## **B. Frequently Asked Questions (FAQ)**

Find answers to questions you have about this *List of Covered Drugs*. You can read all the FAQ to learn more or look for a question and answer.

### **B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)**

The drugs on the *List of Covered Drugs* that starts on page 16 are the drugs covered by Wellcare CalViva Health Dual Align (HMO D-SNP) and Wellcare Dual Align (HMO D-SNP). These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.” The prescription drugs included on this List of Covered Drugs are covered by our plan. Other drugs, such as some over-the-counter (OTC) medications and certain vitamins, may be covered by Medi-Cal Rx. Please visit the Medi-Cal Rx website ([www.medi-calrx.dhcs.ca.gov](http://www.medi-calrx.dhcs.ca.gov)) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal Beneficiary Identification Card (BIC) when getting prescriptions through Medi-Cal Rx.

- Our plan will cover all medically necessary drugs on the Drug List if:
  - your doctor or other prescriber says you need them to get better or stay healthy,
  - our plan agrees that the drug is medically necessary for you, **and**
  - you fill the prescription at a plan network pharmacy.
- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs we cover on our website at [wellcare.com/healthnetCA](http://wellcare.com/healthnetCA), or call Member Services at the numbers in the footer of this document.

## **B2. Does the Drug List ever change?**

Yes, and our plan must follow Medicare and Medi-Cal rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from our plan before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that **drug during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check our plan's up-to-date Drug List online at [wellcare.com/healthnetCA](http://wellcare.com/healthnetCA).
- You can also call Member Services at the numbers listed at the bottom of this page to check the current Drug List.

**If you have questions**, please call Wellcare Dual Align Member Services at 1-800-431-9007 or Wellcare CalViva Health Dual Align Member Services at 1-833-236-2366, TTY 711, between October 1 and March 31, representatives are available Monday-Sunday, 8 a.m. to 8 p.m., between April 1 and September 30, representatives are available Monday-Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit [wellcare.com/healthnetCA](http://wellcare.com/healthnetCA).

### **B3. What happens when there is a change to the Drug List?**

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug, but your cost for the new drug will remain \$0. When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
  - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
  - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know. Please talk to your doctor or other prescriber to help you decide if there is a similar drug on the Drug List that you can take instead.

**We may make other changes that affect the drugs you take.** We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**
  - Replace a brand name drug currently on the Drug List **or**
  - Change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

#### **B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?**

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from our plan before you fill your prescription. Prior authorization is different from a referral. Our plan may not cover the drug if you don't get prior authorization.
- **Quantity limits:** Sometimes our plan limits the amount of a drug you can get.
- **Step therapy:** Sometimes our plan requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables beginning on page 16. You can also get more information by visiting our website at [wellcare.com/healthnetCA](http://wellcare.com/healthnetCA). We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

**You can ask for an exception to these limits.** This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please refer to questions B10-B12 for more information about exceptions.

#### **B5. How will I know if the drug I want has limits or if there are any required actions to take to get the drug?**

The table in the List of Drugs by Medical Condition on page 16 has a column labeled "Necessary actions, restrictions, or limits on use."

---

**If you have questions,** please call Wellcare Dual Align Member Services at 1-800-431-9007 or Wellcare CalViva Health Dual Align Member Services at 1-833-236-2366, TTY 711, between October 1 and March 31, representatives are available Monday-Sunday, 8 a.m. to 8 p.m., between April 1 and September 30, representatives are available Monday-Friday, 8 a.m. to 8 p.m. The call is free. **For more information,** visit [wellcare.com/healthnetCA](http://wellcare.com/healthnetCA).

## **B6. What happens if our plan changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?**

In some cases, we will tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

## **B7. How can I find a drug on the Drug List?**

There are two ways to find a drug:

- You can search alphabetically, **or**
- You can search by medical condition.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it if you know how to spell the drug. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the Drug List. Brand name drugs and generic drugs are listed in the index. OTC drugs covered under Medi-Cal Rx will not be listed in the Drug List.

To search **by medical condition**, find the section labeled “List of Drugs by Medical Condition” on page 16. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, CARDIOVASCULAR, HYPERTENSION / LIPIDS. That is where you will find drugs that treat heart conditions.

## **B8. What if the drug I want to take is not on the Drug List?**

If you don't find your drug on the Drug List, call Member Services at the numbers in the footer of this document and ask about it. If you learn that our plan will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask our plan to make an exception to cover your drug. Refer to questions B10–B12 for more information about exceptions.

## **B9. What if I am a new plan member and can't find my drug on the Drug List or have a problem getting my drug?**

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of our plan. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- our plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by our plan, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are taking a drug that our plan does not consider to be a Part D drug, you have the right to get a one-time, 72-hour supply of the drug.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new plan member.
- This is in addition to the temporary supply during the first 90 days you are a member of our plan.

If your level of care changes, we will cover a temporary supply of your drugs. A level of care change happens when you are released from a hospital. It also happens when you move to or from a long-term care facility.

- If you move home from a long-term care facility or hospital and need a temporary supply, we will cover one 30-day supply. If your prescription is written for fewer days, we will allow refills to provide up to a total of a 30-day supply.
- If you move from home or a hospital to a long-term care facility and need a temporary supply, we will cover one 30-day supply. If your prescription is written for fewer days, we will allow refills to provide up to a total of a 30-day supply.

