

Plan for your best health

Aetna Value Plus Plan: Allina Health | Aetna

Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies, including Aetna Life Insurance Company and its affiliates (Aetna). Aetna Pharmacy Management refers to an internal business unit of Aetna Health Management, LLC. Aetna Pharmacy Management administers, but does not offer, insure or otherwise underwrite the prescription drug benefits portion of your health plan and has no financial responsibility therefor.

How to use this guide

Your guide includes a list of commonly used drugs covered on your pharmacy plan. The amount you pay depends on the drug your doctor prescribes. It's either a flat fee or a percentage of the prescription's price after you meet your deductible, if applicable. Preferred generic drugs cost less. Preferred brand drugs will have a higher cost.

Your plan includes

- Brand and generic drugs that are hand-picked for their quality and effectiveness
- A specialty pharmacy that fills specialty prescriptions (ones that are injected, infused or taken by mouth) — and provides services that include personal support, helpful resources and training, and free secure home delivery
- A home delivery pharmacy that delivers maintenance drugs to your home or wherever you choose (for drugs that are taken regularly to treat conditions like diabetes or asthma)

What you can expect to pay

With your pharmacy plan, the amount you pay depends on the drug your doctor prescribes. It's either a flat fee or a percentage of the drug's/medicine's price.

Each drug is grouped as a generic, a brand or a specialty drug. The preferred drugs within these groups will generally save you money compared to a non-preferred drug. Typically, generic drugs are less expensive than brands.

Specialty prescription drugs typically include higher-cost drugs that require special handling, special storage or monitoring. These types of drugs may include, but are not limited to, drugs that are injected, infused, inhaled or taken by mouth.

You're covered for all types of medicine — some more expensive, and some less.

- **Preferred generic:** the lowest cost
- **Preferred brand:** a slightly higher cost
- **Non-preferred brand and generic:** a higher cost
- **Preferred Specialty:** lower cost for specialty drugs
- **Non-preferred Specialty:** higher cost for non-preferred specialty drugs

Your pharmacy plan may not have all the coverage levels listed above so check your plan documents to see how much you will pay.

For your exact coverage and cost, and to learn more about your plan

Visit the website that's on your member ID card. Then log in to your account, where you can:

- Find out the coverage* and estimate of cost for specific drugs
- View your deductibles and plan limits
- Order medications
- Check your pharmacy order status
- Get a member ID card
- View your claims, Explanation of Benefits and more

* Check your plan documents for coverage information. Your plan may not cover certain drugs such as infertility, erectile dysfunction, weight loss and smoking cessation.

Have more questions about your pharmacy benefits?

We're here to help. There are several ways you can learn more about your benefits:

- Check your Plan Design and Benefits Summary in your enrollment kit.
- Call the toll-free number on your member ID card.
- Review our pharmacy frequently asked questions (FAQs) and answers. Just visit the website that's on your member ID card to search for the "Pharmacy FAQ."

Specialty Pharmacy Network

An in-network specialty pharmacy can fill your prescriptions for specialty drugs. These are the types of drugs that may be injected, infused or taken by mouth. They often need special storage and handling. And they need to be delivered quickly. A nurse or pharmacist may monitor you during your treatment, if needed. With this type of pharmacy, you can get this medicine sent right to your home.

How to get started with a specialty pharmacy

Ordering your prescriptions through our specialty pharmacy is easy. And we typically offer a 30-day medicine supply.

- **To transfer your prescription**, just call us toll-free at **1-866-353-1892**.
- **For a new prescription**, your doctor can send it to us in one of four ways:
 - 1. Electronically:** Through e-prescribe
 - 2. Fax: 1-866-329-2779**
 - 3. Phone: 1-866-782-2779**, option 2

If you mail in your own prescription, please send it with a completed Patient Profile Form. To find this form, just visit the website that's on your member ID card, to search for the "Patient Profile Form."

