

Aetna Performance Plans

July 1, 2018 Updates

Abbreviation Key

Refer to your plan documents for a complete description of benefits, exclusions and limitations of coverage

*	Some plans may not cover this drug. Alternatives are available.
30 Day Supply 30 day maximum supply	These drugs are not covered for a 90 day supply. You can still get these drugs for 30 day supply per fill.
Expect Gen Expect generic	Expect generic drugs to become available in the near future. When this happens, we may cover the brand-name drug at a higher copayment, add the brand-name drug to the precertification, quantity limit or step-therapy lists, or add the brand-name drug to the Formulary Exclusions List.
FE Formulary exclusion	These drugs are not covered under your pharmacy benefit plan due to a formulary exclusion. You can still get these drugs but will need to pay the full cost of the drug.
HCR Health Care Reform	There is no copay for these drugs.
Medical	These drugs are not covered under your pharmacy benefit but may be covered under your Medical benefit.
MOD Exclusion Mail order delivery exclusion	These drugs are not covered at mail order pharmacy. You can still get these drugs at retail pharmacies.
NC Not-covered	These drugs are not covered under your pharmacy benefit plan due to benefit exclusion. You can still get these drugs but will need to pay the full cost of the drug.
NPB/G - Non-preferred brand or non-preferred generic drug	These drugs aren't preferred. You may pay higher out-of-pocket costs when using a non-preferred brand-name or non-preferred generic drug.
NPL National precertification list	Preauthorization (PA) is required for all plans. Your doctor must contact us to request approval for coverage.
NPS - Non-preferred specialty drug	These drugs aren't preferred. You may pay higher out-of-pocket costs when using a non-preferred drug on the Aetna Specialty Drug List.
PA – Preauthorization (Precertification)	Preauthorization only applies if your plan includes precertification. This means that we have to approve some drugs before we cover them. If this is required, your doctor must contact us to request approval of coverage.
PB Preferred brand-name drug	These are brand-name drugs that are covered at your 2 nd Tier copay. You may pay lower out-of-pocket costs when you use preferred drugs, but this may not always be the case.
PS Preferred specialty drugs	You may pay lower out-of-pocket costs when you use preferred drugs on the Aetna Specialty Drug List.
PG Preferred generic	These are generic drugs that are covered at your 1 st tier copay. You may pay lower out-of-pocket costs when you use preferred drugs, but this may not always be the case.
QL Quantity limits	Quantity limits only applies if your plan includes preauthorization. Quantity limits help ensure that you get a safe amount of your drug. If you go past the quantity limit, your doctor must contact us to request approval of coverage.
SPB Specialty pharmacy coverage	You may pay higher out of pocket costs and may be required to get these products at an Aetna Specialty Pharmacy network provider, like Aetna Specialty Pharmacy. Specialty products are limited to a 30 day supply.
Spc Network Applies Specialty network applies	These drugs are not covered at mail order pharmacy. You can still get these drugs at certain specialty network pharmacies.
ST Step therapy	Step therapy only applies if your plan includes this option. This means that you must try one or more prerequisite drug(s) before we cover a step-therapy drug. Step therapy protocol complies with all mandated requirements which include disclosing an exceptions request process to the enrollee; and disclosing an enrollee's expedited adverse determination appeal rights and independent review organization (IRO) rights for denials of exception requests.

UPPERCASE = brand-name drug; lower case = generic drug

Please note that if your prescription drug benefits plan changes, the information in this letter may no longer apply.

Some health benefits and health insurance plans are offered, administered and/or underwritten by Aetna Health Inc., 151 Farmington Avenue, Hartford, CT 06156. Each insurer has sole financial responsibility for its own products.

Not all health services are covered. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change.

Aetna receives rebates from drug manufacturers that may be taken into account in determining the Aetna Pharmacy Plan and Specialty Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Information is subject to change. For more information about your pharmacy plan, refer to your plan's website that is on your member ID card.

In accordance with state law, commercial fully insured (including HMO) members in Louisiana and Texas (except Federal Employee Health Benefit Plan members) who are receiving coverage for medications that are added or removed from the Aetna Pharmacy Plan and Specialty Drug List will continue to have those medications covered at the same benefit level until their plan's renewal date. In Texas, preauthorization approval is known as "preservice utilization review." It is not "verification" as defined by Texas law. Preauthorization means a determination that healthcare services proposed to be provided to a patient are medically necessary and appropriate.

In accordance with state law, fully insured commercial California HMO members (except Federal Employee Health Benefit Plan members) who are receiving coverage for medications that are to receive preauthorization or step-therapy reviews will continue to have those medications covered, for as long as the treating physician continues prescribing them, provided that the drug is appropriately prescribed and is considered safe and effective for treating the enrollee's medical condition.

In accordance with state law, fully insured commercial Connecticut PPO members (except Federal Employee Health Benefit Plan members) who are receiving coverage for medications that are to receive preauthorization or step-therapy reviews will continue to have those medications covered for as long as the treating physician prescribes them, provided the drug is medically necessary and more medically beneficial than other covered drugs. Nothing in this section shall preclude the prescribing provider from prescribing another drug covered by the plan that is medically appropriate for the enrollee, nor shall anything in this section be construed to prohibit generic drug substitutions.

The drugs on the Aetna Pharmacy Plan and Specialty Drug List including formulary exclusions, preauthorization, quantity limit and step-therapy reviews are subject to change. The quantity limits and step-therapy drug coverage review programs are not available in all service areas. For example, step-therapy programs do not apply to fully insured members in Indiana. Step therapy does not apply to fully insured members in New Jersey. However, these programs are available to self-funded plans.

Aetna Pharmacy Management administers, but does not offer, insure or otherwise underwrite the prescription drug benefit portion of your health plan and has no financial responsibility therefor. Aetna Pharmacy Management refers to an internal business unit of Aetna Health Management, LLC.

This material is for information only. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Aetna does not provide care or guarantee access to health services. For more information you can refer to your plan's website
