

Aetna Health Exchange Plan - California - HMO

Visit www.aetna.com/formulary for the most up-to-date information. For a summary of your coverage or benefits plan log in to your secure member site at www.aetna.com. Or call the toll-free number on your member ID card.

The formulary is updated the first week of each month. The formulary is subject to change. Previous versions are no longer in effect.

The Medical plan names to which this document applies to in the state of California are listed below:

Plan Name

Aetna Value Network HMO
AWH Southern CA HMO
HMO Basic
HMO

Health benefits and health insurance plans are offered and/or underwritten by Aetna Health of California Inc. and/or Aetna Life Insurance Company (Aetna). Each insurer has sole financial responsibility for its own products. Pharmacy benefits are administered by an affiliated pharmacy benefit manager, CVS Caremark. Aetna is part of the CVS Health family of companies.

Definitions

Brand name drug means a drug that is marketed under a proprietary, trademark-protected name. A brand name drug is listed in this formulary in all CAPITAL letters.

Coinsurance means a percentage of the cost of a covered health care benefit that you pay after you have paid the deductible, if a deductible applies to the health care benefit.

Copayment means a fixed dollar amount that you pay for a covered health care benefit after you have paid the deductible, if a deductible applies to the health care benefit.

Deductible means the amount you pay for covered health care benefits that are subject to the deductible before your health insurer begins to pay. If your health insurance policy has a deductible, it may have either one deductible or separate deductibles for medical benefits and prescription drug benefits. After you pay your deductible, you usually pay only a copayment or coinsurance for covered health care benefits. Your insurance company pays the rest.

Drug Tier means a group of prescription drugs that correspond to a specified cost sharing tier in your health insurance policy. The drug tier in which a prescription drug is placed determines your portion of the cost for the drug.

Enrollee is a person enrolled in a health plan who is entitled to receive services from the plan. All references to enrollees in this formulary template shall also include subscribers as defined in this section below.

Exception request means a request for coverage of a non-formulary drug. If you, your designee, or your prescribing health care provider submits a request for coverage of a non-formulary drug, your insurer must cover the non-formulary drug when it is medically necessary for you to take the drug.

Exigent circumstances means when you are suffering from a medical condition that may seriously jeopardize your life, health, or ability to regain maximum function, or when you are undergoing a current course of treatment using a non-formulary drug.

Formulary or **prescription drug list** means the list of drugs that is covered by your health insurance policy under the prescription drug benefit of the policy.

Generic drug means a drug that is the same as its brand name drug equivalent in dosage, strength, effect, how it is taken, quality, safety, and intended use. A generic drug is listed in this formulary in bolded italicized lowercase letters.

Medically Necessary means health care benefits needed to diagnose, treat, or prevent a medical condition or its symptoms and that meet accepted standards of medicine. Health insurance usually does not cover health care benefits that are not medically necessary.

Medically necessary treatment of mental health and substance use disorders means a service or product addressing the specific needs of that patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, condition or its symptoms, including minimizing the progression of an illness, injury, condition, or its symptoms that are:

- In accordance with generally accepted standards of mental health disorder and substance use disorder care
- Clinically appropriate, in terms of type, frequency, extent, site and duration
- Not primarily for the economic benefit for us or the convenience of the patient, physician, or other health care provider

Refer to your Summary of Benefits for additional information about your coverage for medically necessary services to treat a mental health and/or substance use disorder.

For a summary of your coverage or benefits plan log in to your secure member site at www.aetna.com. Or call the toll-free number on your member ID card.

Non-formulary drug means a prescription drug that is not listed on this formulary.

Oral Anti-Cancer drugs Prescribed, orally administered anticancer medications used to kill or slow the growth of cancerous cells.

Out-of-pocket costs means your expenses for health care benefits that aren't reimbursed by your health insurance. Out-of-pocket costs include deductibles, copayments, and coinsurance for covered health care benefits, plus all costs for health care benefits that are not covered.

Prescribing provider means a health care provider who can write a prescription for a drug to diagnose, treat, or prevent a medical condition.

Prescription means an oral, written, or electronic order from a prescribing provider authorizing a prescription drug to be provided to a specific individual. **Prescription drug** means a drug that by law requires a prescription.

Preventive Health drugs Affordable Care Act (ACA) preventive health drugs, including contraceptive drugs and devices are covered at no cost with a prescription from your prescribing provider when obtained at an in-network pharmacy. Certain limitations may apply.

