Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which drugs and over-the-counter (OTC) drugs and non-drug products and items are covered by Wellcare ‘Ohana Dual Align (HMO-POS D-SNP). The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by Wellcare ‘Ohana Dual Align (HMO-POS D-SNP). Key terms and their definitions appear in the last chapter of the *Evidence of Coverage*.

If you have questions, please call Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) at 1-888-846-4262, TTY 711, Between October 1 and March 31, representatives are available Monday–Sunday, 7:45 a.m. to 8 p.m. Between April 1 and September 30, representatives are available Monday–Friday, 7:45 a.m. to 8 p.m. The call is free. **For more information**, visit

- ❖ This document is available for free in English, Burmese, Cambodian, Traditional Chinese, Hawaiian, Hmong, Ilocano, Japanese, Karen, Korean, Laotian, Samoan, Tagalog, Thai, Turkish, Uzbek and Vietnamese.
- ❖ If you would like to request an alternate format (large print, audio, accessible electronic formats, other formats) or another preferred language call Member Services at the number in the footer of this document. The call is free.
 - If you would like to continue to receive printed materials after you have requested one, we will continue to provide them annually until a request to terminate the request is provided.
 - If you have questions/concerns or would like to update a preferred language and/or format request, call Member Services at the number in the footer of this document. The call is free.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs (Drug List)*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the *Drug List* for short.)

The drugs on the *Drug List* that starts in **Section C1** are the drugs covered by Wellcare ‘Ohana Dual Align (HMO-POS D-SNP). The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy,
 - Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) agrees that the drug is medically necessary for you, **and**
 - you fill the prescription at a Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) network pharmacy.
- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at go.wellcare.com/OhanaHI or call Member Services at the numbers in the footer of this document.

If you have questions, please call Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) at 1-888-846-4262, TTY 711, Between October 1 and March 31, representatives are available Monday–Sunday, 7:45 a.m. to 8 p.m. Between April 1 and September 30, representatives are available Monday–Friday, 7:45 a.m. to 8 p.m. The call is free. **For more information**, visit

B2. Does the Drug List ever change?

Yes, and Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) must follow Medicare and Medicaid rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we’ll cover another drug.)

For more information on these drug rules, refer to question B4.

If you’re taking a drug that was covered at the **beginning** of the year, we’ll generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- we learn that a drug isn’t safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check Wellcare ‘Ohana Dual Align (HMO-POS D-SNP)’s up-to-date *Drug List* online at go.wellcare.com/OhanaHI. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services at the numbers in the footer of this document to check the current *Drug List*.

B3. What happens when there's a change to the Drug List?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new versions of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will remain \$0. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we'll send you information about the specific change we made once it happens.
 - We can make these changes only if the drug we're adding:
 - is a new generic version of a brand name drug, or
 - is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
 - Some of these drug types may be new to you. For more information, refer to **Section B14**.
 - You or your provider can ask for an exception from these changes. We'll send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.

This section is continued on the next page.

If you have questions, please call Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) at 1-888-846-4262, TTY 711, Between October 1 and March 31, representatives are available Monday–Sunday, 7:45 a.m. to 8 p.m. Between April 1 and September 30, representatives are available Monday–Friday, 7:45 a.m. to 8 p.m. The call is free. **For more information**, visit

- **Remove unsafe drugs and other drugs that are taken off the market.** Sometimes a drug may be found unsafe or taken off the market for another reason. If this happens, we may immediately take it off the *Drug List*. If you're taking the drug, we'll send you a notice after we make the change. Please talk to your doctor or other prescriber to help you decide if there's a similar drug on the *Drug List* that you can take instead.

We may make other changes that affect the drugs you take. We'll tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that isn't new to the market, **or**
- we remove an original biological product when adding a biosimilar, **or**
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we'll:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there's a similar drug on the *Drug List* you can take instead **or**
- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) before you fill your prescription. Prior authorization is different from a referral. Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) may not cover the drug if you don’t get prior authorization.
- **Quantity limits:** Sometimes Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) limits the amount of a drug you can get.
- **Step therapy:** Sometimes Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) requires you to do step therapy. This means you’ll have to try drugs in a certain order for your medical condition. You might have to try one drug before we’ll cover another drug. If your prescriber thinks the first drug doesn’t work for you, then we’ll cover the second.

