

FHCP's Premier Plan (HMO) and FHCP's Premier Plus Plan (HMO-POS)

2017 Formulary (List of Covered Drugs)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN

This formulary was updated on **October 24, 2017**. For more recent information or other questions, please contact FHCP's Member Services, at 1-877-615-4022 or, for TTY users, TRS Relay 711. Hours are 7 days a week, 8 am to 8 pm, or visit www.fhcp.com/medicare-2017-formulary-brevard.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to "we," "us", or "our," it means Florida Health Care Plans. When it refers to "plan" or "our plan," it means FHCP's Premier plan or FHCP's Premier Plus plan.

This document includes *a* list of the drugs (formulary) for our plan which is current as of **November 1, 2017**. For *an* updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1 of each year, and from time to time during the year. Florida Health Care Plans is an HMO plan with a Medicare Contract. Enrollment in Florida Health Care Plans depends on contract renewal.

What is the FHCP's Premier plan and FHCP's Premier Plus plan Formulary?

A formulary is a list of covered drugs selected by Florida Health Care Plans (FHCP) in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. FHCP will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at an FHCP network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Generally, if you are taking a drug on our 2017 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2017 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, [or] add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug. The enclosed formulary is current as of **November 1, 2017**. To get updated information about the drugs covered by Florida Health Care Plans, please contact us. Our contact information appears on the front and back cover pages. FHCP's formulary is periodically updated. For an up-to-date formulary please visit our website at www.fhcp.com.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page **7**. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "CARIOVASCULAR AGENTS". If you know what your drug is used for, look for the category name in the list that begins on page number **7**. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page **67**. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

FHCP covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** FHCP requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from FHCP before you fill your prescriptions. If you don't get approval, FHCP may not cover the drug.
- **Quantity Limits:** For certain drugs, FHCP limits the amount of the drug that FHCP will cover. For example, FHCP provides 31 per prescription for Valacyclovir 1gm tablets. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, FHCP requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, FHCP may not cover Drug B unless you try Drug A first. If Drug A does not work for you, FHCP will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page **7**. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on line documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask FHCP to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the FHCP's formulary?" on page **4** for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that FHCP does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by FHCP. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by FHCP.
- You can ask FHCP to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the FHCP's Premier plan and FHCP's Premier Plus plan Formulary?

You can ask FHCP to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, FHCP limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, FHCP will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tiering or utilization restriction exception. **When you request a formulary, tiering or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take.

While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 31-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 31-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with *up to a* 98-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

Patients discharged from an inpatient stay at a hospital may be eligible for a 7-day transition supply of non-formulary medications at a covered rate after hospital discharge. Patients must furnish prescription and hospital discharge paperwork to Florida Health Care Plans Pharmacy to be eligible for transition supply.

For more information

For more detailed information about your FHCP prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about FHCP, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

Florida Health Care Plan's Formulary

The formulary that begins on page **7** provides coverage information about the drugs covered by FHCP. If you have trouble finding your drug in the list, turn to the Index that begins on page **67**.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., NORVIR ORAL CAPSULE 100MGE) and generic drugs are listed in lower-case italics (e.g., *risperidone oral solution 1 mg/ml*).

The information in the Requirements/Limits column tells you if FHCP has any special requirements for coverage of your drug.

KEY FOR REQUIREMENTS/LIMITS COLUMN

B/D: This prescription drug has a Part B versus D administrative prior authorization requirement. This drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

MO: Mail Order Drug - This prescription drug is available through a mail-order service.

PA: Prior Authorization - This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Member Services at 1-877-615-4022, 7 days a week, 8 am – 8 pm. TTY users should call TRS Relay 711.

QL: Quantity Limit

ST: Step Therapy - This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Member Services at 1-877-615-4022, 7 days a week, 8 am – 8 pm. TTY users should call TRS Relay 711.

NE: Non-Extended Day Supply – This prescription is not available for an extended day supply

Drug Tier Column (Tier 1 & Tier 2) – For the FHCPS Premier Plus plan we provide additional coverage of this prescription drug in the coverage gap. Please refer to your Evidence of Coverage for more information about this coverage.

NOTE:

75% Usage Rule – Prescription refills will not be covered unless at least 75% of the previous prescription has been used by the member (based on the dosage schedule prescribed by the physician).

90% Usage Rule – Prescription refills for narcotics or controlled substances will not be covered unless at least 90% of the previous prescription has been used by the Member (based on the dosage schedule prescribed by the physician).

Discrimination is Against the Law

Florida Health Care Plans complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Florida Health Care Plans does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Florida Health Care Plans:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified Interpreters
 - Information written in other languages

If you need these services, contact Daria Siciliano, RN-BC, CCM.

If you believe that Florida Health Care Plans has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with:

Daria Siciliano, RN-BC, CCM,
Manager of Member Services,
1340 Ridgewood Avenue,
Holly Hill, FL 32117.
Phone: 1-844-219-6137,
TTY: TRS Relay 711,
Fax: 386-676-7149,
Email: rights@fhcp.com.

You can file grievance in person or by mail, fax, or email. If you need help filing a grievance, Daria Siciliano, RN-BC, CCM Manager of Member Services is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, D.C. 20201
1-800-368-1019, 800-537-7697 (TDD)

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.
