**Website Form – [www.highmarkhealthoptions.com](http://www.highmarkhealthoptions.com)**  
**Submit request via: Fax - 1-855-476-4158**

All requests for Regranex (becaplermin) require a Prior Authorization and will be screened for medical necessity and appropriateness using the criteria listed below.

**Regranex (becaplermin) Prior Authorization Criteria:**

Coverage may be provided with a diagnosis of **lower extremity diabetic neuropathic ulcer** and the following criteria is met:

- The ulcer extends into the subcutaneous tissue or beyond and has an adequate blood supply
- Must have tried and failed standard good ulcer care therapy for at least two (2) months consisting of all of the following:
  - Initial complete sharp debridement
  - Non-weight bearing regimen
  - Systemic treatment for wound-related infection (if present)
  - Moist saline dressing changed twice a day
  - Additional debridement as necessary
- Must be used as adjunct treatment to, not a replacement for, good ulcer care practices including sharp debridement, pressure relief, and infection control
- The wound must be free of infection
- The requested dose and frequency is in accordance with FDA-approved labeling, nationally recognized compendia, and/or evidence-based practice guidelines
- The member has no contraindications to the medication including known neoplasms at the site of application
- **Duration of Approval:** 6 months

Coverage may be provided for any non-FDA labeled indication if it is determined that the use is a medically accepted indication supported by nationally recognized pharmacy compendia or peer-reviewed medical literature for treatment of the diagnosis(es) for which it is prescribed. These requests will be reviewed on a case by case basis to determine medical necessity.