This section is continued on the next page.

If you have questions, please call Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) at 1-888-846-4262, TTY 711, Between October 1 and March 31, representatives are available Monday–Sunday, 7:45 a.m. to 8 p.m. Between April 1 and September 30, representatives are available Monday–Friday, 7:45 a.m. to 8 p.m. The call is free. **For more information**, visit

You can find out if your drug has any additional requirements or limits by looking in the tables in **Section C1**. You can also get more information by visiting our website at go.wellcare.com/OhanaHI. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the section titled “List of Drugs by Medical Condition” has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we'll tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

B7. How can I find a drug on the Drug List?

There are two ways to find a drug:

- you can search alphabetically, **or**
- you can search by medical condition.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it if you know how to spell the drug. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the *Drug List*. Brand name drugs and generic drugs as well as over-the-counter (OTC) drugs are listed in the index.

To search by **medical condition**, find **Section C1** labeled “List of Drugs by Medical Condition”. The drugs in this section are grouped into categories depending on the type of medical conditions they’re used to treat. For example, if you have a heart condition, you should look in CARDIOVASCULAR, HYPERTENSION / LIPIDS category. That’s where you’ll find drugs that treat heart conditions.

B8. What if the drug I want to take isn’t on the Drug List?

If you don’t find your drug on the *Drug List*, call Member Services at the numbers in the footer of this document and ask about it. If you learn that Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) won’t cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that’s like the one you want to take. **Or**
- Ask Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

If you have questions, please call Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) at 1-888-846-4262, TTY 711, Between October 1 and March 31, representatives are available Monday–Sunday, 7:45 a.m. to 8 p.m. Between April 1 and September 30, representatives are available Monday–Friday, 7:45 a.m. to 8 p.m. The call is free. **For more information**, visit

B9. What if I am a new Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) member and can’t find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you’re a member of Wellcare ‘Ohana Dual Align (HMO-POS D-SNP). This will give you time to talk to your doctor or other prescriber. They can help you decide if there’s a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we’ll allow multiple refills to provide up to a maximum of 30 days of medication.

We’ll cover a 30-day supply of your drug if:

- you’re taking a drug that isn’t on our *Drug List*, **or**
- our plan rules don’t let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by Wellcare ‘Ohana Dual Align (HMO-POS D-SNP), **or**
- you’re taking a drug that’s part of a step therapy restriction.

If you’re in a nursing home or other long-term care facility and need a drug that isn’t on the *Drug List* or if you can’t easily get the drug you need, we can help. If you’ve been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We’ll cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you’re a new Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) member.
- This is in addition to the temporary supply during the first 90 days you’re a member of Wellcare ‘Ohana Dual Align (HMO-POS D-SNP).

If your level of care changes (such as moving to or from a long-term care facility or hospital), we’ll cover one temporary 30-day supply. If your prescription is written for fewer days, we’ll allow refills to provide up to a total of a 30-day supply.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) to make an exception to cover a drug that isn’t on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) may limit the amount of a drug we’ll cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

B11. How can I ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read **Chapter 9 Section 7** of the *Evidence of Coverage* to learn more about exceptions.

If you have questions, please call Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) at 1-888-846-4262, TTY 711, Between October 1 and March 31, representatives are available Monday–Sunday, 7:45 a.m. to 8 p.m. Between April 1 and September 30, representatives are available Monday–Friday, 7:45 a.m. to 8 p.m. The call is free. **For more information**, visit

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we'll give you a decision within 72 hours. You, your representative, or your doctor (or other prescriber) can call, write, or fax us to make your request. You can also access the coverage decision process through our website. For the details, go to Chapter 2, Section 1 of the *Evidence of Coverage* and look for the section called "Coverage Decisions for Part D Prescription Drugs" under section "How to contact us when you are asking for a coverage decision or appeal about your medical care."

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we'll give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

Wellcare 'Ohana Dual Align (HMO-POS D-SNP) covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Evidence of Coverage*.

B15. What are OTC drugs?

OTC stands for “over-the-counter”. Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) covers some OTC drugs when they’re written as prescriptions by your provider.

You can read the Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) *Drug List* to find out what OTC drugs are covered.

If you have questions, please call Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) at 1-888-846-4262, TTY 711, Between October 1 and March 31, representatives are available Monday–Sunday, 7:45 a.m. to 8 p.m. Between April 1 and September 30, representatives are available Monday–Friday, 7:45 a.m. to 8 p.m. The call is free. **For more information**, visit 10/01/2025 go.wellcare.com/OhanaHI.

B16. Does Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) cover non-drug OTC products?

Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) covers some non-drug OTC products when they’re written as prescriptions by your provider.

Examples of non-drug OTC products include spacers and respiratory devices.

You can read the Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) *Drug List* to find out what non-drug OTC products are covered.

B17. Does Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) cover long-term supplies of prescriptions?

- **Mail-Order Programs.** We offer a mail-order program that allows you to get a 35 to 100-day supply of your drugs sent directly to your home.
- **100-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 100-day supply of covered drugs.

B18. Can I get prescriptions delivered to my home from my local pharmacy?

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

B19. What's my copay?

Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) members have no copays on applicable tiers for prescription and OTC drugs and non-drug products as long as the member follows the plan’s rules. Refer to questions B15 and B16 for more information about OTC drugs and non-drug products. Your copayments may be different based on your level of Extra Help.

Tiers are groups of drugs on our *Drug List*.

- **Tier 0 (Non-Medicare Rx/OTC Drugs)** includes some prescription and over-the-counter (OTC) drugs
- **Tier 1 (Preferred Generic)** includes preferred generic drugs and may include some brand drugs.
- **Tier 2 (Generic)** includes generic drugs and may include some brand drugs.
- **Tier 3 (Preferred Brand)** includes preferred brand drugs and may include some generic drugs.
- **Tier 4 (Non-Preferred Drug)** includes non-preferred brand and non-preferred generic drugs.

This section is continued on the next page.

If you have questions, please call Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) at 1-888-846-4262, TTY 711, Between October 1 and March 31, representatives are available Monday–Sunday, 7:45 a.m. to 8 p.m. Between April 1 and September 30, representatives are available Monday–Friday, 7:45 a.m. to 8 p.m. The call is free. **For more information**, visit

- **Tier 5 (Specialty Tier)** includes high-cost brand and generic drugs. Drugs in this tier are not eligible for exceptions for payment at a lower tier.
- **Tier 6 (Select Care Drugs)** includes some generic and brand drugs commonly used to treat specific chronic conditions or to prevent disease (vaccines).

All tiers have \$0 copay.

OTCs have a \$0 copay.

If you have questions, call Member Services at the numbers in the footer of this document.

C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by Wellcare ‘Ohana Dual Align (HMO-POS D-SNP). If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in **Section D**. The index alphabetically lists all drugs covered by Wellcare ‘Ohana Dual Align (HMO-POS D-SNP).

- **NT** stands for Not Part D. This drug is not a “Part D drug”.
- **NM** means the drug is not available via your monthly mail service benefit. This is noted in the Necessary actions, restrictions, or limits on use column of your formulary.
- **PA** stands for Prior Authorization. Refer to question B4.
- **PA-NS** stands for Prior Authorization for New Starts. This means that if this drug is new to you, you will need to get approval from us before you fill your prescription. If you are taking this drug at the time of enrollment, you will not be required to meet criteria for approval.
- **B/D** stands for Covered under Medicare B or D. This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from us to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
- **QL** stands for Quantity Limits. Refer to question B4.

This section is continued on the next page.

If you have questions, please call Wellcare ‘Ohana Dual Align (HMO-POS D-SNP) at 1-888-846-4262, TTY 711, Between October 1 and March 31, representatives are available Monday–Sunday, 7:45 a.m. to 8 p.m. Between April 1 and September 30, representatives are available Monday–Friday, 7:45 a.m. to 8 p.m. The call is free. **For more information**, visit

- **LA** stands for Limited Access medication. This prescription may be available only at certain pharmacies. For more recent information or other questions, contact us at the numbers in the footer of this document.
- **ST** stands for Step Therapy. Refer to question B4.
- ^ stands for Drug may be available for up to a 30-day supply only.

Note: The NT next to a drug means the drug isn't a "Part D drug." These drugs have different rules for appeals.

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake.
- For example, we might decide that a drug that you want isn't covered or is no longer covered by Medicare or the state.
- If you or your prescriber disagrees with our decision, you can appeal. If you ever have a question, call Member Services at the numbers in the footer of this document.
- You can also read **Chapter 9** of the *Evidence of Coverage* to learn how to appeal a decision.

C1. List of Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they're used to treat. For example, if you have a heart condition, you should look in the category, CARDIOVASCULAR, HYPERTENSION / LIPIDS. That's where you'll find drugs that treat heart conditions.

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, *simvastatin*) and brand name drugs are capitalized (for example, ELIQUIS), and OTC drugs and non-drug products are listed in lower case (for example, loratadine 10mg). The information in the "Necessary actions, restrictions, or limits on use" column tells you if Wellcare 'Ohana Dual Align (HMO-POS D-SNP) has any rules for covering your drug.

potassium chloride in 0.9%nacl intravenous parenteral solution 20 meq/l, 40 meq/l	\$0 (4)	
potassium chloride in 5 % dex intravenous parenteral solution 20 meq/l	\$0 (4)	
potassium chloride intravenous solution 2 meq/ml, 2 meq/ml (20 ml)	\$0 (2)	
potassium chloride oral capsule, extended release 10 meq, 8 meq	\$0 (4)	
potassium chloride oral liquid 20 meq/15 ml, 40 meq/15 ml	\$0 (2)	
potassium chloride oral packet 20 meq	\$0 (2)	

You can find information on what the symbols and abbreviations in this table mean by referring to section C.

10/01/2025

Name of Drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
<i>potassium chloride oral tablet extended release 10 meq, 20 meq</i>	\$0 (2)	
<i>potassium chloride oral tablet extended release 8 meq</i>	\$0 (4)	
<i>potassium chloride oral tablet,er particles/crystals 10 meq, 20 meq</i>	\$0 (2)	
<i>potassium chloride oral tablet,er particles/crystals 15 meq</i>	\$0 (4)	
<i>potassium chloride-0.45 % nacl intravenous parenteral solution 20 meq/l</i>	\$0 (4)	
<i>potassium chloride-d5-0.2%nacl intravenous parenteral solution 20 meq/l</i>	\$0 (4)	
<i>potassium chloride-d5-0.9%nacl intravenous parenteral solution 20 meq/l, 40 meq/l</i>	\$0 (4)	
<i>sodium chloride 0.45 % intravenous parenteral solution 0.45 %</i>	\$0 (2)	
<i>sodium chloride 3 % hypertonic intravenous parenteral solution 3 %</i>	\$0 (2)	
<i>sodium chloride 5 % hypertonic intravenous parenteral solution 5 %</i>	\$0 (2)	
MISCELLANEOUS NUTRITION PRODUCTS		
<i>electrolyte-148 intravenous parenteral solution</i>	\$0 (2)	

You can find information on what the symbols and abbreviations in this table mean by referring to section C.

Name of Drug	What the drug will cost you (tier level)	Necessary actions, restrictions, or limits on use
<i>electrolyte-a intravenous parenteral solution</i>	\$0 (2)	
PLENAMINE INTRAVENOUS PARENTERAL SOLUTION 15 %	\$0 (4) B/D	
<i>premasol 10 % intravenous parenteral solution 10 %</i>	\$0 (4) B/D	
<i>travasol 10 % intravenous parenteral solution 10 %</i>	\$0 (4) B/D	
TROPHAMINE 10 % INTRAVENOUS PARENTERAL SOLUTION 10 %	\$0 (4) B/D	
VITAMINS / HEMATINICS		
<i>fluoride (sodium) oral tablet 1 mg (2.2 mg sod. fluoride)</i>	\$0 (2)	
<i>prenatal vitamin plus low iron oral tablet 27 mg iron- 1 mg</i>	\$0 (2)	

You can find information on what the symbols and abbreviations in this table mean by referring to section C.

D. Index of Covered Drugs

In this section, you can find a drug by searching for its name alphabetically. This will tell you the page number where you can find additional coverage information for your drug.

<i>abacavir</i>	28	<i>acyclovir sodium</i>	29	<i>alcohol pads</i>	128
