

Vaccines Covered Under the Pharmacy Benefit

Open Drug List

Most Blue Cross® Blue Shield® of Arizona (AZ Blue) benefit plans that have a retail pharmacy benefit also provide coverage for certain vaccines with no out of pocket costs for eligible members, when the vaccine is administered by a pharmacist in a retail pharmacy setting. When vaccines are not covered under your plan's retail pharmacy benefit, they may still be covered under a different benefit through your plan.

This list of vaccines with coverage under the pharmacy benefit is based on the Centers for Disease Control and Prevention (CDC) Immunization Schedule(s) with consideration of Arizona State Law. This list is subject to change at any time, without notice.

To check coverage and copay information for a medication under your plan, visit azblue.com and log into MyBlue. If you do not have access to the website, call the Pharmacy Benefits number on the back of your member ID card.
