Request for Prior Authorization for Topical Immunomodulators
Website Form – www.highmarkhealthoptions.com
Submit request via: Fax - 1-855-476-4158

All requests for Topical Immunomodulators require a Prior Authorization and will be screened for medical necessity and appropriateness using the criteria listed below.

Topical Immunomodulators Prior Authorization Criteria:

Topical immunomodulators addressed in this policy include: Protopic (tacrolimus), Elidel (pimecrolimus), and Eucrisa (crisaborole). New products with this classification will require the same documentation.

Coverage may be provided with a diagnosis of atopic dermatitis and the following criteria is met:

- Must be at least 2 years old
- Must provide documentation showing the member has tried and failed or had an intolerance or contraindication to a topical corticosteroid
- For non-preferred agents, the member has had a trial and failure of 2 preferred agents or submitted a clinical reason for not having a trial of preferred agents
- The requested dose and frequency is in accordance with FDA-approved labeling, nationally recognized compendia, and/or evidence-based practice guidelines
- **Initial Duration of Approval:** 3 months
- **Reauthorization criteria**
    - Documentation of improvement in condition and tolerance to therapy
- **Reauthorization Duration of Approval:** 12 months

Coverage may be provided for any non-FDA labeled indication if it is determined that the use is a medically accepted indication supported by nationally recognized pharmacy compendia or peer-reviewed medical literature for treatment of the diagnosis(es) for which it is prescribed. These requests will be reviewed on a case by case basis to determine medical necessity.