**If you have questions**, please call Wellcare Dual Align Member Services at 1-800-431-9007 or Wellcare CalViva Health Dual Align Member Services at 1-833-236-2366, TTY 711, between October 1 and March 31, representatives are available Monday-Sunday, 8 a.m. to 8 p.m., between April 1 and September 30, representatives are available Monday-Friday, 8 a.m. to 8 p.m. The call is free. **For more information**, visit [wellcare.com/healthnetCA](https://wellcare.com/healthnetCA).

### **B10. Can I ask for an exception to cover my drug?**

Yes. You can ask our plan to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, our plan may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

### **B11. How can I ask for an exception?**

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9 of the *Member Handbook* to learn more about exceptions.

### **B12. How long does it take to get an exception?**

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. You, your representative, or your doctor (or other prescriber) can call, write, or fax us to make your request. You can also access the coverage decision process through our website. For the details, go to Chapter 2, Section A of the *Member Handbook* and look for the section called “Member Services”.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber’s supporting statement.

### **B13. What are generic drugs?**

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don’t have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

Our plan covers both brand name drugs and generic drugs.

#### **B14. What are OTC drugs?**

OTC stands for “over-the-counter”. Medi-Cal Rx covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Medi-Cal Rx drug list to find out which OTC drugs are covered.

#### **B15. Does our plan cover non-drug OTC products?**

Medi-Cal Rx covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include alcohol swabs and gauze.

You can read the Medi-Cal Rx drug list to find out which non-drug OTC products are covered.

#### **B16. Does our plan cover long-term supplies of prescriptions?**

- **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 100-day supply of your prescription drugs sent directly to your home. A 100-day supply has the same copay as a one-month supply.
- **100-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 100-day supply of covered prescription drugs. A 100-day supply has the same copay as a one-month supply.

#### **B17. Can I get prescriptions delivered to my home from my local pharmacy?**

Your local pharmacy may be able to deliver your prescription to your home. You can call your pharmacy to find out if they offer home delivery.

#### **B18. What is my copay?**

Our plan members have no copay for prescription and OTC drugs and non-drug products if the member follows the plan’s rules. Refer to questions B14 and B15 for more information about OTC drugs and non-drug products.

Tiers are groups of drugs on our Drug List.

- Tier 1 (All Part D Covered Drugs) includes brand and generic drugs. This tier has no copay.

If you have questions, call Member Services at the numbers listed at the bottom of this page.

**If you have questions,** please call Wellcare Dual Align Member Services at 1-800-431-9007 or Wellcare CalViva Health Dual Align Member Services at 1-833-236-2366, TTY 711, between October 1 and March 31, representatives are available Monday-Sunday, 8 a.m. to 8 p.m., between April 1 and September 30, representatives are available Monday-Friday, 8 a.m. to 8 p.m. The call is free. **For more information,** visit [wellcare.com/healthnetCA](http://wellcare.com/healthnetCA).

## C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by our plan. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page INDEX-1. The index alphabetically lists all drugs covered by our plan.

- **NM** means the drug is not available via your monthly mail service benefit. This is noted in the Necessary actions, restrictions, or limits on use column of your formulary.
- **PA** stands for Prior Authorization. Refer to question B4.
- **PA-NS** stands for Prior Authorization for New Starts. This means that if this drug is new to you, you will need to get approval from us before you fill your prescription. If you are taking this drug at the time of enrollment, you will not be required to meet criteria for approval.
- **B/D** stands for Covered under Medicare B or D. This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from us to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
- **QL** stands for Quantity Limits. Refer to question B4.
- **LA** stands for Limited Access medication. This prescription may be available only at certain pharmacies. For more information consult your Provider and Pharmacy Directory or call Wellcare Dual Align Member Services at 1-800-431-9007 or Wellcare CalViva Health Dual Align Member Services at 1-833-236-2366, TTY 711, between October 1 and March 31, representatives are available Monday-Sunday, 8 a.m. to 8 p.m., between April 1 and September 30, representatives are available Monday-Friday, 8 a.m. to 8 p.m., or visit [wellcare.com/healthnetCA](http://wellcare.com/healthnetCA).
- **ST** stands for Step Therapy. Refer to question B4.
- **^** stands for Drug may be available for up to a 30-day supply only.

**Note:** Over-the-counter (OTC) drugs covered by Medi-Cal Rx are not a “Part D drug.” These drugs have different rules for appeals.

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake.
- For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Medi-Cal.
- If you or your doctor disagrees with our decision, you can appeal. If you ever have a question, call Member Services at the numbers in the footer of this document.
- You can also read Chapter 9 of the *Member Handbook* to learn how to appeal a decision.

## C1. List of Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, CARDIOVASCULAR, HYPERTENSION / LIPIDS. That is where you will find drugs that treat heart conditions.

**You can find information on what the symbols and abbreviations in this table mean by going to page 12.**

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, *simvastatin*) and brand name drugs are capitalized (for example, ELIQUIS).

The information in the “Necessary actions, restrictions, or limits on use” column tells you if our plan has any rules for covering your drug.

**If you have questions,** please call Wellcare Dual Align Member Services at 1-800-431-9007 or Wellcare CalViva Health Dual Align Member Services at 1-833-236-2366, TTY 711, between October 1 and March 31, representatives are available Monday-Sunday, 8 a.m. to 8 p.m., between April 1 and September 30, representatives are available Monday-Friday, 8 a.m. to 8 p.m. The call is free. **For more information,** visit [wellcare.com/healthnetCA](http://wellcare.com/healthnetCA).