Prior Authorization means a decision by your health insurer that a health care benefit is medically necessary for you. If a prescription drug is subject to prior authorization in this formulary, your prescribing provider must request approval from your health insurer to cover the drug before you fill your prescription. Your health insurer must grant a prior authorization request when it is medically necessary for you to take the drug.

Step therapy means a specific sequence in which prescription drugs for a particular medical condition must be tried. If a drug is subject to step therapy in this formulary, you may have to try one or more other drugs before your health insurance policy will cover that drug for your medical condition. If your prescribing provider submits a request for an exception to the step therapy requirement, your health insurer must grant the request when it is medically necessary for you to take the drug.

Subscriber means the person who is responsible for payment to a plan or whose employment or other status, except for family dependency, is the basis for eligibility for membership in the plan.

How to use this guide

Your guide includes a list of commonly used drugs covered on your pharmacy plan. The amount you pay depends on the drug your health care provider prescribes. It's either a flat fee or a percentage of the prescription's price after you meet your deductible, if applicable. Preferred generic drugs cost less. Preferred brand drugs will have a higher cost.

Refer to the Summary of Benefits for differences and information about the prescription drugs covered under your Outpatient prescription drugs and medical benefit in your plan.

A prescription drug may be located by looking up the therapeutic category and class to which the drug belongs or the brand or generic name of the drug in the alphabetical index; and

If a generic equivalent for a brand name drug is not available on the market or is not covered, the drug will not be separately listed by its generic name.

- A drug is listed alphabetically by its brand and generic names in the therapeutic category and class to which it belongs;
- The generic name for a brand name drug is included after the brand name in parentheses and all lowercase bolded italicized letters. (For example: COREG (***carvedilol***))
- If a generic equivalent for a brand name drug is both available and covered, the generic drug will be listed separately from the brand name drug in all lowercase bolded italicized letters; and (For example: ***carvedilol***)
- If a generic drug is marketed under a proprietary, trademark-protected brand name, the brand name will be listed after the generic name in parentheses and regular typeface with the first letter of each word capitalized. (For example: ***desogestrel-ethinyl estradiol*** (Azurette)).
- Inclusion of a prescription drug on the formulary does not guarantee that your prescribing provider will prescribe the drug for a particular medical condition.
- Therapeutic categories and classes are based on the Medispan therapeutic classification system.

Your plan includes

- Brand and generic drugs that are hand-picked for their quality and effectiveness
- You can fill prescriptions at any participating (network) pharmacy unless it is a prescription for a specialty drug,

or your plan requires maintenance drugs to be dispensed by certain pharmacies. Aetna contracts with a wide network of retail pharmacies. To find a network pharmacy, visit www.aetna.com.

- A specialty pharmacy fills specialty drug prescriptions (ones that are injected, infused or taken by mouth) — and provides services that include personal support, helpful resources and training, and free secure home delivery
- A home delivery pharmacy that delivers maintenance drugs to your home or wherever you choose (for drugs that are taken regularly to treat conditions like diabetes or asthma)

What you can expect to pay

With your pharmacy plan, the amount you pay depends on the drug your health care provider prescribes. It's either a flat fee or a percentage of the drug's/medicine price. If a pharmacy's retail price for a prescription drug is less than your total cost share amount, you will not be required to pay more than the retail drug price.

Each drug is grouped as a generic, a brand or a specialty drug. The preferred drugs within these groups will generally save you money compared to a non-preferred drug. Typically, generic drugs are less expensive than brands.

Specialty prescription drugs typically include higher-cost drugs that require special handling, special storage or monitoring. These types of drugs may include, but are not limited to, drugs that are injected, infused, inhaled or taken by mouth.

Covered services are based on the drugs listed in the drug guide. We exclude prescription drugs not in the drug guide unless we approve a medical exception. If it is medically necessary for you to use a prescription drug that is not in this drug guide, you or your prescribing provider must request a medical exception.

You're covered for all types of medicine — some more expensive, and some less.

- **Tier 1:** Most generic and low-cost preferred brand
- **Tier 2:** Preferred brand and non-preferred generic
- **Tier 3:** Non-preferred brand
- **Tier 4:** Specialty

Your pharmacy plan may not have all the coverage levels listed above so check your plan documents to see how much you will pay, for example your copayments and maximum dollar amounts.

Oral Anti-Cancer drugs are covered at a \$0 cost share for drugs on the oral anti-cancer drug list unless you have an integrated medical/pharmacy deductible that needs to be met. Once you meet your deductible, you would pay \$0 for oral anti-cancer drugs on the drug list.

