:** Mayroon kaming libreng serbisyo sa pagsasaling-wika upang masagot ang anumang mga katanungan ninyo hinggil sa aming planong pangkalusugan o panggamot. Upang makakuha ng tagasaling-wika, tawagan lamang kami sa 1-800-603-2340 (TTY: 711). Maaari kayong tulungan ng isang nakakapagsalita ng Tagalog. Ito ay libreng serbisyo.

**French:** Nous proposons des services gratuits d'interprétation pour répondre à toutes vos questions relatives à notre régime de santé ou d'assurance-médicaments. Pour accéder au service d'interprétation, il vous suffit de nous appeler au 1-800-603-2340 (TTY: 711). Un interlocuteur parlant Français pourra vous aider. Ce service est gratuit.

Drug Name	Tier	Requirements/Limits
<i>fluticasone propion-salmeterol inhalation blister with device 100-50 mcg/dose, 250-50 mcg/dose, 500-50 mcg/dose</i>	2	QL (60 EA per 30 days); AC
<i>ipratropium-albuterol inhalation solution for nebulization 0.5 mg-3 mg(2.5 mg base)/3 ml</i>	2	PA; AC
NUCALA SUBCUTANEOUS AUTO-INJECTOR 100 MG/ML	5	PA; QL (3 ML per 28 days); LA
NUCALA SUBCUTANEOUS RECON SOLN 100 MG	5	PA; QL (3 EA per 28 days); LA
NUCALA SUBCUTANEOUS SYRINGE 100 MG/ML	5	PA; QL (3 ML per 28 days); LA
NUCALA SUBCUTANEOUS SYRINGE 40 MG/0.4 ML	5	PA; QL (0.4 ML per 28 days); LA
STIOLTO RESPIMAT INHALATION MIST 2.5-2.5 MCG/ACTUATION	3	QL (4 GM per 30 days)
TRELEGY ELLIPTA INHALATION BLISTER WITH DEVICE 100-62.5-25 MCG, 200-62.5-25 MCG	3	QL (60 EA per 30 days)
WIXELA INHUB INHALATION BLISTER WITH DEVICE 100-50 MCG/DOSE, 250-50 MCG/DOSE, 500-50 MCG/DOSE	2	QL (60 EA per 30 days); AC
<b>SKELETAL MUSCLE RELAXANTS</b>		
<b>Skeletal Muscle Relaxants</b>		
<i>cyclobenzaprine oral tablet 10 mg, 5 mg</i>	2	AC
<i>cyclobenzaprine oral tablet 7.5 mg</i>	3	
<i>methocarbamol oral tablet 500 mg, 750 mg</i>	2	AC
<b>SLEEP DISORDER AGENTS</b>		
<b>Sleep Promoting Agents</b>		
<i>eszopiclone oral tablet 1 mg</i>	3	QL (3 EA per 1 day)
<i>eszopiclone oral tablet 2 mg, 3 mg</i>	3	QL (1 EA per 1 day)
HETLIOZ LQ ORAL SUSPENSION 4 MG/ML	5	PA; QL (5 ML per 1 day); LA
<i>tasimelteon oral capsule 20 mg</i>	5	PA; QL (1 EA per 1 day)
<i>temazepam oral capsule 15 mg, 30 mg</i>	2	AC
<i>temazepam oral capsule 7.5 mg</i>	4	QL (1 EA per 1 day)
<i>zaleplon oral capsule 10 mg</i>	3	QL (2 EA per 1 day)
<i>zaleplon oral capsule 5 mg</i>	3	QL (4 EA per 1 day)
<i>zolpidem oral tablet 10 mg</i>	2	QL (1 EA per 1 day); AC
<i>zolpidem oral tablet 5 mg</i>	2	QL (2 EA per 1 day); AC
<b>Wakefulness Promoting Agents</b>		
<i>armodafinil oral tablet 150 mg, 200 mg, 250 mg, 50 mg</i>	3	
<i>modafinil oral tablet 100 mg, 200 mg</i>	3	

You can find information on what the symbols and abbreviations on this table mean by going to the Introduction.

Drug Name	Tier	Requirements/Limits
<i>sodium oxybate oral solution 500 mg/ml</i>	5	PA; QL (18 ML per 1 day); LA
SUNOSI ORAL TABLET 150 MG, 75 MG	4	PA; QL (1 EA per 1 day)
WAKIX ORAL TABLET 17.8 MG, 4.45 MG	5	PA; QL (2 EA per 1 day); LA
XYWAV ORAL SOLUTION 0.5 GRAM/ML	5	PA; QL (18 ML per 1 day); LA

You can find information on what the symbols and abbreviations on this table mean by going to the Introduction.

## Our Mission

As expressions of God's healing love, witnessed through the ministry of Jesus, we are steadfast in serving all, especially those who are poor and vulnerable.

## Our Values

Compassion | Dignity | Justice | Excellence | Integrity

## We're here to help.
