Q. What is a Drug List?

A. The Anthem Preferred Drug List, also called a formulary, has drugs on it that are approved by the U.S. Food and Drug Administration (FDA). This includes brand-name and generic drugs, reviewed and recommended for their quality and for how well they work. The review is done by the National Pharmacy and Therapeutics (P&T) Process. The P&T process involves an independent group of practicing doctors and pharmacists in charge of the research and decisions surrounding our drug list. This group meets regularly to review new and existing drugs. They choose the top drugs for our list — based on their safety, how they work and their value. Drugs on our list are reviewed from time to time. Sometimes this results in drugs being added or removed. So now and then, it's a good idea to check the status of any drugs you may be taking. You can see the list by going to anthem.com. Also, we will always try to notify you of any changes to the formulary that impact you.

Q. How do we determine the tier of a drug?

A. Medications on the Anthem Preferred Drug List are grouped into tiers. Drugs on the lowest tier have the lowest cost share, which is what you pay. Drugs on the highest tier cost you more. Several factors determine what tier a drug is placed in, including:

- Cost of the drug
- Cost of the drug compared to other drugs used for the same treatment
- Availability of over-the-counter options

Tier Definitions

Tier 1 drugs have the lowest cost share. These drugs offer the greatest value compared to others that treat the same conditions.

Tier 2 drugs have a medium cost share. They may be preferred drugs, based on their effectiveness and value. Some are newer, more expensive generic drugs. Tier 2 drugs have a higher cost share than Tier 1.

Tier 3 drugs have a higher cost share. They may cost more than others used to treat the same condition. Tier 3 may also include drugs that were recently approved by the FDA. Tier 3 drugs have a higher cost share than Tier 2.

Q. Is this list a complete listing of all covered drugs under the Anthem Preferred Drug List?

A. Yes, this is a complete listing of all covered drugs.
