Request for Prior Authorization for Diacomit (Stiripentol)
Website Form – www.highmarkhealthoptions.com
Submit request via: Fax - 1-855-476-4158

All requests for Diacomit (Stiripentol) require a prior authorization and will be screened for medical necessity and appropriateness using the criteria listed below.

Diacomit (Stiripentol) Prior Authorization Criteria:

For all requests for Diacomit (stiripentol) all of the following criteria must be met:

- Members stabilized on the medication will not be required to try and fail formulary alternatives.
- Member must be 2 years of age or older
- Treatment is prescribed by, or in consultation with, a neurologist
- Medication must be used as adjunctive therapy with valproic acid and clobazam (prior authorization required)
- The requested dose and frequency is in accordance with FDA-approved labeling, nationally recognized compendia, and/or evidence-based practice guidelines

Coverage may be provided with a diagnosis of Dravet syndrome and the following criteria is met:

- Documentation that the member's seizures are uncontrolled while on stable antiepileptic drug therapy
- Must provide documentation showing the member has tried and failed (which will be verified via pharmacy claims if available) or had an intolerance or contraindication to Topiramate
- **Initial Duration of Approval**: 6 months
- **Reauthorization criteria**:
    - Must provide documentation showing treatment with Diacomit has provided improvement in the member's condition.
- **Reauthorization duration of approval**: 12 months

Coverage may be provided for any non-FDA labeled indication if it is determined that the use is a medically accepted indication supported by nationally recognized pharmacy compendia or peer-reviewed medical literature for treatment of the diagnosis(es) for which it is prescribed. These requests will be reviewed on a case by case basis to determine medical necessity.
