

Prescription Medication Formulary

Portfolio and PPO HSA Plans

Effective 1/1/25

Your prescription medications fall into one of seven categories or “tiers.” This means the member cost share for covered prescription medications varies depending on which tier a medication is in. Each tier may have a different cost share. Medications are assigned to tiers based on their quality, value, and effectiveness.

Tier	Description
\$0	Preventive Medications including Women’s Prevention (primarily generics)
1	Retail and Mail Order Coinsurance
SP	Specialty Drugs (limited to a 30 day supply at the in-network Specialty or Retail pharmacy)
MB	Medical Benefit (when covered, these medications will be under the medical benefit)

What Is Covered on the Formulary?

This is the list of covered formulary medications chosen by the Blue Cross® Blue Shield® of Arizona (AZ Blue) Pharmacy & Therapeutics (P&T) Committee, which is made up of community doctors and pharmacists.

AZ Blue covers the medications listed as long as:

- The medication is medically necessary and appropriate
- The medication has been approved by the Food and Drug Administration (FDA) for the diagnosis for which the medication has been prescribed
- The medication is not a benefit plan exclusion

Depending on the specifics of your benefit plan, other conditions may apply, such as requiring the medication to be filled at a AZ Blue network pharmacy.

Additionally, covered medications are subject to limitations, including but not limited to, prior authorization, step therapy, quantity, age, gender, dosage, and frequency of refills.

What if my Medication is not on the Formulary?

Sometimes our members need access to drugs that are not listed on the plan's formulary (drug list). These medications are often referred to as non-formulary medications. Non-Formulary medications are not covered unless an exception is made. Requirements are outlined in the [QHP Non Formulary Medications Coverage Guideline](#).

Non-Formulary Exception Process

If a member or provider feels there are no suitable formulary alternatives available, he or she may request that an exception be made to allow coverage for a non-formulary medication by filling out the [Pharmacy Prior Authorization Request Form](#) and providing appropriate documentation supporting the request. The form and documentation may be submitted by fax to 602-864-3126 or by email to pharmacyprecert@azblue.com.

A non-formulary exception request does not guarantee approval. Drugs that are not listed on the formulary below but are considered specific benefit plan exclusions will not be covered (see “What is Not Covered?” below).

Formulary exception requests are reviewed within 72 hours from the time that the complete request has been received. If a request is marked as having exigent circumstances the exception request will be reviewed within 24 hours. An exigent request requires a written statement from the prescriber, explaining the reason for exigency.

These medications are initially reviewed by AZ Blue through the formulary exception review process. If your request is denied, you have the right to an external review and detailed instructions will be provided on your denial letter.

What Is Not Covered (Benefit Exclusion)?

Certain medications or medication classes are pharmacy benefit plan exclusions, including but not limited to the items below:

- Athletic performance
- Clinic packs
- ‘Combination’ products, including:
 - Medications packaged with one other or multiple other prescription products
 - Medications packaged with over-the-counter medications, supplies, medical foods, vitamins, or other excluded products
- Cosmetic purposes
- Excluded Drugs List
 - Medications that only modify the dosage form (tablet, capsule, liquid, suspension, extended release, tamper resistant) for a medication that is already available in a common dosage form
 - Medications with one or more principal ingredients that are already available in greater/lesser strengths and/or combinations
- Experimental and/or investigational
- Fertility/infertility
- Lifestyle enhancement
- Medical foods
- Medical devices, unless specifically noted in the listing below
- Non-FDA approved, including DESI
- Off-label, unlabeled and orphan medications, unless specifically noted in the listing below
- Over-the-counter (OTC) medications that can be obtained without a prescription, unless specifically noted in the listing below and obtained using a prescription
 - Medications with primary therapeutic ingredients that are sold over the counter in any form, strength, packaging, or name
- Sexual dysfunction
- Unit-dose packaging, unless that is the only form in which the medication is available
- Weight Gain or Loss

Medications that exceed limitations, including quantity, age, gender, and refill limits, may not be covered. Coverage is not available for medications used to treat a condition not covered under your benefit plan. If a medication does not process at the pharmacy and you do not understand why, please contact us. Medications may reject for many reasons, including member eligibility, exclusion status, quantity, age, gender, dosage, and/or frequency of refill limitations.

If you need to verify medication coverage or requirements, refer to your benefit book or contact us.

How Much Will My Medications Cost?

Benefits and cost sharing for prescription medications vary depending on your benefit plan terms, the medication prescribed, and whether the medication is obtained at a retail pharmacy, a specialty pharmacy, or a mail order pharmacy. Please consult the member benefit plan book and Summary of Benefits and Coverage (SBC) for a complete description of the prescription medication benefit. If the information in this section differs from the applicable benefit plan, the terms of your benefit plan apply.

If your plan does not cover a medication and you obtain it, you will have to pay the full cost of the medication and costs incurred for non-covered medications are not applied to the deductible or out-of-pocket-maximum.

No exceptions will be made regarding the assigned tier of a medication.

When and Why Are Tier Changes Made? How Will I Know?

Medications may change tier twice each year (January 1 and July 1). AZ Blue's Pharmacy and Therapeutics (P&T) Committee meets on a quarterly basis to review recommended changes and make determinations. Members will be notified of any changes as required by law.

A medication may change tiers for a variety of reasons, including but not limited to:

- Recommendation by the AZ Blue P&T Committee
- Availability of a new generic option
- New clinical information

Mandatory Generics

If you purchase a brand-name medication when a generic equivalent is available, you will pay the tier 1a or 1b copay plus the difference between the allowed amounts for the generic and brand-name medications, even if the prescribing provider indicates on the prescription that the brand-name medication is what you should have.

Exceptions are made when a medication is approved through the step therapy process if all alternative medications have been tried and failed, or when AZ Blue requires the brand-name medication to be utilized as the preferred medication. Please refer to your benefit book or contact the pharmacy customer service phone number on the back of your ID card with any questions.

ST: Step Therapy

Utilization Management & Limitation Abbreviations with Explanations

AL: Age Limit

Coverage may be limited to specific patient age(s) based on recommendations by the Food and Drug Administration (FDA). If a medication is outside of age limits, it will reject at the pharmacy; your provider may request Prior Authorization.

DS: Days' Supply Limit

Coverage may be limited to specific minimum or maximum days' supply. If a medication is above days' supply limits, it will reject at the pharmacy; your provider may request Prior Authorization.

Additionally, general days' supply maximum apply as noted below:

Retail	Retail-90	Mail Order	Specialty
30 days' supply	90 days' supply	90 days' supply	30 days' supply

Please note, certain benefit plans may not offer retail-90, or retail-90 may be limited to maintenance medications only.

F: Female Only Gender Limit

M: Male Only Gender Limit

PA: Prior Authorization

Certain medications require approval prior to being obtained through your pharmacy benefits. This process is called prior authorization. A prior authorization request must be submitted and signed by your provider. Request forms are found at azblue.com. Click on the *Resource Center* tab, select *Pharmacy* and select *View resources for QHP Pharmacy Plans*. Forms are listed at the bottom of the page by medication name under "Pharmacy Coverage Guidelines and Precertification Forms". If the medication being requested is not listed under the specific forms section, please use the general form listed on azblue.com at the top of the page under *Other Forms and Resources*. Instructions on where to submit the form and the required information is included within the form itself.

Prior Authorization requests are reviewed within 10 business days for standard requests. Requests noted by your provider as urgent are reviewed within 72 hours. If a request is marked as having exigent circumstances the exception request will be reviewed within 24 hours. An exigent request requires a written statement from the prescriber, explaining the reason for exigency.

What is a Pharmacy Coverage Guideline?

The AZ Blue Pharmacy and Therapeutics (P&T) Committee creates pharmacy coverage guidelines, which take into consideration the medical literature. The guideline may state specific limitations, including dosing, gender limits, age limits, or FDA indications for use. If the application of a guideline results in a

non-covered claim, the provider has the option to appeal the decision.

Additional information about your pharmacy benefits can be found on azblue.com under *Forms and Resources*. This includes:

- Precertification Guidelines and Forms
- Mail Order Enrollment Forms
- Claim Forms

QL: Quantity Limit

Coverage may be limited to specific quantities per prescription and/or time period based on FDA recommendations. Coverage may also be stricter for controlled substances. If a medication is above quantity limits, it will reject at the pharmacy; your provider may request Prior Authorization.

R&M: Retail & Mail Distribution

Distribution limitations may apply.

- **Retail**—AZ Blue uses Optum’s National Network. Generally, all major pharmacy chains operating in Arizona are contracted to provide retail pharmacy services for AZ Blue members. Certain benefit plans may offer a limited network that excludes CVS and Target.
- **Mail order**—AZ Blue does not provide out-of-network mail order pharmacy benefits. OptumRx® Home Delivery Pharmacy is AZ Blue’s exclusive mail order pharmacy provider. Complete the [Mail Order Pharmacy Form](#) on azblue.com to get started.

SP: Specialty Pharmacy Distribution

These medications are covered up to a 30-day supply and include self-injectable, oral, topical, and inhaled medications. The preferred specialty pharmacy is Optum Specialty Pharmacy. Please call Optum Specialty Pharmacy at (866) 618-6741 to begin working with a Patient Care Coordinator who will guide you through the process of getting your prescription filled through Optum Specialty Pharmacy.

ST: Step Therapy

Step therapy is a limitation that requires you to try preferred medications before the plan will pay for another medication for the same medical condition that the doctor may have originally prescribed. An automated, electronic review of your medication history is performed to determine whether other medications have been tried first for your condition. This ensures clinically sound and cost-effective treatment options are tried. If a prescribed medication does not meet the step therapy criteria, it may not be covered. You should consult with your doctor about alternative therapy. If a medication does not meet the step therapy criteria for automatic approval, it will reject at the pharmacy; your provider may request prior authorization.

Blue Cross Blue Shield of Arizona (BCBSAZ) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex. BCBSAZ provides appropriate free aids and services, such as qualified interpreters and written information in other formats, to people with disabilities to communicate effectively with us. BCBSAZ also provides free language services to people whose primary language is not English, such as qualified interpreters and information written in other languages. If you need these services, call 602-864-4884 for Spanish and 877-475-4799 for all other languages and other aids and services.

If you believe that BCBSAZ has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability or sex, you can file a grievance with: BCBSAZ's Civil Rights Coordinator, Attn: Civil Rights Coordinator, Blue Cross Blue Shield of Arizona, P.O. Box 13466, Phoenix, AZ 85002-3466, 602-864-2288, TTY/TDD 602-864-4823, crc@azblue.com. You can file a grievance in person or by mail or email. If you need help filing a grievance BCBSAZ's Civil Rights Coordinator is available to help you. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, 1-800-368-1019, 800-537-7697 (TDD). Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.