CVS Caremark Mail Service Pharmacy™

You can have maintenance drugs sent right to your home or anywhere else you choose by CVS Caremark Mail Service Pharmacy. These are drugs that are taken regularly for chronic conditions like diabetes or asthma. Depending on your plan, you can get up to a 90-day supply of medicine for less cost. It's fast and convenient, and standard shipping is always free.

Get started right away

You can submit your order using one of these options:

- 1. Online** — Visit your secure member website and sign in to your account. There you can add or remove your prescriptions.
- 2. Phone** — Call us toll-free, 24/7 at **1-888-792-3862**. If you need the help of a telephone device for the hard of hearing, call **1-877-833-2779**.
- 3. Mail** — Get a new prescription from your doctor. Then mail it to us with a completed order form. You can find the form on your secure member website. The mailing address is on the form.

Your doctor can submit your order using one of these options:

- 1. Online** — They can submit your prescriptions using the e-prescribe services on our provider website.
- 2. Fax** — They can fax your prescription to **1-877-270-3317**. Make sure they include your member ID number, date of birth and mailing address on the fax cover sheet. Only a doctor may fax a prescription.

Frequently asked questions

How can I save on prescriptions?

Here are some tips to pay less out of pocket for your prescription drugs:

- Ask your doctor to consider prescribing drugs that are on the Pharmacy Drug Guide (formulary).
- Ask your doctor to consider prescribing generic drugs instead of brand-name drugs.
- Our home delivery pharmacy may save you money. For more information, visit the website on your member ID card and log in to your account.

What are generic drugs?

Generic drugs are proven to be just as safe and effective as brand-name drugs. They contain the same active ingredients in the same amounts as the brand-name drugs and work the same way. So they have the same risks and benefits as brand-name drugs. However, they typically cost less.

When appropriate, your doctor may decide to prescribe a generic drug or allow the pharmacist to substitute a generic drug.

What is precertification?

Precertification is one way that we can help you and your doctor find safe, appropriate drugs and keep costs down. Precertification means that you or your doctor need to get approval from the plan before certain drugs will be covered. Generally, precertification applies to drugs that:

- Are often taken in the wrong way
- Should only be used for certain conditions
- Often cost more than other drugs that are proven to be just as effective

Keep in mind that your doctor must contact us to request approval of coverage for these drugs.

What is step therapy?

Some drugs require step therapy. This means that you must try one or more prerequisite drug(s) before a step therapy drug is covered.

The prerequisite drugs have U.S. Food and Drug Administration (FDA) approval and may cost less. They treat the same condition as the step therapy drug.

If you don't try the appropriate prerequisite drug first, you may need to pay full cost for the step-therapy drug.

What are quantity limits?

Quantity limits help your doctor and pharmacist make sure that you use your drug correctly and safely. We use medical guidelines and FDA-approved recommendations from drug makers to set these coverage limits. The quantity limit program includes:

- **Dose efficiency edits** — Limits prescription coverage to one dose per day for drugs that have approval for once-daily dosing
- **Maximum daily dose** — If a prescription is lower than the minimum or higher than the maximum allowed dose, a message is sent to the pharmacy
- **Quantity limits over time** — Limits prescription coverage to a specific number of units over a specific amount of time

What if I need a drug that requires an exception to the precertification, step therapy or quantity limits requirements? Or what if I need a drug that's not covered under my plan?

In certain cases, you or your prescriber can request a medical exception to the precertification, step therapy or quantity limits requirements or for a drug that's not covered on your plan. You can ask for your request to be expedited. Expedited coverage decisions are made within 24 hours.

We'll then contact you or your prescriber with our decision. All medically necessary outpatient prescription drugs will be covered. If a medical exception is approved, you only need to pay the copay after the deductible. This amount is based on your pharmacy plan design.

How can your provider request a medical exception?

- Submit their request through our secure provider website on NaviNet*.
- Call the Aetna Pharmacy Precertification Unit: Non-Specialty **1-800-294-5979** or Specialty **1-866-814-5506**.
- Fax the completed request form to: Non-Specialty **1-888-836-0730** or Specialty **1-866-249-6155**.
- Mail the completed request form to:
Aetna Pharmacy Management
1300 East Campbell Road
Richardson, TX 75081

Pharmacy and Therapeutics (P&T) committee

The services of an independent National Pharmacy and Therapeutics Committee (“P&T Committee”) are utilized to approve safe and clinically effective drug therapies.