For your exact coverage and cost, and to learn more about your plan

Visit the website that's on your member ID card. Then log in to your account, where you can:

- Find out the coverage and estimate of cost for specific drugs
- View your deductibles and plan limits
- Order medications
- Check your pharmacy order status
- Get a member ID card
- View your claims, Explanation of Benefits and more

Have more questions about your pharmacy benefits?

We're here to help. There are several ways you can learn more about your benefits:

- Check your Plan Design and Benefits Summary in your enrollment kit.
- Call the toll-free number on your member ID card.
- Review our pharmacy frequently asked questions (FAQs) and answers. Just visit the website that's on your member ID card to search for the "Pharmacy FAQ".

Specialty Pharmacy Network

An in-network specialty pharmacy can fill your prescriptions for specialty drugs. These are the types of drugs that may be injected, infused or taken by mouth. They often need special storage and handling. And they need to be delivered quickly. A nurse or pharmacist may monitor your treatment, if needed. With this type of pharmacy, you can get this medicine sent right to our mailbox.

How to get started with a specialty pharmacy

Ordering your prescriptions through our specialty pharmacy is easy. And we typically offer a 30-day medicine supply.

- **To transfer your prescription**, just call us toll-free at [1-866-353-1892](tel:1-866-353-1892) (TTY: 711).
- **For a new prescription**, your prescribing provider can send it to us in one of four ways:
 - 1. Electronically:** Through e-prescribe
 - 2. Fax: 1-800-323-2445**
 - 3. Phone: [1-800-237-2767](tel:1-800-237-2767) (TTY: 711)**

If you mail in your own prescription, please send it with a completed Patient Profile Form. To find this form, just visit the website that's on your member ID card, to search for the "Patient Profile Form".

CVS Caremark Mail Service Pharmacy™

You can have maintenance drugs sent right to your home or anywhere else you choose with CVS Caremark Mail Service Pharmacy. These are drugs that are taken regularly for chronic conditions like diabetes or asthma. Depending on your plan, you can get up to a 90-day supply of medicine for less cost. It's fast and convenient, and standard shipping is always free.

Get started right away

You can submit your order using one of these options:

- 1. Online** — Visit your secure member website and sign in to your account. There you can add or remove your prescriptions.
- 2. Phone** — Call us toll-free, 24/7 at [1-888-792-3862](tel:1-888-792-3862) (TTY: [711](tel:1-877-833-2779)). If you need the help of a telephone device for the hard of hearing, call [1-877-833-2779](tel:1-877-833-2779) (TTY: [711](tel:1-877-833-2779)).
- 3. Mail** — Get a new prescription from your prescribing provider. Then mail it to us with a completed order form. You can find the form on your secure member website. The mailing address is on the form.

Your prescribing provider can submit your order using one of these options:

- 1. Online** — They can submit your prescriptions using the e-prescribe services on our provider website.
- 2. Fax** — They can fax your prescription to **1-877-270-3317**. Make sure they include your member ID number, date of birth and mailing address on the fax cover sheet. Only a prescribing provider may fax a prescription.

Frequently asked questions

How can I save on prescriptions?

Here are some tips to pay less out of pocket for your prescription drugs:

- Ask your prescribing provider to consider prescribing drugs that are on the Pharmacy Drug Guide (formulary).
- Ask your prescribing provider to consider prescribing generic drugs instead of brand-name drugs.
- Our home delivery service may save you money. For more information, visit the website on your member ID card and log in to your account.

What are generic drugs?

Generic drugs are proven to be just as safe and effective as brand-name drugs. They contain the same active ingredients in the same amounts as the brand-name drugs and work the same way. So they have the same risks and benefits as brand-name drugs. However, they typically cost less.

When appropriate, your prescribing provider may decide to prescribe a generic drug or allow the pharmacist to substitute a generic drug.

What is precertification/prior authorization (PA)?

Prior authorization is one way that we can help you and your prescribing provider find safe, appropriate drugs and keep costs down. Prior authorization means that you or your prescribing provider need to get approval from the plan before certain drugs will be covered. Generally, Prior authorization applies to drugs that:

- Are often taken in the wrong way
- Should only be used for certain conditions
- Often cost more than other drugs that are proven to be just as effective

Keep in mind that your prescribing provider must contact us to request approval of coverage for these drugs.

What is step therapy (ST)?

Some drugs require step therapy. This means that you must try one or more prerequisite drug(s) before a step therapy drug is covered.

