

Excellus BlueCross BlueShield Medicare Employer Group Plans

2025 Formulary (List of Covered Drugs or “Drug List”)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN

This formulary was updated on 7/01/2025. For more recent information or other questions, please contact Excellus BlueCross BlueShield at 1-877-883-9577 (TTY users should call 711). From October 1 - March 31, you can call us seven days a week from 8:00 a.m. to 8:00 p.m. From April 1 - September 30, you can call us Monday to Friday from 8:00 a.m. to 8:00 p.m., or visit ExcellusMedicare.com/Formulary.

Note to existing members: This Formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

Excellus BlueCross BlueShield is an HMO and PPO plan with a Medicare contract. Enrollment in Excellus BlueCross BlueShield depends on contract renewal.

When this Drug List (Formulary) refers to "we," "us," or "our," it means Excellus BlueCross BlueShield. When it refers to "plan" or "our plan," it means Excellus BlueCross BlueShield.

This document includes a Drug List (Formulary) for our plan which is current as of 7/01/2025. For an updated Drug List (Formulary), please contact us. Our contact information, along with the date we last updated the Drug List (Formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

What is the Excellus BlueCross BlueShield Medicare Employer Group Formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: ExcellusMedicare.com/Formulary

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled "How do I request an exception to the Excellus BlueCross BlueShield Medicare Employer Group Plans Formulary?"

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the formulary, or add a new biosimilar to replace an original biological product currently on the formulary, or add new restrictions or move a drug we are keeping on the formulary to a higher cost-sharing tier or both after we add a corresponding drug. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.
 - If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Excellus BlueCross BlueShield Medicare Employer Group Plans Formulary?”.

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2025 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 7/01/2025. To get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents”. If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 75. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Our plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered”.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.
- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that our plan will cover. For example, our plan provides 60 tablets per prescription for ENTRESTO. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Excellus BlueCross BlueShield Medicare Employer Group Plans Formulary?” on page IV for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Care and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

- You can ask Customer Care for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by our plan.
- You can ask our plan to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Excellus BlueCross BlueShield Medicare Employer Group Plans Formulary?

You can ask our plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, the plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at a lower cost-sharing level. If approved this would lower the amount you must pay for your drug.

Generally, our plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or applying the restriction would not be as effective in treating your condition and/ or would cause you to have adverse medical effects.

You or your prescriber should contact us to ask for a tiering or formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) exception if you believe, and we agree that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Any member experiencing a level of care change, such as a change in their treatment setting, will be provided a one time, up to 31-day supply of medication. This includes emergency supplies of non-formulary drugs and most Part D drugs which require prior authorization or step therapy, or that have an approved quantity limit lower than the beneficiary's current dose.

For more information

For more detailed information about your Excellus BlueCross BlueShield prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about our plan, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

DESCRIPTION OF TIERS

TIER 1	Most generic drugs on our formulary.
TIER 2	Brand-name drugs on our formulary. Certain generic drugs may appear in Tier 2 due to the high cost of the drug or the potential safety concerns for our Part D members.

The formulary that begins on the next page provides coverage information about the drugs covered by the plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 75.

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug.

B/D PA	PART B VS D DETERMINATION. This prescription drug requires review to determine if the drug is covered under Part D (drug benefit) or Part B (medical benefit).
EX	EXCLUDED FROM PART D COVERAGE. This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug.
PA	PRIOR AUTHORIZATION. Certain medications require prior authorization. This means that you need approval before you fill your prescription. If you don't get approval, the drug may not be covered.
QL	QUANTITY LIMITS. For certain drugs, we limit the amount of the drug that we will cover. For example, we provide 60 tablets per 30-day prescription for ENTRESTO.
RV	RECOMMENDED VACCINE. Our plan covers all Part D adult vaccines recommended by the Advisory Committee on Immunization Practices (ACIP) at no member cost, regardless of tier.
ST	STEP THERAPY. We require you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

For each insulin product covered by our plan, your cost will be no more than \$35 for each 30-day supply and no more than \$70 for each 90-day supply, regardless of tier. For more detailed information about your insulin copays, please review your Evidence of Coverage (EOC).

<i>cefdinir oral capsule</i>	1	
<i>cefdinir oral suspension for reconstitution</i>	2	
<i>cefe pime injection</i>	2	

You can find information on what the symbols and abbreviations on this table mean by going to page VI.