The P&T Committee is an external advisory body of clinical professionals from across the United States. The P&T Committee’s voting members include physicians, pharmacists, a pharmacoeconomist and a medical ethicist, all of whom have a broad background of clinical and academic expertise regarding prescription drugs.

Voting members of the P&T Committee are not employees of CVS Caremark and must disclose any financial relationship or conflicts of interest with any pharmaceutical manufacturers.

Can the formulary change during the year?

The formulary can change throughout the year. Some reasons why it can change include:

- New drugs are approved.
- Existing drugs are removed from the market.
- Prescription drugs may become available over the counter (without a prescription). Over-the-counter drugs are not generally covered in a formulary.
- Brand-name drugs lose patent protection and generic versions become available. When this happens, the generic drug will be covered in place of the brand-name drug. The brand-name drug is likely to become non-formulary or covered at a higher cost. See the “What are generic drugs?” section above for more information.

Nondiscrimination Notice

Allina Health | Aetna complies with applicable Federal civil rights laws and does not unlawfully discriminate, exclude or treat people differently based on their race, color, national origin, sex, age, or disability.

We provide free aids/services to people with disabilities and to people who need language assistance.

If you need a qualified interpreter, written information in other formats, translation or other services, call the number on your ID card.

Please note that if your prescription drug benefits plan changes, the information here may no longer apply.

Medications on the Aetna Drug Guide, precertification, step-therapy and quantity limits lists are subject to change.

A copayment is a flat fee. Coinsurance is a percentage of the rate that Aetna negotiates with the plan sponsor for covered prescriptions except as required by law to be otherwise. Some drugs on the Pharmacy Drug Guide (formulary) may be subject to manufacturer rebates. Coinsurance is calculated before any rebates are subtracted. That means it may be possible for your cost of a preferred drug to be higher than your cost of a non-preferred drug. Louisiana members: depending on your specific plan and the prescription medication in question, you may in some instances be subject to an excess consumer cost burden for prescription drugs as defined by your state.

Not all health services are covered. Your plan may not cover certain drugs such as infertility, erectile dysfunction, weight loss and smoking cessation. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change.

Aetna or its affiliate(s) may receive rebates from drug manufacturers. Rebates may reduce the amount a member pays the pharmacy for covered prescriptions. Information is subject to change. The drugs on the Pharmacy Drug Guide (formulary), Formulary Exclusions, Precertification, and Quantity Limit Lists are subject to change.

The quantity limits and step therapy drug coverage review programs are not available in all service areas. However, these programs are available to self-funded plans.

In accordance with state law, commercial fully insured members in Louisiana and Texas (except Federal Employee Health Benefit Plan members) who are receiving coverage for medications that are added or removed from the Pharmacy Drug Guide (formulary), Precertification, Quantity Limits or Step-Therapy Lists during the plan year will continue to have those medications covered at the same benefit level until their plan's renewal date. In Texas, precertification approval is known as "pre-service utilization review." It is not "verification" as defined by Texas law.

In accordance with state law, certain fully insured commercial California members (except Federal Employee Health Benefit Plan members) who obtained approval from an Aetna plan for coverage of drugs that are later added to the Preauthorization or Step Therapy Lists or removed from the Pharmacy Drug Guide will continue to have those drugs covered, for as long as the treating in-network provider continues prescribing them, provided that the drug is appropriately prescribed and is considered safe and effective for treating the enrollee's medical condition. Aetna reserves the right to periodically request clinical information from your provider to assess your medical condition and the appropriateness of your ongoing treatment. Failure to provide clinical information could result in subsequent denial of coverage for this medication.