The prerequisite drugs have U.S. Food and Drug Administration (FDA) approval and may cost less. They treat the same condition as the step therapy drug.

If you don't try the appropriate prerequisite drug(s) first, you may need to pay full cost for the step-therapy drug.

What are quantity limits (QL)?

Quantity limits help your prescribing provider and pharmacist make sure that you use your drug correctly and safely. We use medical guidelines and FDA-approved recommendations from drug makers to set these coverage limits. The quantity limit program includes:

- **Dose efficiency edits** — Limits prescription coverage to one dose per day for drugs that have approval for once-daily dosing
- **Maximum daily dose** — If a prescription is lower than the minimum or higher than the maximum allowed dose, a message is sent to the pharmacy
- **Quantity limits over time** — Limits prescription coverage to a specific number of units over a specific amount of time

What if I need a drug that requires an exception to the prior authorization, step therapy or quantity limits requirements? Or what if I need a drug that's not covered under my plan?

In certain cases, you or your prescribing provider can request a medical exception to the prior authorization, step therapy or quantity limits requirement or for a drug that's not covered on your plan. Coverage determinations will be made within 72 hours of receiving non-urgent requests. You can ask for your request to be expedited. Expedited coverage decisions are made within 24 hours.

We'll then contact you or your prescribing provider with our decision. All medically necessary outpatient prescription drugs will be covered. If a medical exception is approved, you only need to pay the copay after the deductible. This amount is based on your pharmacy plan design.

Medical exceptions which are approved for non-urgent requests will cover the duration of the prescription, including refills. Approved medical exceptions for exigent circumstances will provide coverage, including refills, for the duration of the exigency.

If your request is denied you have the right to file an appeal using the process described in the notification letter.

If a determination is not made for a prior authorization or step therapy exception request within 72 hours of receiving a non-urgent request and 24 hours of receiving a request based on exigent circumstances, the request is deemed approved and we may not deny the request thereafter.

In accordance with state law, we will cover a drug if we previously approved coverage of the drug for a member's medical condition and the prescribing provider continues to prescribe the drug for the medical condition, provided the drug is appropriately prescribed and safe and effective for treating the member's medical condition.

How can your prescribing provider request a medical exception?

The following options will provide detail to help request a medical exception.

- Submit their request through our secure provider website on www.availity.com.
- Call the Pharmacy prior authorization unit:
Non-Specialty **1-800-294-5979 (TTY: 711)** or
Specialty **1-866-814-5506 (TTY: 711)**.
- Fax the completed request form to:
Non-Specialty **1-888-836-0730** or
Specialty **1-866-249-6155**.
- Mail the completed request form to:
Medical Exception to Pharmacy Prior Authorization Unit
1300 East Campbell Road
Richardson, TX 75081

Can the formulary change during the year?

The formulary can change throughout the year. Some reasons why they can change include:

- New drugs are approved.
- Existing drugs are removed from the market.
- Prescription drugs may become available over the counter (without a prescription). Over-the-counter drugs are not generally covered in a formulary.
- Brand-name drugs lose patent protection and generic versions become available. When this happens, the generic drug will be covered in place of the brand-name drug. The brand-name drug is likely to become non-formulary or covered at a higher cost. See the "what are generic drugs?" section above for more information.
- A change in drug or dosage form.
- A drug changes tiers which results in higher cost sharing.
- Prescription drugs have changes in utilization management restrictions (e.g., prior authorization, step therapy and quantity limits).

What is a medical benefit drug versus a drug covered under the Outpatient Prescription Drug Benefit?

A medical benefit drug is a drug that is generally not self-administered and requires administration by health care provider. The Outpatient Prescription Drug Benefit includes FDA-approved drugs that are self-administered, commonly oral or self-injectable drugs, not otherwise excluded from coverage.

Refer to your Summary of Benefits for differences and information about the prescription drugs covered under your Outpatient prescription drugs and medical benefit in your plan.

For a summary of your coverage or benefits plan log in to your secure member site at www.aetna.com. Or call the toll-free number on your member ID card.

Is equipment and supplies for treatment of diabetes covered?

Your prescription drug benefit also includes coverage for equipment and supplies for treatment of diabetes. Please see the "Diabetic Supplies" section of this formulary for the items and supplies covered by your plan.

• **Pharmacy and Therapeutics (P&T) committee**

The services of an independent National Pharmacy and Therapeutics Committee (“P&T Committee”) are utilized to approve safe and clinically effective drug therapies.

The P&T Committee is an external advisory body of clinical professionals from across the United States. The P&T Committee’s voting members include physicians, pharmacists, a pharmacoeconomist and a medical ethicist, all of whom have a broad background of clinical and academic expertise regarding prescription drugs. Voting members of the P&T Committee are not employees of CVS Caremark and must disclose any financial relationship or conflicts of interest with any pharmaceutical manufacturers.

How do you find a pharmacy?

You can find a pharmacy in two ways:

- **Online:** By logging onto your secure member website at [Aetna.com](https://www.aetna.com).
- **By phone:** Call the toll-free number on your ID card. During regular business hours, a representative can assist you. Our automated telephone assistant can give you this information 24 hours a day.

Assistive Technology

Persons using assistive technology may not be able to fully access the following information. For assistance, please call [1-888-802-3862](tel:1-888-802-3862) (TTY: [711](tel:711)).

Smartphone or Tablet

To view documents from your smartphone or tablet, the free WinZip app is required. It may be available from your App Store.

Non-Discrimination

Aetna complies with applicable California and Federal civil rights laws and does not discriminate, exclude or treat people differently based on their race, color, national origin, ancestry, religion, sex, marital status, age, gender, gender identity, sexual orientation or disability.

Aetna provides free aids/services to people with disabilities and to people who need language assistance.

If you need a qualified interpreter, written information in other formats, translation or other services, call the number on your ID card.

If you believe we have failed to provide these services or otherwise discriminated based on race, color, national origin, ancestry, religion, sex, marital status, age, gender, gender identity, sexual orientation or disability, you can also file a grievance with the Civil Rights Coordinator by contacting:

Civil Rights Coordinator
P.O. Box 24030, Fresno, CA 93779
[1-800-648-7817](tel:1-800-648-7817) (TTY: [711](tel:711)), Fax: 860-262-7705
CRCoordinator@aetna.com.

You can also file a complaint with the California Department of Insurance at www.insurance.ca.gov, or at: Consumer Services Division, 300 Spring Street South Tower, Los Angeles CA 90013, or at [1-800-927-HELP \(4357\)](tel:1-800-927-HELP) (TTY: [711](tel:711)), [TDD: 1-800-482-4TDD \(4833\)](tel:1-800-482-4TDD) (TTY: [711](tel:711)).

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights if there is a concern of discrimination based on race, color, national origin, age, disability, or sex. You can file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, or at [1-800-368-1019](tel:1-800-368-1019) (TTY: [711](tel:711)), [1-800-537-7697 \(TDD\)](tel:1-800-537-7697) (TTY: [711](tel:711)).

Remember to visit the website on your member ID card. Then sign in to your account for the most up-to-date information.

Please note that if your prescription drug benefits plan changes, the information here may no longer apply.

Medications on the Aetna Drug Guide, precertification, step-therapy and quantity limits lists are subject to change.

Health benefits and health insurance plans are offered, administered and/or underwritten by Aetna Health Inc., Aetna Health Insurance Company of New York, Aetna Health Assurance Pennsylvania Inc., Aetna Health Insurance company and/or Aetna Life Insurance Company (Aetna). In Florida, by Aetna Health Inc. and/or Aetna Life Insurance Company. In Utah and Wyoming by Aetna Health of Utah Inc. and Aetna Life Insurance Company. In Maryland, by Aetna Health Inc., 151 Farmington Avenue, Hartford, CT 06156. Pharmacy benefits are administered through an affiliated pharmacy benefit manager, CVS Caremark. Aetna is part of the CVS Health family of companies.

Not all health services are covered. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. To check coverage and copay information for a specific medicine, log into your member website. For questions, please call the toll-free number on the back of your member ID card.

The drugs on the Pharmacy Drug Guide (formulary), Formulary Exclusions, Precertification, and Quantity Limit Lists are subject to change. The quantity limits and step therapy drug coverage review programs are not available in all service areas. However, these programs are available to self-funded plans.

Information is subject to change. In accordance with state law or insurer policies, changes to drug coverage are not effective for commercial fully insured plans (including HMOs) in Louisiana, New York, Texas, and in most circumstances Connecticut and Vermont, until the plans' renewal date.

In accordance with state law, certain fully insured commercial California members (except Federal Employee Health Benefit Plan members) who obtained approval from an Aetna plan for coverage of drugs that are later added to the Preauthorization or Step Therapy Lists or removed from the Pharmacy Drug Guide will continue to have those drugs covered, for as long as the treating in-network provider continues prescribing them, provided that the drug is appropriately prescribed and is considered safe and effective for treating the enrollee's medical condition. Aetna reserves the right to periodically request clinical information from your provider to assess your medical condition and the appropriateness of your ongoing treatment. Failure to provide clinical information could result in subsequent denial of coverage for this medication.

