Please note that if your prescription drug benefits plan changes, the information in this letter may no longer apply.

Some health benefits and health insurance plans are offered, administered and/or underwritten by Aetna Health Inc., 151 Farmington Avenue, Hartford, CT 06156. Each insurer has sole financial responsibility for its own products.

Not all health services are covered. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change.

Aetna receives rebates from drug manufacturers that may be taken into account in determining the Aetna Pharmacy Plan and Specialty Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Information is subject to change. For more information about your pharmacy plan, refer to your plan's website that is on your member ID card.

In accordance with state law, commercial fully insured (including HMO) members in Louisiana and Texas (except Federal Employee Health Benefit Plan members) who are receiving coverage for medications that are added or removed from the Aetna Pharmacy Plan and Specialty Drug List will continue to have those medications covered at the same benefit level until their plan's renewal date. In Texas, preauthorization approval is known as "preservice utilization review." It is not "verification" as defined by Texas law. Preauthorization means a determination that healthcare services proposed to be provided to a patient are medically necessary and appropriate.

In accordance with state law, fully insured commercial California HMO members (except Federal Employee Health Benefit Plan members) who are receiving coverage for medications that are to receive preauthorization or step-therapy reviews will continue to have those medications covered, for as long as the treating physician continues prescribing them, provided that the drug is appropriately prescribed and is considered safe and effective for treating the enrollee's medical condition.

In accordance with state law, fully insured commercial Connecticut PPO members (except Federal Employee Health Benefit Plan members) who are receiving coverage for medications that are to receive preauthorization or step-therapy reviews will continue to have those medications covered for as long as the treating physician prescribes them, provided the drug is medically necessary and more medically beneficial than other covered drugs. Nothing in this section shall preclude the prescribing provider from prescribing another drug covered by the plan that is medically appropriate for the enrollee, nor shall anything in this section be construed to prohibit generic drug substitutions.

The drugs on the Aetna Pharmacy Plan and Specialty Drug List including formulary exclusions, preauthorization, quantity limit and step-therapy reviews are subject to change. The quantity limits and step-therapy drug coverage review programs are not available in all service areas. For example, step-therapy programs do not apply to fully insured members in Indiana. Step therapy does not apply to fully insured members in New Jersey. However, these programs are available to self-funded plans.

Aetna Pharmacy Management administers, but does not offer, insure or otherwise underwrite the prescription drug benefit portion of your health plan and has no financial responsibility therefor. Aetna Pharmacy Management refers to an internal business unit of Aetna Health Management, LLC.

This material is for information only. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Aetna does not provide care or guarantee access to health services. For more information you can refer to your plan's website.
