

Independent Health's Medicare Advantage

2026 Standard Part D Formulary

(List of Covered Drugs or “Drug List”)

This document includes:

Independent Health's Encompass 65[®] RED 042 (HMO)
Independent Health's Encompass 65[®] RED 044 (HMO)
Independent Health's Medicare Passport[®] Connect (PPO)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN**

HPMS Approved Formulary File Submission ID 26428

This formulary was updated on 10/15/2025. For more recent information or other questions, please contact Independent Health's Medicare Advantage Plan Member Services at (716) 250-4401 or 1-800-665-1502 (TTY users should call 711), October 1st – March 31st: Monday through Sunday from 8 a.m. to 8 p.m., April 1st – September 30th: Monday through Friday from 8 a.m. to 8 p.m. or visit www.IndependentHealth.com/Medicare.

The formulary may change at any time. You will receive notice when necessary.

Y0042_PH606_C

10/15/2025

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Independent Health. When it refers to “plan” or “our plan,” it means Independent Health’s Medicare Advantage Plan.

This document includes a Drug List (formulary) for our plan which is current as of 10/15/2025. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2026, and from time to time during the year.

What is the Independent Health Medicare Advantage Standard Part D Formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Independent Health in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Independent Health will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at an Independent Health network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the formulary change?

Most changes in drug coverage happen on January 1, but Independent Health may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: www.IndependentHealth.com/Medicare

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the the Independent Health Medicare Advantage Plan Standard Part D Formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Independent Health Medicare Advantage Plan Standard Part D Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2026 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2026 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 10/15/2025. To get updated information about the drugs covered by Independent Health, please contact us. Our contact information appears on the front and back cover pages. In the event that a non-maintenance change to the formulary occurs prior to the monthly publication update, such change will be communicated via an ERRATA sheet, which will be available on our website at www.IndependentHealth.com/Medicare and in printed form.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 3. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents.” If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 93. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Independent Health covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For discussion of drug types, please see the Evidence of Coverage, Chapter 5, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Independent Health requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from Independent Health before you fill your prescriptions. If you don't get approval, Independent Health may not cover the drug.
- **Quantity Limits:** For certain drugs, Independent Health limits the amount of the drug that we will cover. For example, Independent Health provides 30 tablets per prescription for digoxin 125 mcg. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Independent Health requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Independent Health may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Independent Health will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 3. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization, quantity limit, and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Independent Health to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to Independent Health's Medicare Advantage Plan Standard Part D Formulary?" on page V for information about how to request an exception.

What if my drug is not on the formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Independent Health does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Independent Health. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Independent Health.
- You can ask Independent Health to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to Independent Health's Medicare Advantage Standard Part D Formulary?

You can ask Independent Health to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, Independent Health limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at lower cost-sharing level, unless the drug is on the specialty tier. If approved this would lower the amount you must pay for your drug.

Generally, Independent Health will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a tiering or formulary exception, including an exception to a coverage restriction. ***When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.*** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 34-day emergency supply of that drug while you pursue a formulary exception.

For enrollees admitted or discharged from a long-term care facility or have had any change in level of care, early refill edits will not be used to limit appropriate and necessary access to your Part D benefit and you are allowed to access a refill upon admission or discharge without restrictions. Long Term Care (LTC) pharmacies are permitted to use Emergency Boxes (E Box) when necessary. However, the E Box should be replenished from the patient's monthly prescription claim.

If you are a new or current Medicare Part D enrollee transitioning from one treatment setting to another or experience transitions due to level of care changes, Independent Health will provide a supply of medication pursuant to CMS requirements in compliance with the transition and continuity of care provisions as follows:

- At a retail pharmacy, a one-time 30-day transition supply (unless the prescription is written for less than 30 days) will be authorized with refills to total 30 days of medication if needed.
- If you are a resident of a long-term care facility, a 34-day supply (unless the prescription is written for less) will be authorized with refills to total 34 days of medication if needed.

After authorizing the temporary refills referred to above, we will send you a letter via the U.S. mail within three (3) business days, detailing the temporary nature of the transition supply you have received, instructions for working with the plan and your doctor to identify appropriate therapeutic alternatives that are in the Independent Health Medicare Advantage Plan Part D formularies, an explanation of your right to request a formulary exception and a description of the procedures for requesting a formulary exception. We will also send a copy of the letter to your doctor.

For more information

For more detailed information about your Independent Health prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Independent Health, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

Independent Health's Formulary

The formulary that below coverage information about the drugs covered by Independent Health. If you have trouble finding your drug in the list, turn to the Index that begins on page 93.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., SYNTHROID) and generic drugs are listed in lower-case italics (e.g., *omeprazole*).

The information in the Requirements/Limits column tells you if Independent Health has any special requirements for coverage of your drug.

Drugs listed with an **“AL”** in the Requirements/Limits column have age limitations.

Drugs listed with a **“BD”** in the Requirements/Limits column may be covered under Medicare Part B or Part D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination. If it is determined that coverage for this drug falls under Medicare Part B, your cost will not be the tier co-payment in the drug list. Please refer to your Evidence of Coverage for the cost of Part B drugs or contact Independent Health’s Medicare Member Services Department. Our contact information appears on the front and back cover pages.

Drugs listed with **“EDS”** in the Requirements/Limits column may be prescribed and dispensed at a participating network retail or mail order pharmacy for an extended day supply. EDS drugs on Tier 1 can be filled for a 100-day supply on all plans except for Independent Health’s Medicare Passport Connect (PPO). EDS drugs on Tier 1 on our Passport Connect (PPO) plan can be filled for a 90-day supply. EDS drugs on Tiers 2, 3 and 4 can be filled for a 90-day supply on all plans.

Drugs listed with a **“LA”** in the Requirements/Limits column may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call our Member Services Department at (716) 250-4401 or 1-800-665-1502 (TTY users should call 711), October 1st – March 31st: Monday through Sunday from 8 a.m. to 8 p.m., April 1st – September 30th: Monday through Friday from 8 a.m. to 8 p.m. or visit www.IndependentHealth.com/Medicare.

Drugs listed with a **“PA”** in the Requirements/Limits column require prior authorization (see “Are there any restrictions to my coverage on page IV).

Drugs listed with a **“QL”** in the Requirements/Limits column have quantity limits (see “Are there any restrictions to my coverage” on page IV).

Drugs listed with a **“ST”** in the Requirements/Limits column are restricted to step therapy requirements (see “Are there any restrictions on my coverage” on page IV)

Drug Name	Tier	Requirements/Limits
<i>clindamycin palmitate hcl oral solution reconstituted 75 mg/5ml</i>	2	
<i>clindamycin phosphate in d5w intravenous solution 300 mg/50ml, 600 mg/50ml, 900 mg/50ml</i>	2	
<i>clindamycin phosphate injection solution 900 mg/6ml</i>	2	
<i>clindamycin phosphate vaginal cream 2 %</i>	2	
<i>colistimethate sodium (cba) injection solution reconstituted 150 mg</i>	4	
<i>daptomycin intravenous solution reconstituted 500 mg</i>	5	
<i>fosfomycin tromethamine oral packet 3 gm</i>	4	QL (1 EA per 30 days)
<i>linezolid intravenous solution 600 mg/300ml</i>	4	
<i>linezolid oral suspension reconstituted 100 mg/5ml</i>	5	
<i>linezolid oral tablet 600 mg</i>	4	
<i>methenamine hippurate oral tablet 1 gm</i>	2	
<i>metronidazole external cream 0.75 %</i>	2	
<i>metronidazole external gel 0.75 %, 1 %</i>	4	
<i>metronidazole intravenous solution 500 mg/100ml</i>	2	
<i>metronidazole oral tablet 250 mg, 500 mg</i>	2	
<i>metronidazole vaginal gel 0.75 %</i>	2	
<i>nitrofurantoin macrocrystal oral capsule 100 mg, 25 mg, 50 mg</i>	2	
<i>nitrofurantoin monohyd macro oral capsule 100 mg</i>	2	
NUVESSA VAGINAL GEL 1.3 %	4	
<i>physiosol irrigation irrigation solution</i>	2	
<i>polymyxin b sulfate injection solution reconstituted 500000 unit</i>	2	
SIVEXTRO INTRAVENOUS SOLUTION RECONSTITUTED 200 MG	5	PA
SIVEXTRO ORAL TABLET 200 MG	5	PA
<i>sterile water for irrigation irrigation solution</i>	2	
<i>tigecycline intravenous solution reconstituted 50 mg</i>	4	
<i>tinidazole oral tablet 250 mg, 500 mg</i>	2	

You can find information on what the symbols and abbreviations on this table mean by going to page VI.

Drug Name	Tier	Requirements/Limits
<i>trimethoprim oral tablet 100 mg</i>	2	
<i>vancomycin hcl intravenous solution reconstituted 1 gm, 10 gm, 500 mg, 750 mg</i>	2	
<i>vancomycin hcl intravenous solution reconstituted 5 gm</i>	4	
<i>vancomycin hcl oral capsule 125 mg, 250 mg</i>	4	
<i>vancomycin hcl oral solution reconstituted 25 mg/ml, 250 mg/5ml</i>	4	
<i>vandazole vaginal gel 0.75 %</i>	2	
Beta-Lactam, Cephalosporins		
<i>cefaclor oral capsule 250 mg, 500 mg</i>	2	
<i>cefaclor oral suspension reconstituted 250 mg/5ml</i>	2	
<i>cefadroxil oral capsule 500 mg</i>	2	
<i>cefadroxil oral suspension reconstituted 250 mg/5ml, 500 mg/5ml</i>	2	
<i>cefazolin sodium injection solution reconstituted 1 gm, 10 gm, 500 mg</i>	2	
<i>cefdinir oral capsule 300 mg</i>	2	
<i>cefdinir oral suspension reconstituted 125 mg/5ml, 250 mg/5ml</i>	2	
<i>cefepime hcl injection solution reconstituted 1 gm</i>	4	
<i>cefepime hcl intravenous solution reconstituted 2 gm</i>	4	
<i>cefixime oral capsule 400 mg</i>	4	
<i>cefixime oral suspension reconstituted 100 mg/5ml, 200 mg/5ml</i>	4	
<i>cefotaxime sodium injection solution reconstituted 1 gm</i>	2	
<i>cefotetan disodium injection solution reconstituted 1 gm, 2 gm</i>	4	
<i>cefoxitin sodium intravenous solution reconstituted 1 gm, 10 gm, 2 gm</i>	2	
<i>cefpodoxime proxetil oral suspension reconstituted 100 mg/5ml, 50 mg/5ml</i>	2	
<i>cefpodoxime proxetil oral tablet 100 mg, 200 mg</i>	2	
<i>cefprozil oral suspension reconstituted 125 mg/5ml, 250 mg/5ml</i>	2	
<i>cefprozil oral tablet 250 mg, 500 mg</i>	2	

You can find information on what the symbols and abbreviations on this table mean by going to page VI.

Drug Name	Tier	Requirements/Limits
<i>ceftazidime injection solution reconstituted 1 gm, 6 gm</i>	2	
<i>ceftazidime intravenous solution reconstituted 2 gm</i>	2	
<i>ceftriaxone sodium injection solution reconstituted 1 gm, 2 gm, 250 mg, 500 mg</i>	2	
<i>ceftriaxone sodium intravenous solution reconstituted 1 gm, 10 gm, 2 gm</i>	2	
<i>cefuroxime axetil oral tablet 250 mg, 500 mg</i>	2	
<i>cefuroxime sodium injection solution reconstituted 750 mg</i>	2	
<i>cefuroxime sodium intravenous solution reconstituted 1.5 gm</i>	2	
<i>cephalexin oral capsule 250 mg, 500 mg</i>	2	
<i>cephalexin oral suspension reconstituted 125 mg/5ml, 250 mg/5ml</i>	2	
TEFLARO INTRAVENOUS SOLUTION RECONSTITUTED 400 MG, 600 MG	5	
Beta-Lactam, Penicillins		
<i>amoxicillin oral capsule 250 mg, 500 mg</i>	2	
<i>amoxicillin oral suspension reconstituted 125 mg/5ml, 200 mg/5ml, 250 mg/5ml, 400 mg/5ml</i>	2	
<i>amoxicillin oral tablet 500 mg, 875 mg</i>	2	
<i>amoxicillin oral tablet chewable 125 mg, 250 mg</i>	2	
<i>amoxicillin-pot clavulanate oral suspension reconstituted 200-28.5 mg/5ml, 250-62.5 mg/5ml, 400-57 mg/5ml, 600-42.9 mg/5ml</i>	2	
<i>amoxicillin-pot clavulanate oral tablet 250-125 mg, 500-125 mg, 875-125 mg</i>	2	
<i>ampicillin oral capsule 500 mg</i>	2	
<i>ampicillin sodium injection solution reconstituted 1 gm</i>	2	
<i>ampicillin sodium intravenous solution reconstituted 10 gm</i>	2	
<i>ampicillin-sulbactam sodium injection solution reconstituted 1.5 (1-0.5) gm, 3 (2-1) gm</i>	2	
<i>ampicillin-sulbactam sodium intravenous solution reconstituted 15 (10-5) gm</i>	2	
BICILLIN C-R 900/300 INTRAMUSCULAR SUSPENSION 900000-300000 UNIT/2ML	4	

You can find information on what the symbols and abbreviations on this table mean by going to page VI.

Drug Name	Tier	Requirements/Limits
BICILLIN C-R INTRAMUSCULAR SUSPENSION 1200000 UNIT/2ML	4	
BICILLIN L-A INTRAMUSCULAR SUSPENSION PREFILLED SYRINGE 1200000 UNIT/2ML, 2400000 UNIT/4ML, 600000 UNIT/ML	4	
<i>dicloxacillin sodium oral capsule 250 mg, 500 mg</i>	2	
<i>nafcillin sodium injection solution reconstituted 1 gm</i>	4	
<i>oxacillin sodium in dextrose intravenous solution 2 gm/50ml</i>	4	
<i>oxacillin sodium injection solution reconstituted 1 gm, 2 gm</i>	4	
<i>oxacillin sodium intravenous solution reconstituted 10 gm</i>	4	
<i>penicillin g pot in dextrose intravenous solution 40000 unit/ml, 60000 unit/ml</i>	2	
<i>penicillin g potassium injection solution reconstituted 20000000 unit</i>	2	
<i>penicillin g sodium injection solution reconstituted 5000000 unit</i>	2	
<i>penicillin v potassium oral solution reconstituted 125 mg/5ml, 250 mg/5ml</i>	2	
<i>penicillin v potassium oral tablet 250 mg, 500 mg</i>	2	
<i>pipercillin sod-tazobactam so intravenous solution reconstituted 2.25 (2-0.25) gm, 3.375 (3- 0.375) gm, 4.5 (4-0.5) gm, 40.5 (36-4.5) gm</i>	4	
Carbapenems		
<i>ertapenem sodium injection solution reconstituted 1 gm</i>	4	
<i>imipenem-cilastatin intravenous solution reconstituted 250 mg, 500 mg</i>	2	
<i>meropenem intravenous solution reconstituted 1 gm, 500 mg</i>	3	
Macrolides		
<i>azithromycin intravenous solution reconstituted 500 mg</i>	2	
<i>azithromycin oral suspension reconstituted 100 mg/5ml, 200 mg/5ml</i>	2	
<i>azithromycin oral tablet 250 mg, 500 mg, 600 mg</i>	2	

You can find information on what the symbols and abbreviations on this table mean by going to page VI.

