Prior Authorization Criteria

Daraprim (pyrimethamine)

All requests for Daraprim (pyrimethamine) require a prior authorization and will be screened for medical necessity and appropriateness using the criteria listed below.

Daraprim (pyrimethamine) is not covered for the treatment or prophylaxis of malaria. Pyrimethamine is not included in the U.S. Centers for Disease Control and Prevention (CDC) recommendations for the prevention or treatment of malaria.

- Claims will pay at the point of sale when either of the following is met:
  - A diagnosis of toxoplasmosis is entered at the point of sale
  - For any request that does not meet automatic point of sale approval documentation must be provided that the member has a diagnosis of toxoplasmosis
- **Initial Duration of Approval: 12 months**
- **Reauthorization Criteria:**
  - See initial criteria

Coverage may be provided for any non-FDA labeled indication if it is determined that the use is a medically accepted indication supported by nationally recognized pharmacy compendia or peer-reviewed medical literature for treatment of the diagnosis(es) for which it is prescribed. These requests will be reviewed on a case by case basis to determine medical necessity.

When criteria are not met, the request will be forwarded to a Medical Director for review. The physician reviewer must override criteria when, in their professional judgment, the requested medication is medically necessary.
