Tufts Health Unify | 2022 *List of Covered Drugs* (Formulary)

Introduction

This document is called the *List of Covered Drugs* (also known as the Drug List). It tells you which prescription drugs and over-the-counter drugs (OTC) are covered by Tufts Health Unify. The Drug List also tells you if there are any special rules or restrictions on any drugs covered by Tufts Health Unify. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)

The drugs on the *List of Covered Drugs* that starts on page 1 are the drugs covered by Tufts Health Unify. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Tufts Health Unify will cover all drugs on the Drug List if:
 - Your doctor or other prescriber says you need them to get better or stay healthy,
 - Tufts Health Unify agrees that the drug is medically necessary for you, **and**
 - You fill the prescription at a Tufts Health Unify network pharmacy.
- In some cases, you have to do something before you can get a drug (refer to question B4 below).

You can also refer to an up-to-date list of drugs that we cover on our website at TuftsHealthUnify.org or call Member Services at **1.855.393.3154** (TTY: 711), seven days a week, from 8 a.m. to 8 p.m.

B2. Does the Drug List ever change?

Yes, and Tufts Health Unify must follow Medicare and MassHealth rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (Prior approval is permission from Tufts Health Unify before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- A new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- We learn that drug is not safe, **or**
- A drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check Tufts Health Unify's up to date Drug List online at TuftsHealthUnify.org.
- You can also call Member Services to check the current Drug List at **1.855.393.3154** (TTY: 711), seven days a week, from 8 a.m. to 8 p.m.

B3. What happens when there is a change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug, but your cost for the new drug will stay the same.

When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
 - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know. Call your doctor or other prescriber to discuss alternative drugs and to request a new prescription.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**
 - Replace a brand name drug currently on the Drug List **or**

If you have questions, please call Tufts Health Unify at **1.855.393.3154** (TTY: 711), seven days a week, from 8 a.m. to 8 p.m. The call is free. For more information, visit TuftsHealthUnify.org. v

- Change the coverage rules or limits for the brand name drug.

When these changes happen, we will

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. Please refer to question B10 for more information about exceptions.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization (or prior approval):** For some drugs, you or your doctor or other prescriber must get approval from Tufts Health Unify before you fill your prescription. Tufts Health Unify may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes Tufts Health Unify limits the amount of a drug you can get.
- **Step therapy:** Sometimes Tufts Health Unify requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables beginning on page 3. You can also get more information by visiting our website at TuftsHealthUnify.org.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table of drugs on page 3 has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if Tufts Health Unify changes their rules about some drugs (for example, prior authorization (approval), quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

B7. How can I find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically by the drug’s name, **or**
- You can search by medical condition.

To search **alphabetically**, go to the Index of Covered Drugs section.

To search **by medical condition**, find the section labeled “Drugs Grouped by Medical Condition”. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular agents: Drugs to treat heart conditions like high blood pressure & high cholesterol. That is where you will find drugs that treat heart conditions.

B8. What if the drug I want to take is not on the Drug List?

If you don’t find your drug on the Drug List, call Member Services at **1.855.393.3154** (TTY: 711), seven days a week, from 8 a.m. to 8 p.m. and ask about it. If you learn that Tufts Health Unify will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please refer to questions B10-B12 for more information about exceptions.

B9. What if I am a new Tufts Health Unify member and can’t find my drug on the Drug List or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of Tufts Health Unify. This will give you time to talk to your doctor or other

If you have questions, please call Tufts Health Unify at **1.855.393.3154** (TTY: 711), seven days a week, from 8 a.m. to 8 p.m. The call is free. **For more information**, visit TuftsHealthUnify.org.vii

prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- You are taking a drug that is not on our Drug List, **or**
- Health plan rules do not let you get the amount ordered by your prescriber, **or**
- The drug requires prior approval by Tufts Health Unify, **or**
- You are taking a drug that is part of a step therapy restriction.

If you are taking a drug that Tufts Health Unify does not consider to be a Part D drug, you have the right to get a one-time, 72-hour supply of the drug. You can find more information about getting a temporary supply of a drug in Chapter 5 of your *Member Handbook*.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one *31-day supply* of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Tufts Health Unify member.
- This is in addition to the temporary supply during the first 90 days you are a member of Tufts Health Unify.

As a current Tufts Health Unify member, if you are admitted to or discharged from a long-term facility and experience an unplanned drug change, you can request that we approve a one-time, temporary fill of the non-covered medication to allow you time to discuss a transition plan with your physician. Your physician can also request an exception to coverage for the non-covered drug based on review for medical necessity following the standard exception process outlined previously. The temporary “first fill” will generally be up to a 31-day supply, but it may be extended to allow you and your physician time to manage the complexities of multiple medications or when special circumstances warrant. You can request a temporary prescription fill by calling the Tufts Health Unify Member Services department at **1.855.393.3154** (TTY: 711), seven days a week, from 8 a.m. to 8 p.m.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask Tufts Health Unify to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, Tufts Health Unify may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
 - Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.
-

B11. How can I ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9 of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

First, we must get a statement from your prescriber supporting your request for an exception. To file a request, your provider or you may request an exception for coverage by mail, fax, by contacting Member Services, or by submitting a request via the Tufts Health Unify website. You can mail to:

Tufts Health Plan
ATTN: Pharmacy Utilization Management Department
705 Mount Auburn Street
Watertown, MA 02472

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

Tufts Health Unify covers both brand name drugs and generic drugs.

