

INTRODUCTION

Health Share/Providence has a list of covered drugs called a Formulary. A committee of doctors and pharmacists decide which drugs should be on this list.

The current formulary is on our Health Share/Providence website:

[HTTP://ProvidenceHealthPlan.com/OHP](http://ProvidenceHealthPlan.com/OHP). You can also call our Customer Service team with questions about covered drugs using one of the following numbers between 8 a.m. - 5 p.m., Monday through Friday:

- Customer Service: 503-574-8200
- Toll-Free: 1-800-898-8174
- TTY/TDD users should call 711

GETTING YOUR PRESCRIPTION COVERED

Some drugs may require our approval, also called a prior authorization. This means your doctor will need to check with us before we will cover the drug. If we do not cover the drug, you can ask your doctor if there is a different drug on the formulary that will work for you.

If there is not another drug that will work for you, you can ask your doctor to mail or fax us a Prior Authorization Form.

DRUGS THAT ARE NOT COVERED

- Drugs not listed in the formulary
- Drugs removed from the formulary in updates
- Drugs used to treat conditions that are not covered by the Oregon Health Plan, such as fibromyalgia, allergic rhinitis, acne and chronic back pain
- Drugs that have specific age restrictions
- Drugs used for cosmetic purposes
- Drugs used for non-medically accepted reasons
- Drugs that are experimental and used in research studies
- Drug kits are excluded, unless the product is only available as a kit. Kits typically contain a pre-packaged drug along with items you need to use with the drug (e.g. gloves, shampoo)
- Prenatal vitamins that contain docosahexaenoic acid (DHA).

Mental health drugs are covered directly by Oregon Health Plan (OHP), not by Health Share/Providence. These drugs are not listed in the Health Share/Providence formulary.

Please ask your pharmacy or contact your mental health service provider for more information on mental health drug coverage. We cover Over-the-Counter (OTC) drugs only if they are listed in the formulary. These OTC drugs are covered if your doctor gives you a prescription.

HOW DO I USE THE FORMULARY?

Covered drugs are listed by what medical condition they treat. If you have high blood pressure, look under cardiovascular agents. If you use an inhaler, look under respiratory tract/pulmonary agents. The formulary will tell you if there are any coverage restrictions.

WHAT IS A COVERAGE RESTRICTION?

Some drugs may have special rules for us to cover them. The formulary will tell you if your drug has a restriction. Most drugs are available for 90-day supply per fill on select maintenance drugs. These drugs are referenced in the Health Share/Providence formulary as “ELIGIBLE FOR 90 DAY SUPPLY”. All other drugs are available up to 30-day supply per fill.

Exceptions:

Members will be limited to a 7-day supply of opioids if there is no history of the member filling an opioid drug in our system in the past 108 days.

Prior Authorization (PA)

If a medication has PA next to it, your doctor will need to send us a prior authorization request. We cannot pay for the drug unless we approve the request in advance.

Quantity Limit (QL, QLC)

If a drug has QL or QLC next to it, it means we will only cover a certain amount. Your doctor will need to send us a prior authorization request to cover more than this amount.

Step Therapy (ST)

Step Therapy means we may ask you to try another drug first. If the drug we ask you to try first does not work for you, we will cover the other drug.

Over-the-Counter (OTC)

There are some OTC drugs on the formulary. We will cover these if your doctor writes you a prescription. You will need to give the prescription to the pharmacist.

CAN THE FORMULARY CHANGE?

Yes, Health Share/Providence makes regular formulary updates. Formulary updates are posted on the following website <https://healthplans.providence.org/members/pharmacy-resources/>. Generally, drugs on the formulary should not change during the year unless:

- The same medication becomes available in generic form
- The FDA views a drug to be unsafe
- The drug's manufacturer removes the drug from the market

HOW DO I FILL MY PRESCRIPTION?

Fill your prescription at a Health Share/Providence Network Pharmacy. Each time you fill your prescription, show your Health Share/Providence identification card. You can look through our online provider directory at <http://phppd.providence.org> to find a pharmacy. If you have questions or need help finding a pharmacy call our Customer Service team at the numbers listed above.

Specialty Medications

Medications that have a status as specialty on the formulary must be processed/obtained through our Providence Specialty network. Specialty drugs are available through [Credena Health](#), located at 6348 NE Halsey St., Suite A, Portland, OR 97213. To reach Credena Health by phone, call 503-962-1700 or 1-855-360-5476. For more information, please call Providence Health Plan customer service at 503-574-8200 or 800-898-8174 (TTY: 711)

WHAT IF MY DRUG IS NOT ON THE FORMULARY?

If your drug is not on the formulary, it means we do not cover it. Your doctor can send us a prior authorization form if they think a formulary drug is not right for you. We will review your doctor's request. We may approve this request if another formulary drug would likely not work for you.

WHAT IF I URGENTLY NEED A DRUG THAT IS NOT ON THE FORMULARY?

You may need a drug urgently that is not on our formulary. If this happens, you, your appointed representative or doctor will need to contact us immediately or call us after office hours. In all cases we will review the request within one day (24 hours) of receiving the request.

WHAT IF PROVIDENCE DENIES MY PRIOR AUTHORIZATION OR FORMULARY EXCEPTION REQUEST?

If we deny your request, you have the right to appeal and ask us to change our decision. You can do this by requesting an Appeal. We must receive your request **within 60 days** from the date of notice. Call our Customer Service team at the numbers listed above. They can explain how to send us your appeal.

REFILL-TOO-SOON EXCEPTIONS

The earliest date that you can refill a prescription after getting a 30-day supply is 23 days after the last refill. If there has been a change in your prescription order from your doctor and you need more medication than the current directions, please contact your pharmacy or provider for an updated prescription.

You can have this letter in large print, another language, or any way that is better for you. Please call HealthShare/Providence Customer Service: 503-574-8200 or 1-800-898-8174 (TTY/TDD: 711)
