## **B. Frequently Asked Questions (FAQ)**

Find answers to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

### **B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)**

The drugs on the *List of Covered Drugs* that starts on page 14 are the drugs covered by Superior STAR+PLUS MMP. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Superior STAR+PLUS MMP will cover all medically necessary drugs on the Drug List if:
  - your doctor or other prescriber says you need them to get better or stay healthy, **and**
  - you fill the prescription at a Superior STAR+PLUS MMP network pharmacy.
- Superior STAR+PLUS MMP may have additional steps to access certain drugs (refer to question B4 below).

You can also find an up-to-date list of drugs we cover on our website at [mmp.SuperiorHealthPlan.com](http://mmp.SuperiorHealthPlan.com) or call Member Services at 1-866-896-1844 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day.

### **B2. Does the Drug List ever change?**

Yes, and Superior STAR+PLUS MMP must follow Medicare and Texas Medicaid rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (Prior approval is permission from Superior STAR+PLUS MMP before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a Medicare Part D drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

If you have questions, call Superior STAR+PLUS MMP at 1-866-896-1844 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. For more information, visit [mmp.SuperiorHealthPlan.com](http://mmp.SuperiorHealthPlan.com).

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, or
- we learn that a drug is not safe, or
- a drug is removed from the market.

Questions B3 and B6 have more information on what happens when the Drug List changes.

- You can always check Superior STAR+PLUS MMP's up to date Drug List online at [mmp.SuperiorHealthPlan.com](http://mmp.SuperiorHealthPlan.com).
- You can also call Member Services to check the current Drug List at 1-866-896-1844 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day.

### **B3. What happens when there is a change to the Drug List?**

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug, but your cost for the new drug will stay the same. When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
  - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
  - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know. Please talk to your doctor or other prescriber to help you decide if there is a similar drug on the Drug List that you can take instead.

**We may make other changes that affect the drugs you take.** We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**
  - Replace a brand name drug currently on the Drug List **or**
  - Change the coverage rules or limits for the brand name drug.

If you have questions, call Superior STAR+PLUS MMP at 1-866-896-1844 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. For more information, visit [mmp.SuperiorHealthPlan.com](http://mmp.SuperiorHealthPlan.com).

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. To learn more about exceptions, refer to question B10.

#### **B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?**

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior approval (or prior authorization):** For some drugs, you or your doctor or other prescriber must get approval from Superior STAR+PLUS MMP before you fill your prescription. Superior STAR+PLUS MMP may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes Superior STAR+PLUS MMP limits the amount of a drug you can get.
- **Step therapy:** Sometimes Superior STAR+PLUS MMP requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables on pages 14 – INDEX-1. You can also get more information by visiting our website at [mmp.SuperiorHealthPlan.com](http://mmp.SuperiorHealthPlan.com).

We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception to these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please refer to questions B10-B12 for more information about exceptions.

#### **B5. How will I know if the drug I want has limits or if there are any required actions to take to get the drug?**

The table of drugs on page 14 has a column labeled "Necessary actions, restrictions, or limits on use."

If you have questions, call Superior STAR+PLUS MMP at 1-866-896-1844 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. For more information, visit [mmp.SuperiorHealthPlan.com](http://mmp.SuperiorHealthPlan.com).

## **B6. What happens if Superior STAR+PLUS MMP changes their rules about some drugs (for example, prior authorization (approval), quantity limits, and/or step therapy restrictions)?**

In some cases, we will tell you in advance if we add or change prior approval, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

## **B7. How can I find a drug on the Drug List?**

There are two ways to find a drug:

- You can search alphabetically by the drug's name **or**
- You can search by medical condition.

To search **alphabetically**, go to the Index of Covered Drugs section. You can find it if you know how to spell the drug. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the Drug List. Brand name drugs, generic drugs, and over-the-counter (OTC) drugs are listed in the index.

To search **by medical condition**, find the section labeled "Drugs Grouped by Medical Condition" on page 11. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, CARDIOVASCULAR. That is where you will find drugs that treat heart conditions.

## **B8. What if the drug I want to take is not on the Drug List?**

If you don't find your drug on the Drug List, call Member Services at 1-866-896-1844 (TTY: 711) and ask about it. Our hours of operation are 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. If you learn that Superior STAR+PLUS MMP will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please refer to questions B10–B12 for more information about exceptions.

---

If you have questions, call Superior STAR+PLUS MMP at 1-866-896-1844 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. ## **B9. What if I am a new Superior STAR+PLUS MMP member and can't find my drug on the Drug List or have a problem getting my drug?**

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of Superior STAR+PLUS MMP. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior approval by Superior STAR+PLUS MMP, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Superior STAR+PLUS MMP member.
- This is in addition to the temporary supply during the first 90 days you are a member of Superior STAR+PLUS MMP.

### **Level of Care Changes**

If your level of care changes, we will cover a temporary supply of your drugs. A level of care change happens when you are released from a hospital. It also happens when you move to or from a long-term care facility.

- If you move home from a long-term care facility or hospital and need a temporary supply, we will cover one 30-day supply. If your prescription is written for fewer days, we will allow refills to provide up to a total of a 30-day supply.
- If you move from home or a hospital to a long-term care facility and need a temporary supply, we will cover one 31-day supply. If your prescription is written for fewer days, we will allow refills to provide up to a total of a 31-day supply.

## **B10. Can I ask for an exception to cover my drug?**

Yes. You can ask Superior STAR+PLUS MMP to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, Superior STAR+PLUS MMP may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior approval requirements.

## **B11. How can I ask for an exception?**

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9 of the *Member Handbook* to learn more about exceptions.

## **B12. How long does it take to get an exception?**

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

## **B13. What are generic drugs?**

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

OTC stands for "over-the-counter." Superior STAR+PLUS MMP covers some OTC drugs when they are written as prescriptions by your provider.

## C. Overview of the *List of Covered Drugs*

The following list of covered drugs gives you information about the drugs covered by Superior STAR+PLUS MMP. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page INDEX-1. The index alphabetically lists all drugs covered by Superior STAR+PLUS MMP.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., ELIQUIS) and generic drugs are listed in lowercase italics (e.g., *simvastatin*).

The information in the necessary actions, restrictions, or limits on use column tells you if Superior STAR+PLUS MMP has any rules for covering your drug.

- **NT** stands for Not Part D. This drug is not a “Part D drug.”
- **NM** means the drug is not available via your monthly mail service benefit. This is noted in the Necessary actions, restrictions, or limits on use column of your formulary.
- **PA** stands for Prior Authorization. Refer to question B4.
- **PA-NS** stands for Prior Authorization for New Starts. This means that if this drug is new to you, you will need to get approval from us before you fill your prescription. If you are taking this drug at the time of enrollment, you will not be required to meet criteria for approval.
- **B/D** stands for Covered under Medicare B or D. This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from us to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
- **QL** stands for Quantity Limits. Refer to question B4.
- **LA** stands for Limited Access medication. This prescription may be available only at certain pharmacies. For more information consult your Provider and Pharmacy Directory or call Member Services at 1-866-896-1844 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day.
- **ST** stands for Step Therapy. Refer to question B4.
- **^** = Drug may be available for up to a 30-day supply only.

*This section is continued on the next page.*

If you have questions, call Superior STAR+PLUS MMP at 1-866-896-1844 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. The call is free. For more information, visit [mmp.SuperiorHealthPlan.com](http://mmp.SuperiorHealthPlan.com).

**Note:** The NT next to a drug means the drug is not a “Part D drug.” The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage).

- In addition, if you are getting Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs. For more information on Extra Help, please refer to the call-out box below.

**Extra Help** is a Medicare program that helps people with limited incomes and resources reduce Medicare Part D prescription drug costs, such as premiums, deductibles, and copays. Extra Help is also called the “Low-Income Subsidy,” or “LIS.”

- These drugs also have different rules for appeals. An appeal is a formal way of asking us to review a coverage decision and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Texas Medicaid.
- If you or your doctor disagrees with our decision, you can appeal. To ask for instructions on how to appeal, call Member Services at 1-866-896-1844 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you can leave a message. Your call will be returned within the next business day. You can also read Chapter 9, of the *Member Handbook* to learn how to appeal a decision.

## C1. Drugs Grouped by Medical Condition

**You can find information on what the symbols and abbreviations in this table mean by going to page 10.**