B14. What are OTC drugs?

OTC stands for "over-the-counter". Tufts Health Unify covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Tufts Health Unify Drug List to find out what OTC drugs are covered.

If you have questions, please call Tufts Health Unify at **1.855.393.3154** (TTY: 711), seven days a week, from 8 a.m. to 8 p.m. The call is free. **For more information**, visit TuftsHealthUnify.org. ix

B15. Does Tufts Health Unify cover non-drug OTC products?

Tufts Health Unify covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include (e.g., band-aids and gauze).

You can read the Tufts Health Unify Drug List to find out what non-drug OTC products are covered.

B16. Does Tufts Health Unify cover long-term supplies of prescriptions?

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 90-day supply of your prescription drugs sent directly to your home. A 90-day supply has the same copay as a one-month supply.
- **90-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 90-day supply of covered prescription drugs. A 90-day supply has the same copay as a one-month supply.

B17. Can I get prescriptions delivered to my home from my local pharmacy?

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

B18. What is my copay?

Tufts Health Unify members have no copays for prescription and OTC drugs as long as the member follows the plan's rules.

B19. What are drug tiers?

Tiers are groups of drugs on our Drug List.

- Tier 1 drugs are vaccines.
- Tier 2 drugs are generic drugs.
- Tier 3 drugs are brand-name drugs.
- Tier 4 drugs are MassHealth-covered OTC drugs.

Please note: All tiers have no copay.

C. Overview of the *List of Covered Drugs*

The following list of covered drugs gives you information about the drugs covered by Tufts Health Unify. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs at the end. The index alphabetically lists all drugs covered by Tufts Health Unify.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., e.g., ENTRESTO), and generic drugs are listed in lowercase italics (e.g., *lisinopril*)

The information in the “Necessary actions, restrictions, or limits on use” column tells you if Tufts Health Unify has any rules for covering your drug.

Note: The (*) next to a drug means the drug is not a “Part D drug.” The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage).

- In addition, if you are getting Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs. For more information on Extra Help, please refer to the call-out box.

Extra Help is a Medicare program that helps people with limited incomes and resources reduce Medicare Part D prescription drug costs, such as premiums, deductibles, and copays. Extra Help is also called the “Low-Income Subsidy,” or “LIS.”

- These drugs have different rules for appeals. An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or MassHealth.
- If you or your doctor disagrees with our decision, you can appeal.
- If you ever have a question, call Member Services at **1.855.393.3154** (TTY: 711), seven days a week, from 8 a.m. to 8 p.m. You can also read Chapter 9 of the *Member Handbook* to learn how to appeal a decision.

If you have questions, please call Tufts Health Unify at **1.855.393.3154** (TTY: 711), seven days a week, from 8 a.m. to 8 p.m. The call is free. For more information, visit TuftsHealthUnify.org. xi

C1. Drugs Grouped by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category “Cardiovascular agents: Drugs to treat heart conditions like high blood pressure & high cholesterol.” That is where you will find drugs that treat heart conditions.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

QL = Quantity limit: Limits the amount of a drug you can get.

PA = Prior authorization (approval): You must have approval from the plan before you can get this drug.

ST = Step therapy: You must try another drug before you can get this one.

NEDS = Non-extended day supply drug: In an effort to contain drug costs, certain high-cost drugs will be limited up to a 30-day supply per fill.

SP = Available through a designated special pharmacy provider. You have the option to obtain this drug through a designated specialty pharmacy provider. These pharmacies specialize in supplying a select number of medications directly to our members. They provide free delivery to your home, educational support 24/7 by phone, and the support of nurses and pharmacists. They also will work closely with your doctor. Medications include, but are not limited to, drugs used in the treatment of multiple sclerosis, hepatitis C, rheumatoid arthritis, and cancers treated with oral medications.

DISCRIMINATION IS AGAINST THE LAW

Tufts Health Plan complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.

Tufts Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, sex, sexual orientation, or gender identity.

Tufts Health Plan:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as qualified interpreters and information written in other languages

If you need these services, contact Tufts Health Plan at **855.393.3154**.

If you believe that Tufts Health Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with:

Tufts Health Plan

Attention: Civil Rights Coordinator, Legal Dept.

LA DISCRIMINACIÓN ES CONTRA LA LEY

Tufts Health Plan cumple con las leyes federales de derechos civiles aplicables y no discrimina por motivos de raza, color, nacionalidad, edad, discapacidad o sexo.

Tufts Health Plan no excluye a las personas ni las trata de forma diferente debido a su raza, color, nacionalidad, edad, discapacidad, sexo, orientación sexual o identidad de género.

Tufts Health Plan:

- Proporciona asistencia y servicios gratuitos a las personas con discapacidades para que se comuniquen de manera eficaz con nosotros, como los siguientes: información escrita en otros formatos (letra grande, audio, formatos electrónicos accesibles, otros formatos)
- Proporciona servicios lingüísticos gratuitos a personas cuya lengua materna no es el inglés, como los siguientes: intérpretes capacitados e información escrita en otros idiomas

Si necesita recibir estos servicios, comuníquese con Servicios para Miembros de Tufts Health Plan a **855.393.3154**.

Si considera que Tufts Health Plan no le proporcionó estos servicios o lo discriminó de otra manera por motivos de raza, color, nacionalidad, edad, discapacidad o sexo, puede presentar un reclamo a la siguiente persona:
