

QUANTITY LIMITS

This list is current as of 12/1/2025 and pertains to Independent Health's 2026 Child Health Plus Formulary.

Independent Health has established quantity limits on certain medications contained in our Child Health Plus Formulary. Some medications are covered up to a specific quantity per 30 days. Medications with quantity limitations are listed with a "QL" in the Notes column of the formulary.

For items that come pre-packaged (for example: tube/container, inhaler device, single dose units, or liquid container), one package size is allowed per fill of these items. If a quantity limit is designated on the formulary, this restriction will take precedence over the pre-packaged limitations, when applicable.

If you have any questions, please contact our Member Services Department at (716) 250-7183 or 1-833-891-9372, Monday through Friday from 8 a.m. to 8 p.m. TTY users please call 711.

The formulary may change at any time. You will receive notice when necessary.
