List of Abbreviations

TIER:

1: Generic

2: Preferred

3: Non-Preferred

ACA: Affordable Care Act.

MS: Mandatory Specialty. Drug must be purchased at a participating network specialty pharmacy for coverage.

PA: Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

PV: Drug is on the Preventive Drug list for select High Deductible Health Plan benefits.

QL: Quantity Limit. For certain drugs, the Plan limits the amount of the drug that we will cover.

S: Specialty

ST: Step Therapy. In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

2026 Preferred Drug List Exclusions

The excluded medications shown below are not covered on the preferred drug list. If you're currently using one of the excluded medications, please ask your doctor to consider writing you a new prescription for one of the following preferred alternatives. Additional covered alternatives may be available. Costs for covered alternatives may vary. Not all the drugs listed are covered by all prescription plans; check your benefit materials for the specific drugs covered and the copayments for your plan. For specific questions about your coverage, please call the number on your member ID card. If there is a clinical reason, identified by your doctor, that requires you to continue taking your current medication, your doctor can request a coverage review.

[^] Multisource brand exclusion – The generic equivalent of this brand-name medication is covered under your plan. FDA-approved generic medications meet strict standards and contain the same active ingredients as their corresponding brand-name medications, although they may have a different appearance. As new generic medications become available, additional multisource brand products may become excluded.

Continuation of Therapy applies through June 30, 2026; Excluded for all utilizers effective July 1, 2026.

~ Pending generic availability