In accordance with state law, fully insured Commercial Connecticut preferred provider organization (PPO) members (except Federal Employee Health Benefit Plan members) who are receiving coverage for drugs that are added to the Precertification or Step-Therapy Lists will continue to have those drugs covered for as long as the prescriber prescribes them, provided the drug is medically necessary and more medically beneficial than other covered drugs. Nothing in this section shall preclude the prescribing provider from prescribing another drug covered by the plan that is medically appropriate for the enrollee, nor shall anything in this section be construed to prohibit generic drug substitutions.

In accordance with state law, commercial fully insured (including HMO) members in Connecticut, Louisiana, New Mexico and Texas (except Federal Employee Health Benefit Plan members) who are receiving coverage for drugs that are added or removed from the Pharmacy Drug Guide and Specialty Drug List will continue to have those drugs covered at the same benefit level until their plan's renewal date. In Texas, preauthorization approval is known as "preservice utilization review." It is not "verification" as defined by Texas law. Preauthorization means a determination that healthcare services proposed to be provided to a patient are medically necessary and appropriate.

In certain states, including Arkansas, Colorado, Connecticut, Delaware, Georgia, Illinois, Louisiana, Maryland, Minnesota, North Dakota, Pennsylvania and Texas, step therapy programs do not apply to fully insured members utilizing prescription drugs for the treatment of stage-four advanced, metastatic cancer.

Tier 1=Most generic and low-cost preferred brand | Tier 2=Preferred Brand and Non-Preferred Generic |

Tier 3=Non-Preferred Brands | Tier 4=Specialty | PA=Prior Authorization | ST=Step Therapy |

QL=Quantity Limits | AL=Age Limits | PH=Preventive Health | OAC=Oral Anti-Cancer Drugs |

OAC=Oral Anti-Cancer Drugs | DCN=Drug Coverage Note | QLR=QL Restriction based on Age

05/01/2024

Prescription Drug Name	Drug Tier	Coverage Requirements and Limits
MOUTH/THROAT/DENTAL AGENTS		
<i>cevimeline hcl oral capsule 30 mg</i>	Tier 1	
<i>chlorhexidine gluconate mouththroat solution 0.12 %</i>	Tier 1	
<i>clotrimazole mouththroat troche 10 mg</i>	Tier 1	QL (90 LOZENGES per 30 days)
<i>lidocaine hcl mouththroat solution 4 %</i>	Tier 1	
<i>lidocaine viscous hcl mouththroat solution 2 %</i>	Tier 1	
<i>nystatin mouththroat suspension 100000 unit/ml</i>	Tier 1	
<i>triamcinolone acetonide</i> (Oralene Mouth/Throat Paste 0.1 %)	Tier 1	
ORAVIG BUCCAL TABLET 50 MG (<i>miconazole</i>)	Tier 3	QL (14 TABLETS per 30 days)
<i>chlorhexidine gluconate</i> (Periogard Mouth/Throat Solution 0.12 %)	Tier 1	
<i>pilocarpine hcl oral tablet 5 mg, 7.5 mg</i>	Tier 1	
<i>triamcinolone acetonide mouththroat paste 0.1 %</i>	Tier 1	
OTIC - DRUGS TO TREAT CONDITIONS OF THE EAR		
<i>acetic acid otic solution 2 %</i>	Tier 1	
<i>ciprofloxacin hcl otic solution 0.2 %</i>	Tier 1	
<i>ciprofloxacin-dexamethasone otic suspension 0.3-0.1 %</i>	Tier 1	
<i>ciprofloxacin-fluocinolone pf otic solution 0.3-0.025 %</i>	Tier 1	
CORTISPORIN-TC OTIC SUSPENSION 3.3-3-10-0.5 MG/ML (<i>neomycin-colist-hc-thonzonium</i>)	Tier 3	
<i>fluocinolone acetonide otic oil 0.01 %</i>	Tier 1	
<i>hydrocortisone-acetic acid otic solution 1-2 %</i>	Tier 1	
<i>neomycin-polymyxin-hc otic solution 1 %</i>	Tier 1	
<i>neomycin-polymyxin-hc otic suspension 3.5-10000-1</i>	Tier 1	
<i>ofloxacin otic solution 0.3 %</i>	Tier 1