DRUG NAME	DRUG TIER	REQUIREMENTS/LIMITS
cefixime	2	
cefoxitin	2	
cefpodoxime oral suspension for reconstitution	2	
cefpodoxime oral tablet	1	
cefprozil oral suspension for reconstitution	2	
cefprozil oral tablet	1	
ceftazidime	2	
ceftriaxone injection recon soln 1 gram, 10 gram, 2 gram, 250 mg, 500 mg	2	
cefuroxime oral tablet	1	
cefuroxime sodium injection recon soln 750 mg	2	
cefuroxime sodium intravenous recon soln 1.5 gram	2	
cephalexin oral capsule 250 mg, 500 mg	1	
cephalexin oral capsule 750 mg	2	
cephalexin oral suspension for reconstitution	1	
cephalexin oral tablet	1	
TEFLARO	2	
Beta-Lactam, Penicillins		
amoxicillin oral capsule	1	
amoxicillin oral suspension for reconstitution	1	
amoxicillin oral tablet	1	
amoxicillin oral tablet, chewable 125 mg, 250 mg	1	
amoxicillin-clavulanate oral suspension for reconstitution 200-28.5 mg/5 ml, 250-62.5 mg/5 ml, 400-57 mg/5 ml, 600-42.9 mg/5 ml	2	
amoxicillin-clavulanate oral tablet 250-125 mg, 500-125 mg, 875-125 mg	1	
amoxicillin-clavulanate oral tablet extended release 12 hr 1,000-62.5 mg	2	
amoxicillin-clavulanate oral tablet, chewable 200-28.5 mg, 400-57 mg	2	
ampicillin oral capsule	1	
ampicillin sodium injection recon soln 1 gram, 10 gram, 125 mg	2	
ampicillin sodium injection recon soln 2 gram, 250 mg, 500 mg	1	
ampicillin sodium intravenous recon soln 2 gram	1	
ampicillin-sulbactam injection	2	
BICILLIN C-R	2	
BICILLIN L-A	2	
dicloxacillin	1	
LETOCILIN S	2	
nafcillin injection	2	
oxacillin	2	

You can find information on what the symbols and abbreviations on this table mean by going to page VI.

DRUG NAME	DRUG TIER	REQUIREMENTS/LIMITS
oxacillin in dextrose (iso-osmotic)	2	
penicillin g potassium in dextrose intravenous piggyback 2 million unit/50 ml, 3 million unit/50 ml	2	
penicillin g sodium	2	
penicillin v potassium	1	
PFIZERPEN-G	1	
piperacillin-tazobactam intravenous recon soln 2.25 gram, 3.375 gram, 4.5 gram, 40.5 gram	2	
Carbapenems		
ertapenem	2	
imipenem-cilastatin intravenous recon soln 500 mg	2	
meropenem intravenous recon soln 1 gram, 500 mg	2	
VABOMERE	2	
Macrolides		
azithromycin	1	
clarithromycin oral suspension for reconstitution	2	
clarithromycin oral tablet	1	
clarithromycin oral tablet extended release 24 hr	2	
DIFICID	2	
E.E.S. 400 ORAL TABLET	2	
ERYTHROCIN (AS STEARATE) ORAL TABLET 250 MG	2	
erythromycin ethylsuccinate oral tablet	2	
erythromycin oral capsule,delayed release(dr/ec) 250 mg	2	
erythromycin oral tablet 250 mg, 500 mg	2	
erythromycin oral tablet,delayed release (dr/ec) 250 mg, 333 mg, 500 mg	2	
Quinolones		
ciprofloxacin hcl oral tablet 250 mg, 500 mg, 750 mg	1	
ciprofloxacin in 5 % dextrose intravenous piggyback 200 mg/100 ml	2	
levofloxacin in d5w intravenous piggyback 500 mg/100 ml	2	
levofloxacin oral solution	2	
levofloxacin oral tablet	1	
moxifloxacin in nacl (iso-osmotic)	2	
moxifloxacin oral	2	
ofloxacin oral tablet 300 mg, 400 mg	2	
Sulfonamides		
sulfacetamide sodium (acne)	1	
sulfadiazine	1	
sulfamethoxazole-trimethoprim oral	1	

You can find information on what the symbols and abbreviations on this table mean by going to page VI.

amphetamine sulfate	2	PA
dextroamphetamine sulfate oral capsule, extended release	2	
dextroamphetamine sulfate oral solution	2	
dextroamphetamine sulfate oral tablet 10 mg, 5 mg	2	

You can find information on what the symbols and abbreviations on this table mean by going to page VI.

