

## Sexual Dysfunction (SDIS) Medications

### Open Drug List

Most plans do not cover medications to treat sexual dysfunction. If your plan provides coverage for sexual dysfunction medications, they are typically covered at tier 1 (generics) or tier 3 (brands), or at a percentage (coinsurance plans). However, please consult the drug list for specific details. Certain medications may apply a different cost share. Medications are assigned to tiers based on their quality, value, and effectiveness.

To check coverage and copay information for a medication under your plan, visit [azblue.com](http://azblue.com) and log into MyBlue. If you do not have access to the website, call the Pharmacy Benefits number on the back of your member ID card.