In accordance with state law, fully insured Commercial Connecticut preferred provider organization (PPO) members (except Federal Employee Health Benefit Plan members) who are receiving coverage for medications that are added to the Precertification or Step-Therapy Lists will continue to have those medications covered for as long as the prescriber prescribes them, provided the drug is medically necessary and more medically beneficial than other covered drugs. Nothing in this section shall preclude the prescribing provider from prescribing another drug covered by the plan that is medically appropriate for the enrollee, nor shall anything in this section be construed to prohibit generic drug substitutions.

This material is for information only. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Aetna does not provide care or guarantee access to health services. Information is subject to change. CVS Caremark Mail Service Pharmacy is part of the CVS Health family of companies.

Coverage Requirements and Limits

= Brand-name drug expected to become available generically in the near future. After the generic drug becomes available, the brand-name drug may be covered at a higher non-preferred copay and/or added to the Formulary Exclusion List. The brand-name drug may also be subject to precertification and/or step-therapy.

AL = Age Limit

ARC = Age Restricted Coverage

IBC = Indication Based Coverage

LGC = Lowest Generic Copay

MPG = PG tier applies to members residing in Massachusetts.

MST = Step Therapy does not apply to members residing in Massachusetts.

N1 = Refer to member plan documents for erectile dysfunction use/coverage

N2 = Drug tier when CE does not apply

NPL = (National Precertification List) – Prior authorization, also called preauthorization or precertification, is required for all plans. Your doctor must contact us to request approval for coverage.

PA = Prior Authorization

PPA = Prior Authorization does not apply to members residing in Pennsylvania and Washington.

QL = Quantity Limit

Drug Tier

CE = Copay Exception: Available to some members at no cost with a prescription from your provider when obtained at an in-network pharmacy. Certain limitations may apply.

NF = Non-formulary, not covered unless exception request granted

NP = Non-Preferred Brand and Generic

NPSP = Non-Preferred Specialty

PB = Preferred Brand

PG = Preferred Generic

PSP = Preferred Specialty

lowercase italics = Generic drugs
UPPERCASE = Brand name drugs

Select OTC = Select OTC Program if your pharmacy plan includes this program you may have coverage for products noted with a doctors prescription. Please see your plan benefit information for specific coverage details.

SP = You may pay higher out of pocket costs and may be required to get these products at an Aetna Specialty Pharmacy network provider, like Aetna Specialty Pharmacy. Specialty products are limited to a 30 day supply.

ST = Step Therapy

UF11 = Covered at preferred tier with no PA, no ST for members residing in Illinois.

UF13 = Drug Specific Coverage

UF9 = Drug tier for Student Health members residing in Colorado.

Prescription Drug Name	Drug Tier	Coverage Requirements and Limits
ADHD/ANTI-NARCOLEPSY/ANTI-OBESITY/ANOREXIANTS - DRUGS FOR THE NERVOUS SYSTEM		
ADDERALL ORAL TABLET 10 MG, 12.5 MG, 15 MG, 20 MG, 30 MG, 5 MG, 7.5 MG (<i>amphetamine-dextroamphetamine</i>)	NP	ST; QL (4 tablets per 1 day)
ADDERALL XR ORAL CAPSULE EXTENDED RELEASE 24 HOUR 10 MG, 15 MG, 20 MG, 25 MG, 30 MG, 5 MG (<i>amphetamine-dextroamphetamine</i>)	NF