Drug Name	Tier	Requirements/Limits
<i>clarithromycin oral suspension reconstituted 125 mg/5ml, 250 mg/5ml</i>	4	
<i>clarithromycin oral tablet 250 mg, 500 mg</i>	2	
DIFICID ORAL SUSPENSION RECONSTITUTED 40 MG/ML	5	
DIFICID ORAL TABLET 200 MG	5	
<i>e.e.s. 400 oral tablet 400 mg</i>	4	
<i>erythromycin base oral capsule delayed release particles 250 mg</i>	4	
<i>erythromycin base oral tablet 250 mg, 500 mg</i>	4	
<i>erythromycin ethylsuccinate oral suspension reconstituted 200 mg/5ml, 400 mg/5ml</i>	4	
<i>erythromycin ethylsuccinate oral tablet 400 mg</i>	4	
<i>erythromycin lactobionate intravenous solution reconstituted 500 mg</i>	4	
<i>erythromycin oral tablet delayed release 250 mg, 333 mg, 500 mg</i>	4	
Quinolones		
CIPRO ORAL SUSPENSION RECONSTITUTED 500 MG/5ML (10%)	4	
<i>ciprofloxacin hcl oral tablet 250 mg, 500 mg, 750 mg</i>	2	
<i>ciprofloxacin in d5w intravenous solution 200 mg/100ml</i>	2	
<i>levofloxacin in d5w intravenous solution 500 mg/100ml, 750 mg/150ml</i>	2	
<i>levofloxacin intravenous solution 25 mg/ml</i>	2	
<i>levofloxacin oral solution 25 mg/ml</i>	4	
<i>levofloxacin oral tablet 250 mg, 500 mg, 750 mg</i>	2	
<i>moxifloxacin hcl in nacl intravenous solution 400 mg/250ml</i>	2	
<i>moxifloxacin hcl intravenous solution 400 mg/250ml</i>	2	
<i>moxifloxacin hcl oral tablet 400 mg</i>	2	
Sulfonamides		
<i>sulfacetamide sodium (acne) external lotion 10 %</i>	4	
<i>sulfadiazine oral tablet 500 mg</i>	2	
<i>sulfamethoxazole-trimethoprim oral suspension 200-40 mg/5ml</i>	2	

You can find information on what the symbols and abbreviations on this table mean by going to page VI.

Drug Name	Tier	Requirements/Limits
<i>sulfamethoxazole-trimethoprim oral tablet 400-80 mg, 800-160 mg</i>	2	
Tetracyclines		
<i>demeclocycline hcl oral tablet 150 mg, 300 mg</i>	4	
<i>doxy 100 intravenous solution reconstituted 100 mg</i>	4	
<i>doxycycline hyclate intravenous solution reconstituted 100 mg</i>	4	
<i>doxycycline hyclate oral capsule 100 mg, 50 mg</i>	2	
<i>doxycycline hyclate oral tablet 100 mg</i>	2	
<i>doxycycline monohydrate oral capsule 100 mg, 50 mg</i>	2	
<i>doxycycline monohydrate oral suspension reconstituted 25 mg/5ml</i>	2	
<i>doxycycline monohydrate oral tablet 100 mg, 50 mg, 75 mg</i>	2	
<i>minocycline hcl oral capsule 100 mg, 50 mg, 75 mg</i>	2	
<i>minocycline hcl oral tablet 100 mg, 50 mg, 75 mg</i>	4	
<i>tetracycline hcl oral capsule 250 mg, 500 mg</i>	2	
Anticonvulsants		
Anticonvulsants, Other		
BRIVIACT ORAL SOLUTION 10 MG/ML	5

Notice of Nondiscrimination

Discrimination is Against the Law

Independent Health complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Independent Health does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Independent Health:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact Independent Health's Member Services Department. If you believe that Independent Health has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with: Independent Health's Member Services Department, 511 Farber Lakes Drive, Buffalo, NY 14221, 1-800-665-1502, TTY users call 711, fax (716) 635-3504, medicareservice@servicing.independenthealth.com. You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, Independent Health's Member Services Department is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:
