April 30, 2021

Changes to your plan’s pharmacy drug list

Your plan’s **Standard Opt Out** drug list is changing on **July 1, 2021**. It’s important that you review the changes in the chart below. Talk to your health care provider about how these changes might impact you.

What if I need a prescription drug that requires a medical exception?

If you’d like to ask for an exception, talk with your prescriber first. You or your prescriber can request a medical exception to the changes in this letter. To do so, just call us at the number on your member ID card.

We’ll contact you and your prescriber with our decision. If we approve your exception, you will pay a plan copay or cost-share. But first you must meet any deductible requirements of your pharmacy plan.

How to find a preferred medicine that’s right for you

You can visit the website listed on your member ID card. Then log in to your account.

Key for table below

Check your plan documents to find out if your plan has formulary exclusions, prior authorization, quantity limits or if you must first try certain drug(s) before another drug will be covered.

The changes made to the prescription drugs in this chart are from the plan information we have for you. It is current as of the date of this letter.

UPPER CASE = brand-name medication

lower case = generic medication

*Multi-source Brand Product

Adding products that demonstrate enhanced clinical efficacy, provide more convenient dosage forms or may cost less than other available options or moving those products to a lower tier.