12/01/2020

Prescription Drug Name	Drug Tier	Coverage Requirements and Limits
SPRIX NASAL SOLUTION 15.75 MG/SPRAY (<i>ketorolac tromethamine</i>)	NF	
<i>sulindac oral tablet 150 mg, 200 mg</i>	PG	
<i>tolmetin sodium oral capsule 400 mg</i>	PG	
<i>tolmetin sodium oral tablet 600 mg</i>	PG	
VIMOVO ORAL TABLET DELAYED RELEASE 375-20 MG, 500-20 MG (<i>naproxen-esomeprazole</i>)	NF	
VIVLODEX ORAL CAPSULE 10 MG, 5 MG (<i>meloxicam</i>)	NF	#
XELJANZ ORAL TABLET 10 MG (<i>tofacitinib citrate</i>)	PSP	PA; IBC (Preferred agent for Ulcerative Colitis (after failure of Humira)); NPL; SP; QL (2 tablets per 1 day)
XELJANZ ORAL TABLET 5 MG (<i>tofacitinib citrate</i>)	PSP	PA; IBC (Preferred agent for Rheumatoid Arthritis and Ulcerative Colitis (after failure of Humira). Not covered for Psoriatic Arthritis.); NPL; SP; QL (60 tablets per 1 month)
XELJANZ XR ORAL TABLET EXTENDED RELEASE 24 HOUR 11 MG (<i>tofacitinib citrate</i>)	PSP	PA; IBC (Preferred agent for Rheumatoid Arthritis. Not covered for Psoriatic Arthritis.); NPL; SP; QL (30 tablets per 1 month)
XELJANZ XR ORAL TABLET EXTENDED RELEASE 24 HOUR 22 MG (<i>tofacitinib citrate</i>)	PSP	PA; IBC (Preferred agent for Ulcerative Colitis (after failure of Humira)); NPL; SP; QL (1 tablet per 1 day)
ZIPSOR ORAL CAPSULE 25 MG (<i>diclofenac potassium</i>)	NF	
ZORVOLEX ORAL CAPSULE 18 MG, 35 MG (<i>diclofenac</i>)	NF	
ANALGESICS - NONNARCOTIC - DRUGS FOR PAIN AND FEVER		
ALLZITAL ORAL TABLET 25-325 MG (<i>butalbital-acetaminophen</i>)	NF	
<i>aspirin 81 oral tablet delayed release 81 mg</i>	CE	N2 (Not Covered); ARC (Females start age 12, males start age 50); AL

Prescription Drug Name	Drug Tier	Coverage Requirements and Limits
<i>aspirin adult low dose oral tablet delayed release 81 mg</i>	CE	N2 (Not Covered); ARC (Females start age 12, males start age 50); AL
<i>aspirin childrens oral tablet chewable 81 mg</i>	CE	N2 (Not Covered); ARC (Females start age 12, males start age 50); AL
<i>aspirin low dose oral tablet chewable 81 mg</i>	CE	N2 (Not Covered); ARC (Females start age 12, males start age 50); AL
<i>aspirin low dose oral tablet delayed release 81 mg</i>	CE	N2 (Not Covered); ARC (Females start age 12, males start age 50); AL
<i>aspirin oral tablet chewable 81 mg</i>	CE	N2 (Not Covered); ARC (Females start age 12, males start age 50); AL
ASPIR-LOW ORAL TABLET DELAYED RELEASE 81 MG (<i>aspirin</i>)	CE	N2 (Not Covered); ARC (Females start age 12, males start age 50); AL
BAYER LOW DOSE ORAL TABLET CHEWABLE 81 MG (<i>aspirin</i>)	CE	N2 (Not Covered); ARC (Females start age 12, males start age 50); AL
BAYER LOW DOSE ORAL TABLET DELAYED RELEASE 81 MG (<i>aspirin</i>)	CE	N2 (Not Covered); ARC (Females start age 12, males start age 50); AL
<i>butalbital-acetaminophen (Bupap Oral Tablet 50-300 Mg)</i>	NF	
<i>butalbital-acetaminophen oral capsule 50-300 mg</i>	NF	
<i>butalbital-acetaminophen oral tablet 25-325 mg, 50-300 mg</i>	NF	
<i>butalbital-acetaminophen oral tablet 50-325 mg</i>	PG	
<i>butalbital-apap-caffeine oral capsule 50-300-40 mg, 50-325-40 mg</i>	PG	
<i>butalbital-apap-caffeine oral tablet 50-325-40 mg</i>	PG	
<i>butalbital-asa-caffeine oral capsule 50-325-40 mg</i>	PG	
<i>childrens aspirin low strength oral tablet chewable 81 mg</i>	CE	N2 (Not Covered); ARC (Females start age 12, males start age 50); AL
<i>childrens aspirin oral tablet chewable 81 mg</i>	CE	N2 (Not Covered); ARC (Females start age 12, males start age 50); AL
