

Pharmacy Benefit Dimensions®

2026 Pharmacy Benefit Dimensions Weight Loss Medications Formulary

The following information applies to members enrolled in a Pharmacy Benefit Dimensions pharmacy plan with the optional weight loss medications plan enhancement.

Note: If you are reading a printed version of this drug formulary, content may have been updated since it was last printed. For the most up-to-date information, please visit www.pbdrx.com.

Drug Formulary Introduction

- Pharmacy Benefit Dimensions reserves the right to modify drug tiers as necessary.
- Some medications are considered non-formulary (not covered). To obtain a medication that is non-formulary, your health care provider is encouraged to submit a Prior Authorization request for coverage through the exception process. If the request is approved, you will be responsible for the cost share associated with a non-preferred drug tier.

Prior-Authorization

Prior Authorization is required for weight loss medications. To obtain coverage for a weight loss medication, a Prior Authorization request for medical exception must be submitted by your health care provider and approved by Pharmacy Benefit Dimensions.

Lost/Stolen/Damaged Medications

Replacement of any lost, stolen, or damaged medications is the responsibility of the member.
