Request for Prior Authorization for Tepezza (teprotumumab-trbw
Website Form – www.highmarkhealthoptions.com
Submit request via: Fax - 1-855-476-4158

All requests for Tepezza (teprotumumab-trbw) require a Prior Authorization and will be screened for medical necessity and appropriateness using the criteria listed below.

Tepezza (teprotumumab-trbw) Prior Authorization Criteria:

For all requests for Tepezza (teprotumumab-trbw) all of the following criteria must be met:

- The requested dose and frequency is in accordance with FDA-approved labeling, nationally recognized compendia, and/or evidence-based practice guidelines
- Is age-appropriate according to FDA-approved package labeling, nationally recognized compendia, or peer-reviewed medical literature
- Must be prescribed by or in consultation with a specialist in ophthalmology or endocrinology

Coverage may be provided with a diagnosis of Thyroid Eye Disease (TED) and the following criteria is met:

- Must be euthyroid or have thyroxine and free triiodothyronine levels less than 50% above or below normal limits
- **Initial Duration of Approval:** Eight infusions
- **Reauthorization criteria**
    - Requests outside 8 total infusions require documentation of peer-reviewed compendia supporting the member's healthcare outcome will be improved by dosing beyond the FDA approved treatment duration.
- **Reauthorization Duration of approval:** up to 8 infusions (dependent on peer-reviewed compendia support provided)

Coverage may be provided for any non-FDA labeled indication if it is determined that the use is a medically accepted indication supported by nationally recognized pharmacy compendia or peer-reviewed medical literature for treatment of the diagnosis(es) for which it is prescribed. These requests will be reviewed on a case by case basis to determine medical necessity.

Drugs are authorized in generic form unless the branded product is on the preferred drug list or the prescriber has indicated in writing that the branded product is medically necessary. If only the branded product is on the preferred drug list, the generic form will be considered non-preferred and shall not require the prescriber to indicate in writing that the branded product is medically necessary.