DRUG NAME	DRUG TIER	REQUIREMENTS/LIMITS
dextroamphetamine-amphetamine oral capsule,extended release 24hr 10 mg, 15 mg, 20 mg, 25 mg, 5 mg	2	QL (90 EA per 30 days)
dextroamphetamine-amphetamine oral capsule,extended release 24hr 30 mg	2	QL (60 EA per 30 days)
dextroamphetamine-amphetamine oral tablet	2	
lisdexamfetamine	2	QL (30 EA per 30 days)
methamphetamine	2	PA
Attention Deficit Hyperactivity Disorder Agents, Non-Amphetamines		
atomoxetine	2	
clonidine hcl oral tablet extended release 12 hr 0.1 mg	2	QL (120 EA per 30 days)
dexmethylphenidate oral capsule,er biphasic 50-50 10 mg, 5 mg	2	QL (60 EA per 30 days)
dexmethylphenidate oral capsule,er biphasic 50-50 15 mg, 20 mg, 25 mg, 30 mg, 35 mg, 40 mg	2	QL (30 EA per 30 days)
dexmethylphenidate oral tablet	2	
guanfacine oral tablet extended release 24 hr 1 mg, 2 mg	2	QL (60 EA per 30 days)
guanfacine oral tablet extended release 24 hr 3 mg, 4 mg	2	QL (30 EA per 30 days)
methylphenidate	2	QL (30 EA per 30 days)
methylphenidate hcl oral cap,er sprinkle,biphasic 40-60	2	QL (30 EA per 30 days)
methylphenidate hcl oral capsule, er biphasic 30-70 10 mg, 20 mg	2	QL (90 EA per 30 days)
methylphenidate hcl oral capsule, er biphasic 30-70 30 mg	2	QL (60 EA per 30 days)
methylphenidate hcl oral capsule, er biphasic 30-70 40 mg, 50 mg, 60 mg	2	QL (30 EA per 30 days)
methylphenidate hcl oral capsule,er biphasic 50-50 10 mg, 20 mg	2	QL (90 EA per 30 days)
methylphenidate hcl oral capsule,er biphasic 50-50 30 mg	2	QL (60 EA per 30 days)
methylphenidate hcl oral capsule,er biphasic 50-50 40 mg, 60 mg	2	QL (30 EA per 30 days)
methylphenidate hcl oral tablet	1	
methylphenidate hcl oral tablet extended release	1	
methylphenidate hcl oral tablet extended release 24hr 18 mg, 18 mg (bx rating), 27 mg, 27 mg (bx rating)	2	QL (90 EA per 30 days)
methylphenidate hcl oral tablet extended release 24hr 36 mg, 36 mg (bx rating), 54 mg, 54 mg (bx rating)	2	QL (60 EA per 30 days)
methylphenidate hcl oral tablet,chewable	2	
Central Nervous System, Other		
AUSTEDO ORAL TABLET 12 MG, 9 MG	2	PA; QL (120 EA per 30 days)
AUSTEDO ORAL TABLET 6 MG	2	PA; QL (60 EA per 30 days)

You can find information on what the symbols and abbreviations on this table mean by going to page VI.

DRUG NAME	DRUG TIER	REQUIREMENTS/LIMITS
AUSTEDO XR ORAL TABLET EXTENDED RELEASE 24 HR 12 MG, 18 MG, 30 MG, 36 MG, 42 MG, 48 MG	2	PA; QL (30 EA per 30 days)

Discrimination is Against the Law

Our Health Plan complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Our Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Our Health Plan:

Provides free aids and services to people with disabilities to communicate effectively with us, such as:

- Qualified sign language interpreters
- Written information in other formats (large print, audio, accessible electronic formats, other formats)

Provides free language services to people whose primary language is not English, such as:

- Qualified interpreters
- Information written in other languages

If you need these services, contact our dedicated Medicare Customer Care representatives at 1-877-883-9577, (TTY: 1-800-662-1220). Monday - Friday, 8 a.m. - 8 p.m.
From October 1 - March 31, 8 a.m. - 8 p.m., 7 days a week.

If you believe that our Health Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with:

Advocacy Department
Attn: Civil Rights Coordinator
PO Box 4717
Syracuse, NY 13221
Telephone Number: 1-800-614-6575 (TTY: 1-800-662-1220)
Fax Number: 315-671-6656

You can file a grievance in person, or by mail or fax. If you need help filing a grievance, our Health Plan's Civil Rights Coordinator is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, D.C. 20201

1-800-368-1019, 800-537-7697 (TDD)

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.

165 Court Street
Rochester, NY 14647
